Comprehensive Needs Assessment

Student Achievement

Student Achievement Summary

DAEP, JDC, and JJAEP students remain on campus for a short period of time during the school year. Students' standardized scores for DAEP, JDC, and JJAEP are not rated by the state. Regardless of a student's At-Risk status, socio-economic status, or reason for being at DAEP, JDC, and JJAEP, each staff member's goal is for all students to demonstrate sustained growth in student academic, and behavioral areas. The Discipline Alternative's Programs (DAEP, JDC, and JJAEP) are used as district wide programs, which provide academic services to students across the entire district. The programs do not receive any state assessment scores in any academic area. The best approach is for the Discipline Alternative Programs to use the overall District State Assessment scores to develop their plan of accountability in the development of the Campus Improvement Plan.

Student Achievement Strengths

Conroe ISD has a graduation rate of 98.4% compared to 90.0% at the state level.

The dropout rate is lower in Conroe than compared to the state with 0.5% dropout rate at the district level compared to 2.4% at the state level.

In each content area, the district's STAAR scores outperform the state at the approaches, meets, and masters grade level standards.

The district College, Career, and Military Readiness rates in Conroe 65%. The states CCMR rate of 65%

Our percentage of College Ready graduates exceeds the state average . This includes meeting the criteria for TSI, Dual Credit, and AP courses at a higher rate than the state average.

In 5th grade science, the percentage of students scoring at or above the meets grade level standard has increased, as well as performing higher than the state average.

All high end-of-course assessments, English I and II, Algebra, Biology, and US History out perform the state at the approaches, meets, and masters, grade level standards with steady scores or gains in each area.

All race and ethnicity groups out perform the state STAAR scores by 9 to 12 percentage points when looking across all tests and all grade levels.

Conroe ISD outperforms the state in school progress by 73 to 69 when looking across mathematics and ELA/Reading exams at all grade levels. English II EOC saw the largest gain from 2018 to 2019 with an increase in progress from 57 to 65.

The attendance rate in Conroe ISD exceeds the state average comparing 98.3% to 99.0%. All race and ethnicity groups, as well as, all special population groups, also exceed the state average for their group.

Problem Statements Identifying Student Achievement Needs

Problem Statement 1 (Prioritized): The number of students reading below grade level (approaches or below), specifically those identified as Economically Disadvantaged and as English Learners. **Root Cause:** Students served in bilingual and ESL programs need to be exposed to more academic language and demonstrate their language proficiency in an DAEP/JDC/JJAEP

academic setting.

Problem Statement 2 (Prioritized): The learning gaps in mathematics for 7th through Algebra for all students, especially for Economically Disadvantaged and Special Education.
Root Cause: The lack of focus on promoting reasoning and problem solving in teaching Pre-Algebra and Algebra 1.

Problem Statement 3 (Prioritized): The number of students performing below expected progress in the area of Writing (approaches or below), specifically those identified as Economically Disadvantaged and as English Learners. **Root Cause:** High yield academic strategies that have been proven to increase student achievement have not been implemented across classrooms with fidelity.

Problem Statement 4 (Prioritized): An insufficient percentage of Emergent Bilinguals (EBs) served in a Bilingual or English as a Second Language (ESL) program did not grow one language proficiency level in English as measured by the TELPAS assessment which has resulted in the district not meeting this indicator in Domain III of the 2022 Accountability Report. **Root Cause:** Lack of appropriate instructional strategies to ensure that students served in Bilingual and ESL programs have access to relevant academic language and opportunities to assess their language proficiency.

Problem Statement 5 (Prioritized): CCMR targeted student groups (Hispanic, Economically Disadvantaged, African American, American Indian, EL Current and Monitored, and Special Education Current) performed below the state passing rate on the Texas Academic Performance Report for the 2022-2023 school year. **Root Cause:** Teachers are unable to fill academic gaps in reading, writing, and math while covering the required curriculum within the limited time prior to the STAAR test. Often cohort students are unable to complete a four year CCMR pathway.

Culture and Climate

Culture and Climate Summary

All three programs, DAEP, JJAEP and JDC, will recognize and appreciate cultural differences as part of the whole child approach, which ensures that each student is healthy, safe, engaged, supported, and challenged. All students and personnel are valued members of our unique family, each playing a significant role in our success. All three programs, will encourage staff and students to embrace that which makes us different. By supporting an environment that facilitates and encourages safe and open dialogue on diversity and by empowering our students to embrace their diversity, we are striving to ensure that our students will be sincerely open and equipped to work and live in a diverse world.

All three programs will commit to the social, emotional, behavioral, and academic success of all students. In all three programs, students are taught to successfully manage their emotions, behaviors, and make responsible decisions.

In our efforts to improve not only the social and emotional well being, we are committed to the health and wellness of all students. In accordance with the guidelines and recommendations from the Texas Education Agency (TEA), all three programs, will be proactive in keeping campuses, staff, and students safe, as well as, taking a positive proactive instructional approach to behavior in utilizing PBIS Foundations training.

Culture and Climate Strengths

All three programs, DAEP, JJAEP and JDC, will hire campus personnel to reflect the cultural and diverse student body.

