

**2008 Long Range Facility Plan
Conroe Independent School District**

**CAMPUS IMPROVEMENTS -
ADMINISTRATIVE PRIORITIES**

Budget Estimate for:

GIESINGER ELEMENTARY

Feeder Zone:

Conroe

NO.	ADMIN. PRIORITY	DESCRIPTION
1		Replace carpet wainscot along corridors with glazed tile pavers
2		Replace VCT flooring at Room 71 (Pre-K) with carpet.
3		The library has two very large holes in the floor that, at one time, allowed for living trees. The tree option is no longer viable and we have asked to have the holes filled and carpeted over.
4		Need wall packs for exterior lighting throughout perimeter of building
5		Revise admin area configuration for security.
6		Replace indirect light fixtures in main corridors with 2x4 light fixtures for more lighting
7		Replace hanging light fixtures in classrooms with 2x4 light fixtures (approx: 40 rooms)
8		Replace chalkboards with marker/tack boards in all classrooms (approx: 40 rooms)
9		Replace plexiglass in window system (2'x2')
10		Enclosing the library would allow instructional time to be uninterrupted by the noise of students moving down tile hallways. A) Doors B) Doors & Walls
