## Report Highlights

- In 2020, CISD has 29 National Merit Semifinalists
- 2,718 seniors took the SAT and $\mathbf{1 , 1 8 3}$ seniors took the ACT. College Board participation continues to outpace ACT, but the number of CISD students accessing college entrance exams remains steady.
- In 2020, 4,525 students took 9,125 AP exams.
- The 2020 Advanced Placement mean score was $\mathbf{3 . 0 2}$ compared to the national mean score of 3.03.
- There were $\mathbf{1 , 6 5 5}$ students enrolled in one or more CISD dual credit courses with Lone Star CollegeMontgomery in the 2019-2020 school year. In summer 2020, CISD had 266 dual credit students enrolled through the CISD summer school program.
CISD administered over 1,156 TSI assessments for the Class of 2020. This decrease is a result in new dual credit eligibility options using PSAT scores.

## Targeted Areas for Improvement

- Increase African American and Hispanic student's participation in AP classes and taking AP exams.
- Maintain high levels of participation in academic and workforce development dual credit.
- Increase the number of students taking SAT, ACT, and TSI exams.

## Hard Work $\psi$ High Expectations $\psi$ Meaningful Relationships $\psi$ Developing a Sense of Future $\phi$ Creating Capacity $\phi$ Aligning our Beliefs

We believe hard work and setting high expectations has a significant role in the success of our CISD students. In our efforts to develop a sense of future for our students, we believe that every CISD student will be academically prepared to enter any post-secondary program with confidence and the ability to strive for success. By developing meaningful relationship among students and adults, CISD students are given a strong foundation for student achievement in post-secondary programs. Under the leadership of our Board of Trustees and Superintendent, we are working to create the capacity within our organization to improve. We are working to align our action plans and operational procedures to support our district and campus goals as well as what we believe.

We have acknowledged that continuous improvement is a requirement in servicing the students. We are committed to working hard to raise the level of academic rigor and success for all CISD students. This report attempts to capture the performance of high school programs as they relate to preparing students for college and post-high school programs.

## Description of College Entrance Exams

¢ PSAT
The PSAT (Preliminary SAT) is a test designed for high school juniors; in CISD all sophomores and juniors sit for the October exam, along with freshmen who self-select to test. Students take the test to: (1) Assess their college-readiness academic skills; (2) Prepare for the SAT; (3) Qualify for national scholarship considerations; and (4) Receive information from colleges through College Board College Search. For juniors, the PSAT becomes the qualifying exam for the National Merit Scholarship Program (NMSQT).

## National Merit Semifinalists

The National Merit Scholarship Program is an academic competition for recognition and scholarships that began in 1955. High school juniors enter the competition by taking the Preliminary SAT/National Merit Scholarship Qualifying Test.

Of the 1.6 million entrants among $11^{\text {th }}$ grade students nationwide, some 50,000 with the highest PSAT/NMSQT Selection Index Scores (calculated by doubling the sum of the Evidence based Reading and Writing Test Score and Math Test score) qualify for recognition in the National Merit Scholarship Program as either Commended students or Semifinalists.

In September, about 16,000 students, roughly 1\% of the entrants, or approximately one-third of the 50,000 high scorers are identified as National Merit Semifinalists. Semifinalists are designated on a state representational basis, meaning that the highest scores for each state are represented. To advance to the Finalist standing in February, Semifinalists must apply, take the SAT, and meet high academic standards.

| District Total | 27 | 24 | 40 | 38 | 29 |

## National Merit Semifinalists 2016-2020

The SAT is accepted by many colleges and universities as part of the admissions process. It is scored on a scale from 400-1600. SAT consists of two sections: Math and Evidence-Based Reading and Writing. Each section receives a score on the scale of 200-800. The total score is the sum of both sections. SAT offers an optional Essay section that is required by some universities for admissions.

## SAT Subject Tests

SAT Subject Tests measure the students’ knowledge of concentrated academic subjects. Students may take up to three tests on a given test date There are 20 SAT Subject Tests in five general subject areas: English, history, languages, mathematics and science. These tests can be required or strongly recommended by highly selective colleges for academic placement and holistic admissions.