“All Means All” in Conroe ISD, especially in all three programs. Every students’ academic, social and emotional needs are a priority.

All three programs will utilize all available resources, including Colleges, Universities, Regional Service Centers, education-related professional organizations, job fairs, and Alternative Certification Programs, to recruit quality, diverse applicant pools, particularly in identified shortage areas.

All three programs will strive to ensure a safe and orderly environment conducive to learning for all students and staff.

In DAEP, JJAEP and JDC, students will develop a healthy sense of self and social awareness, embrace diversity with empathy and respect for others, successfully manage their emotions, behaviors, and make responsible decisions.

In all three programs, social emotional learning functions as an integral part of the total school environment.

All three programs will continues to promote Safe Schools through Safe Schools trainings to keep our schools, students, and staff safe.

All three programs will engage students, families, and our community as authentic partners in social and emotional development.

Problem Statements Identifying Culture and Climate Needs

Problem Statement 1 (Prioritized): There is a need to actively support the emotional well-being and mental health of all students, **Root Cause:** Teachers have not learned how to be aware that some students come to school with learned behaviors and other triggers. Teachers have not learned how to develop de-escalation strategies for our students. Teachers lack the ability to identify high-need students.

Problem Statement 2: There is a need to improve teacher capacity and the quality of PBIS and foundational behavior management strategies to successfully address the needs of a changing student population. **Root Cause:** Teachers have not learned how to be aware that some students come to school with learned behaviors and other triggers. Teachers have not learned how to develop de-escalation strategies for our students. Teachers lack the ability to identify high-need students.

Problem Statement 3: There is a need to actively recruit high quality teachers to be more reflective of our student population. **Root Cause:** The number of teacher applicants is fewer, especially, the number of highly qualified teachers, since Covid.

Problem Statement 4: OHI has areas that have decreased over the past few years at JJAEP and DAEP, while maintaining a high result at JDC. **Root Cause:** The OHI does not reflect building principal, but the edicts passed down from central administration.

Problem Statement 5: Teachers do not know how to address complex behaviors exhibited by students. There is a lack of awareness of student characteristics to actively support the emotional well-being of all students. **Root Cause:** Because the students spend a limited time in the program, teachers lack the time to build strong relationships with students. The two county programs have implemented policies and procedures that create a deterrent between faculty and students building a true relationship.

Parent and Community Engagement

Parent and Community Engagement Summary

Parents and communities are essential components to a child's successful educational experience. All three programs are committed to strengthening the partnership between the three programs and home. Parents are encouraged to be an active participant in the education of their child.

Families are encouraged to keep in close two-way communication with all three programs. Some examples include, reviewing a child's schoolwork coming home and reading newsletters and notices from all three programs. Parents are encouraged to contact the teacher of the program their child has been assigned to when questions arise.

All three programs thrive due to partnerships created with families and the community. All three programs will continue to explore opportunities to better meet the needs of students through gaining these key partners by providing opportunities for input, shared decision making, and active engagement.

Parent and Community Engagement Strengths

Increase in Parent and Community Engagement in all three programs.

Increase in dynamic communication including surveys, parent committees, and School-Parent-Community Partnerships.

All three programs will expand communication to include a variety of forums such as live video feeds, recorded videos, X (Twitter), Facebook, email, texts, school newsletters, marquees, and phone messages.

Community resource systems have embraced all three programs to address identified needs of students.

All three programs will provide emergency communications to families in English and Spanish.

Problem Statements Identifying Parent and Community Engagement Needs

Problem Statement 1 (Prioritized): There is a need to engage parents in training over technological and digital resources to support student learning. **Root Cause:** The majority of the campuses do not require uniform templates for Canvas, so parents struggle to navigate all of the teachers' Canvas assignments for their students.

Problem Statement 2: There is a need to provide training for parents who are seeking solutions to reduce stress and anxiety in their children and find ways to promote a positive and healthy environment. **Root Cause:** The lack of communication between the campus and student's home creates a lack of cooperation between the campus and parents. This lack of involvement creates the lack of the student engagement in all areas at the campus.

Problem Statement 3: Parent engagement is not as high as we would like it to be. **Root Cause:** Lack of training for staff to appropriately engage parents from diverse backgrounds.

Priority Problem Statements

Problem Statement 1: There is a need to actively support the emotional well-being and mental health of all students,

Root Cause 1:

Teachers have not learned how to be aware that some students come to school with learned behaviors and other triggers. Teachers have not learned how to develop de-escalation strategies for our students. Teachers lack the ability to identify high-need students.

Problem Statement 1 Areas: Culture and Climate

Problem Statement 2: There is a need to engage parents in training over technological and digital resources to support student learning.

Root Cause 2: The majority of the campuses do not require uniform templates for Canvas, so parents struggle to navigate all of the teachers' Canvas assignments for their students.

Problem Statement 2 Areas: Parent and Community Engagement

Problem Statement 3: The number of students reading below grade level (approaches or below), specifically those identified as Economically Disadvantaged and as English Learners.

