

**2008 Long Range Facility Plan
Conroe Independent School District**

**CAMPUS IMPROVEMENTS -
ADMINISTRATIVE PRIORITIES**

Budget Estimate for:

**MOORHEAD JHS (formerly Grangerland
Intermediate)**

Feeder Zone:

Caney Creek

NO.	ADMIN. PRIORITY	DESCRIPTION
1		Replace admin area carpet
2		Replace VCT corridors with glazed tile pavers
3		Paint the hallways and classrooms.[Painting entire bldg was estimated]
4		Tile work needs to be done in the cafeteria, and tile needs to be extended into the hallways where they currently have linoleum.
5		There needs to be more cameras placed in every hallway. Every camera faces an outside door so every hallway is a potential safety concern, because of dead spots.
6		The rear of the building needs at least two more cameras mounted on the back of the school to monitor the sidewalk area next to the retention pond.
7		A safety door needs to be in the front of the building with an electric lock so the receptionist can buzz the visitor through after they have been cleared to be in the building.
8		Need 5' concrete walk along east side of building (approx: 300')
9		Sidewalk needs to be extended all the way around the bus ramp area.
10		More electrical outlets in the classrooms.
11		Change bathroom sink - raise
12		Bleachers at football - Must do