## ACT

The ACT is a curriculum-based examination that is accepted by most U.S. colleges and universities for admission. The ACT consists of four sections: English, Reading, Mathematics, and Science. Each section is scored on the scale of 1-36, with a mean composite score in the same range. In addition to the required composite score, some colleges will use the individual subject scores for academic placement. An optional Essay section is also available on the ACT.

## 申 $\mathbf{A P}$

The Advanced Placement exams are administered each year in May and represent the culmination of collegelevel work attained in a given course in a high school setting. AP exams test students' ability to perform at a college level. The AP Program offers more than 30 courses across a wide variety of subject areas. The exams are scored on 1-5 scale, and students who score a 3 or above are given credit at Texas public universities. Some students are able to begin college with sophomore standing. During the 2017-2018 school year, the Texas Education Agency provided a test fee subsidy in the amount of $\$ 30$ for each AP exam taken by students who qualify for the free and reduced lunch program significantly bringing the cost of the exam down. To support participation on exams all of our high school campuses subsidized the exam cost to some extent as well.

## ${ }_{\phi}$ Texas Success Initiative (TSI)

The Texas Success Initiative (TSI) is a state legislated program designed to improve student success by requiring all students attending public institutions of higher education to complete assessments in reading, writing and mathematics before enrolling in classes. Students scoring below placement standards are required to enroll in developmental courses which do not apply towards a degree or certificate. TSI exempt status is obtained if a student acquires a qualifying score on the PSAT, SAT or ACT exams.

## Recognizing Achievement

Each September, the College Board recognizes the many high school students who have distinguished themselves academically by announcing AP award recipients. There are several types of awards granted for various levels of achievement. Although there is no monetary award in addition to receiving the award certificate, this achievement is acknowledged on any score report that is sent to colleges the following fall.

## AP Scholar Awards

The Foundation High School Program with Endorsements in the default graduation plan for CISD students. The first class to graduate under this program was the class of 2018. The program is designed to better prepare graduates for post high school options and give them more flexibility in scheduling classes. The plan includes 4 credits in each of the core subjects, 2 credits in Foreign Language, 1 credit in PE and 1 credit in Fine Arts, plus $1 / 2$ credit of health. The remaining $51 / 2$ credits will combine to complete an endorsement.

Endorsements may be chosen in the following areas:

- STEM
- Business and Industry
- Public Service
- Arts and Humanities
- Multidisciplinary Studies

To be eligible for automatic admission to a Texas Public 4 -year College students must:

- Complete the Foundation High School Program
- Complete at least one Endorsement
- Complete Algebra II
- Earn the Distinguished Level of Achievement

2017-2020 CISD SAT Mean Scores Demographic Summary
This demographic report includes data regarding CISD graduate SAT scores by ethnicity from 2017-2020.
This data has been monitored by following the participation and performance of our students.
However, it should be noted that students self-report this data. Therefore, it has limited application.

## TWHS

## CISD Advanced Placement Report

## Secondary Curriculum and Instruction Equity Belief Statement

Conroe ISD encourages teachers, counselors, and principals to make equitable access a guiding principle for their advanced academic programs. Conroe ISD is committed to the principle that all students deserve an opportunity to participate in rigorous and academically challenging courses and programs. All students who are willing to accept the challenge of a rigorous academic curriculum should be considered for admission into PreAP and AP courses. Conroe ISD encourages the elimination of barriers that restrict access to these programs for students from ethnic, racial, and socioeconomic groups that have been traditionally underrepresented in the advanced programs. Schools should put forth a concerted effort to ensure that AP and Pre-AP classes reflect the diversity of the campus population.

The College Board Report to the Nation now offers a different approach to the measurement of AP success. In order to encourage the largest percentage of students to participate in AP, school results are now reported by the percentage of students in a total population who had at least one AP experience resulting in an exam score of 3 or higher. There are three objectives for success. 1) Increase Access. Recent research shows that participation in high-quality curricula, measured by an external assessment such as the AP exam, significantly boosts the likelihood of traditionally underserved students’ future success in college. 2) Improve Awareness. Students who score a 3 or higher on AP exams typically experience greater academic success in college and have higher graduation rates than otherwise comparable non-AP peers. 3) Strengthen Academics. Research shows that students who took AP math or science exams were more likely than non-AP students to earn degrees in particular physical science, engineering and life science disciplines.