Root Cause 3: Students served in bilingual and ESL programs need to be exposed to more academic language and demonstrate their language proficiency in an academic setting.

Problem Statement 3 Areas: Student Achievement

Problem Statement 4: The learning gaps in mathematics for 7th through Algebra for all students, especially for Economically Disadvantaged and Special Education.

Root Cause 4: The lack of focus on promoting reasoning and problem solving in teaching Pre-Algebra and Algebra 1.

Problem Statement 4 Areas: Student Achievement

Problem Statement 5: The number of students performing below expected progress in the area of Writing (approaches or below), specifically those identified as Economically Disadvantaged and as English Learners.

Root Cause 5: High yield academic strategies that have been proven to increase student achievement have not been implemented across classrooms with fidelity.

Problem Statement 5 Areas: Student Achievement

Problem Statement 6: An insufficient percentage of Emergent Bilinguals (EBs) served in a Bilingual or English as a Second Language (ESL) program did not grow one language proficiency level in English as measured by the TELPAS assessment which has resulted in the district not meeting this indicator in Domain III of the 2022 Accountability Report.

Root Cause 6: Lack of appropriate instructional strategies to ensure that students served in Bilingual and ESL programs have access to relevant academic language and opportunities to assess their language proficiency.

Problem Statement 6 Areas: Student Achievement

Problem Statement 7: CCMR targeted student groups (Hispanic, Economically Disadvantaged, African American, American Indian, EL Current and Monitored, and Special Education Current) performed below the state passing rate on the Texas Academic Performance Report for the 2022-2023 school year.

Root Cause 7: Teachers are unable to fill academic gaps in reading, writing, and math while covering the required curriculum within the limited time prior to the STAAR test. Often cohort students are unable to complete a four year CCMR pathway.

Problem Statement 7 Areas: Student Achievement

Performance Objective 1 Problem Statements:

Student Achievement
<p>Problem Statement 2: The learning gaps in mathematics for 7th through Algebra for all students, especially for Economically Disadvantaged and Special Education. Root Cause: The lack of focus on promoting reasoning and problem solving in teaching Pre-Algebra and Algebra 1.</p>
<p>Problem Statement 3: The number of students performing below expected progress in the area of Writing (approaches or below), specifically those identified as Economically Disadvantaged and as English Learners. Root Cause: High yield academic strategies that have been proven to increase student achievement have not been implemented across classrooms with fidelity.</p>
Culture and Climate
<p>Problem Statement 1: There is a need to actively support the emotional well-being and mental health of all students, Root Cause: Teachers have not learned how to be aware that some students come to school with learned behaviors and other triggers. Teachers have not learned how to develop de-escalation strategies for our students. Teachers lack the ability to identify high-need students.</p>

Goal 4: Safe and Collaborative School Culture

CISD will strive to cultivate a safe, positive, and collaborative school culture, conducive to learning, by creating and implementing specific behavioral expectations and management systems, developing responsive student support teams that focus on the needs of every student, and enhancing two-way communication and building partnerships with parents and the community in accordance with the education standards outlined by the State and the values of our community.

Performance Objective 1: To ensure that all stakeholders receive effective internal and external communication.

Strategy 1 Details	Formative Reviews		
<p>Strategy 1: Provide communications regarding District initiatives, programs, meetings, activities, operations, and leadership within all three programs through a variety of media. This includes the CISD website, newsletters, email announcements, campus/District meetings, and social media.</p> <p>Strategy's Expected Result/Impact: More effective communication with our community.</p> <p>Staff Responsible for Monitoring: Principal</p> <p>ESF Levers: Lever 3: Positive School Culture</p> <p>Problem Statements: Culture and Climate 1</p> <p>Funding Sources: Instructional Materials and Software - Title I D - \$10,000</p>	Formative

Performance Objective 3 Problem Statements:

Parent and Community Engagement
<p>Problem Statement 1: There is a need to engage parents in training over technological and digital resources to support student learning. Root Cause: The majority of the campuses do not require uniform templates for Canvas, so parents struggle to navigate all of the teachers' Canvas assignments for their students.</p>

Goal 5: Effective Instruction

CISD will deliver meaningful instruction through objective-driven lessons and rigorous learning experiences using appropriate technology and instructional resources, and CISD will analyze data from ongoing formative assessments to foster the development of critical-thinking skills for all learners.

Performance Objective 1: To ensure that all students and staff utilize technology to maximize learning for all students and to enhance the educational practices of teachers.

Strategy 1 Details	Formative Reviews		
<p>Strategy 1: Give students opportunities for utilizing technology across the curriculum areas by moving campuses to 1:1 device ratio while providing students meaningful opportunities to increase their learning.</p> <p>Strategy's Expected Result/Impact: Student will increase their content knowledge with the use of technology within each of their core subjects.</p> <p>Staff Responsible for Monitoring: Principal and Staff</p> <p>ESF Levers: Lever 5: Effective Instruction</p> <p>Problem Statements: Parent and Community Engagement 1</p> <p>Funding Sources: Student Hardware, Software Programs and Instructional Materials - Title I D - \$20,602</p>	Formative