In the 2016 Education Pays report, research supports the life-long benefits for students with access to higher education. There is not only a positive correlation between education and earnings but also the positive impact on the community. Although more students are graduating from high school, the income gap between a student with high school diploma and a one with a bachelor's degree has increased significantly.
The benefits of higher education include:

- Higher earnings and better likelihood of employment
- Better health care
- Less reliance on social safety-net programs
- Healthier lifestyles
- Higher levels of civic participation
- Better preparation of children for school

## College Board AP Audit

The AP Course Audit was created at the request of secondary school and college and university members of the College Board who sought a means to provide teachers and administrators with clear guidelines on the curricular and resource requirements for AP courses. The AP Course Audit also helps colleges and universities better interpret secondary school courses marked "AP" on students' transcripts. To receive authorization from the College Board to label a course "AP," schools must demonstrate how their courses meet or exceed these requirements. All Conroe ISD AP teachers submit an audit and syllabus for their course. Schools and their approved courses are available to the public. Colleges and universities are sent a ledger listing all schools offering authorized AP courses as well as the names of all courses authorized at each school.

## The Advanced Placement Program (34 College-level Courses and Exams)

## English

- English Language and Composition, English Literature and Composition

## History and Social Sciences

- Economics (2), European History, Government and Politics (2), Human Geography, U.S. History, World History, Psychology
Arts
- Art History, Music Theory, Studio Art (3)

## World Languages and Cultures

- French, German, Italian, Latin, Spanish Language and Culture, Spanish Literature Chinese, Japanese

## STEM

- Calculus (2), Computer Science, Computer Science Principles, Statistics
- Biology, Chemistry, Environmental Science, Physics (4)

## AP Capstone

- AP Seminar and AP Research

## The Advanced Placement program in Conroe ISD

Access to rigorous courses and preparation for higher education is the foundation to the Advanced Placement program in Conroe ISD.

4,525 CISD students took 9,125 AP Exams in 2020. 64\% of Conroe ISD students scored 3 or higher on subject tests in 2020. The mean grade for CISD students is 3.02. In CISD the most popular tests, in order, are Human Geography, a freshman course (19\%), World History, a sophomore course, (18\%), US Government (14\%), English Language and Composition (12\%) and Psychology (11\%). Social Studies subjects comprised $44 \%$ of all exams administered in 2020, while English was $11 \%$, Science 19\%, Math and Computer Science 16\%, Foreign Language 5\%, and Art and Music 5\%.

## AP Access and Equity

This information enables a school to see what percentage of students enrolled in grades 10,11 , and 12 scored 3 or higher on at least one AP Exam this year, a good indicator of both the equity and excellence of a school's AP program.
The graduating Class Summary shows what percentage of a school's twelfth graders scored a 3 or higher at any point in their high school years.

## Caney Creek High School

Conroe High School

Oak Ridge High School

The Woodlands High School

College Park High School

## CISD AP Scholars

## Recognizing Achievement

Each September, the College Board recognizes the many high school students who have distinguished themselves academically by announcing AP award recipients. There are several types of awards granted for various levels of achievement. Although there is no monetary award in addition to receiving an award certificate, this achievement is acknowledged on any score report that is sent to colleges the following fall.

AP Scholar $=$ Granted to students who receive grades of 3 or higher on three or more AP Exams.
AP Scholar with Honor = Granted to students who receive an average grade of at least 3.25 on all AP Exams taken, and grades of 3 or higher on four or more of these exams.
AP Scholar with Distinction = Granted to students who receive an average grade of at least 3.5 on all AP Exams taken, and grades of 3 or higher on five or more of these exams.

National AP Scholar = Granted to students in the United States who receive an average grade of at least 4 on all AP Exams taken, and grades of 4 or higher on eight or more of these exams.
State AP Scholar = Granted to the one male and one female student in each U.S. state and the District of Columbia with scores of 3 or higher on the greatest number of AP Exams, and then the highest average score (at least 3.5) on all AP Exams taken

## AP Prep Conference

To assist CISD AP students on their AP exams, CISD offers an AP Prep Conference every April. The conference has been offered each year at a different CISD high school and offers students the opportunity to attend up to four sessions of their choice where they learn tips and content for the tests from Master CISD AP teachers. Students attending the AP Prep Conference receive an AP t-shirt in recognition of their achievement in AP. In 2008, 445 students attended the prep conference. That number grew to 479 in 2009 and almost doubled in 2010 to 808 , and had 900 students in 2011, in 2012 over 1000 students, and 2013 exceeded the previous year with over 1300 students. 2014 hosted a successful 1100 students, 2015 exceeded the previous
year with a total of 1207 students, 2016 registered well over 1250, April 2017 the conference topped over 1300 students as did 2018. This past year, 2019, there were 1200 students. Due to Covid-19 school closures, the 2020 AP Prep Conference was canceled.

## 2020 Current CISD Campus Dual Credit Enrollment by Course

The Conroe Independent School District has an ongoing relationship with Lone Star College Montgomery in offering dual credit and Work Force courses. These are classes taught for both high school and college credit at the same time. Instructors must be adjunct faculty members of the college. Here is a summary of the courses currently taught at our CISD high schools. All credits earned in dual credit classes are transferable to any state university. LSC tuition is waived for dual credit courses. CISD students pay $\$ 72.00$ per course in administrative fees. Traditional cost is approximately $\$ 210.00$ per course for non-dual credit students.

Caney Creek, Conroe and Oak Ridge High Schools offer an Accelerated College Program as an opportunity for students to earn an Associate of Arts of Science degree. Oak Ridge High School is in the tenth year of their Accelerated College Program. Currently, Caney Creek and Conroe High Accelerated College are in their fourth year in the Accelerated College Program. In 2017-2018, one student from Caney Creek and two students from Conroe High, and four students from Oak Ridge High School earned their Associates Degree with the CISD diploma.

## 2019 CTE Certifications Earned

The Conroe ISD Career \& Technical Education Program is pleased to announce the Annual Career Expo scheduled for Thursday, October 24, 2019 at the Lone Star Convention Center. This event provides our students and their families the opportunity to meet with business and industry representatives from Montgomery County. The goal of the Career Expo is to connect our students with Montgomery County career information and workforce opportunities that will enhance their successful transition into the workforce after graduation.

| Industry Based Certifications | Earned |
| :--- | :---: |
| AutoCAD Certified User | 7 |
| Autodesk Certified Professional or User Revit Architecture | 6 |
| Autodesk Inventor Certified User | 1 |
| AWS - D1.1 Certification | 71 |
| Certified Clinical Medical Assistant | 2 |
| Certified SolidWorks Associate (CSWA) | 3 |
| Certified Veterinary Assistant | 42 |
| CPR | 18 |
| Entrepreneurship/Small Business | 7 |
| Floral Design Certification (Texas State Florists' Association) Level One | 16 |
| Google Cloud Certified Professional G-Suite | 4 |
| Microsoft Office Specialist (MOS) - Access | 61 |
| Microsoft Office Specialist (MOS) - Excel | 1 |
| Microsoft Office Specialist (MOS) - Master | 28 |
| Microsoft Office Specialist (MOS) - Outlook | 273 |
| Microsoft Office Specialist (MOS) - PowerPoint | 2 |
| Microsoft Office Specialist (MOS) - Word | 6 |
| Microsoft Technology Associate (MTA) - Networking Fundamentals | 6 |
| Microsoft Office Expert - Excel |  |
| Microsoft Office Expert - Word | 24 |
| NCCER - Core Curriculum | 103 |
| OSHA 10 |  |
| ServSafe Food Handlers | 123 |
| Total Certifications | 796 |

## 2020 CISD Graduate College Enrollment and Performance Report

What are the post-secondary and workforce plans for our 2020 graduates? According to the class of 2020 Exit Survey, $80 \%$ of our graduates will enter a two or four-year College or university. Less than $3 \%$ of our graduates reported attending vocational or technical schools or enlisting in the military. 3\% of CISD graduates reported working full-time or part-time.

## 4 Year Universities

## CISD Class of 2019 Graduate Performance as Freshmen

How well are our CISD performing in college? The student performance is reported by each individual institution and may be different from the enrollment due to transfers throughout the academic year.
