Comprehensive Needs Assessment Data Documentation	15
Goals	17
Goal 1: Student Achievement and Post-Secondary Success CISD will prepare all students for graduation and post-secondary success by providing access to a high-quality curriculum that is TEKS-aligned, relevant, and delivered consistently using resources that engage students and challenge them in their learning at appropriate levels.	17
Goal 2: School Leadership and Fiscal Responsibility CISD will foster the development of successful and dynamic leaders who effectively and efficiently manage their teams and fiscal resources.	29
Goal 3: Recruitment, Development, and Retention of Staff CISD will recruit, develop, and retain a highly-qualified staff to ensure effective instruction for all students.	32
Goal 4: Safe and Collaborative School Culture CISD will strive to cultivate a safe, positive, and collaborative school culture, conducive to learning, by creating and implementing specific behavioral expectations and management systems, developing responsive student support teams that focus on the needs of every student, and enhancing two-way communication and building partnerships with parents and the community in accordance with the education standards outlined by the State and the values of our community.	34
Goal 5: Effective Instruction CISD will deliver meaningful instruction through objective-driven lessons and rigorous learning experiences using appropriate technology and instructional resources, and CISD will analyze data from ongoing formative assessments to foster the development of critical-thinking skills for all learners.	40

Comprehensive Needs Assessment

Student Achievement

Student Achievement Summary

- The Woodlands High School is projected to receive a 2023 Overall Texas Accountability Rating of A.
- The Woodlands High School saw a significant move from the low 1,000s last year to breaking into the top 1,000 schools this year, according to US News and World Report. This year's ranking has us at 945 (an approx. 70-place improvement over last year), and because we are now in the top 1,000, we qualify to be ranked in the top 1,000 schools' Best STEM School category. This ranking is based on participation and success in Advanced Placement Science and Math Exams. We are pleased to see that we are ranked number 214 out of the top 1,000 schools in the country regarding STEM education. Most top schools are selective admissions specialty academies, Charter schools, or Early College schools, all of which are competitive admissions. Being in this group is a great accomplishment for a comprehensive high school with no specialty academy.
- The Woodlands High School has been named to the 2023 AP School Honor Roll. TWHS is a SILVER member of the Honor Roll. The 2023 AP School Honor Roll also recognizes TWHS as allowing all students to participate in AP, including students of underrepresented populations.
- For the 2022-2023 school year, The Woodlands High School is projected to meet all three target areas:
 - Domain 1: Student Achievement: 92
 - Domain 2: School Progress: 87
 - Domain 3: Closing Performance Gaps: 96

The Woodlands High School STAAR Testing Profile for 2022-2023 :

STAAR EOC scores are based on student enrollment of 4,314 students, with 12.3% Economically Disadvantaged, 6.8% Emerging Bilinguals, and 5.4% Special Education.

STAAR EOC for First-Time Test Takers

STAAR EOC Test	Approaches	Meets	Masters
English 1	96	89	40
English 2	95	87	22
Algebra 1	95	71	37
Biology	99	92	61
US History	99	94	77

*The highlighted areas represent an increase in STAAR EOC scores when compared to the 2021-2022 STAAR EOC scores.

STAAR EOC for Economically Disadvantaged

STAAR EOC Test	Approaches	Meets	Masters
English 1	87	70	20
English 2	86	69	9
Algebra 1	89	53	24
Biology	94	79	37
US History	98	84	58

* The highlighted areas represent an increase in STAAR EOC scores compared to the 2021-2022 STAAR EOC scores.

STAAR EOC for Emerging Bilinguals

STAAR EOC Test	Approaches	Meets	Masters
English 1	90	67	8
English 2	66	38	2
Algebra 1	91	68	33
Biology	97	79	33
US History	95	72	29

* The highlighted areas represent an increase in STAAR EOC scores compared to the 2021-2022 STAAR EOC scores.

STAAR EOC for Special Education

STAAR EOC Test	Approaches	Meets	Masters
English 1	59	38	2
English 2	59	39	0
Algebra 1	84	24	6
Biology	88	45	9
US History	92	56	37

* The highlighted areas represent an increase in STAAR EOC scores compared to the 2021-2022 STAAR EOC scores.

While the campus had strong STAAR EOC scores compared to the district averages, the campus still has some gaps within the high-focus student subgroups (Economically Disadvantaged, Emerging Bilinguals, and Special Education). These areas must be targeted for more personalized learning to reach the 2023-2024 school year targets.

The Woodlands High School Testing Profile for 2022-2023 AP Exams:

In Spring 2020, TWHS had 1,418 students participating in 2,992 exams, with 85% of students with an AP Score of 3 or higher.

In Spring 2021, TWHS had 1,254 students participating in 2,528 exams, with 83% of students with an AP Score of 3 or higher.

In Spring 2022, TWHS had 1,406 students participating in 2,883 exams, with 85% of students with an AP Score of 3 or higher.

In Spring 2023, TWHS had 1,593 students participating in 3,226 exams, with 84% of students with an AP Score of 3 or higher.

The Woodlands High School SAT Testing Profile for 2022-2023:

	ERW	Math	Total
TWHS	92%	79%	78%
Texas	56%	33%	32%
Nation	62%	41%	39%

TWHS National Merit Recognition for the Class of 2023:

Semi-Finalists: 8

Commended Scholars: 43

National Hispanic Scholars: 132

National African American Scholars: 13

National Indigenous Scholars: 2

TWHS CCMR Student Data:

Total Graduates for 2021: 1,104

Total Graduates for 2022: 1,056

Total Graduates for 2023: 1,072

Total credit for CCMR Criteria for 2021: 84%

Total credit for CCMR Criteria for 2022: 79%

Total credit for CCMR Criteria for 2023: 86%

TSI Criteria met for ELA and Mathematics for 2021: 75%

TSI Criteria met for ELA and Mathematics for 2022: 67%

TSI Criteria met for ELA and Mathematics for 2023: 73%

Earned credit for at least 3 hours in ELA or Mathematics or 9 hours in any subject for 2021: 41%

Earned credit for at least 3 hours in ELA or Mathematics or 9 hours in any subject for 2022: 35%

Earned credit for at least 3 hours in ELA or Mathematics or 9 hours in any subject for 2023: 37%

Earned an Industry-based certification in 2021: 15%

Earned an Industry-based certification in 2022: 17%

Earned an Industry-based certification in 2023: 28%

Student Achievement Strengths

STAAR EOC

- All STAAR EOC areas (Approaches, Meets, and Masters) increased for Algebra I, Biology, and English I.
- 46% of all students scored at the Masters Grade Level.
- Our students in Special Education had increases in Approaches for each EOC exam, as well as increases in Meets for English I and increases in Meets and Masters for US History.

- **STAAR EOC for Special Education:**

	Approaches		Meets		Masters	
	2022	2023	2022	2023	2022	2023
English 1	50	59	31	38	4	2
English 2	53	59	43	39	4	0
Algebra 1	69	84	27	24	13	6
Biology	73	88	51	45	16	9

	Approaches		Meets		Masters	
US History	84	92	52	56	32	37

* The highlighted areas represent an increase in STAAR EOC scores compared to the 2021-2022 STAAR EOC scores.

- Masters grade level scores increased in three out of five subjects.
 - **TWHS STAAR EOC Masters Grade Level Criteria:**

In 2023, the percentage of students scoring at the Master Grade Level was 37% Algebra 1, 61% Biology, 40% English I, 22% English II, and 77% US History.

In 2022, the percentage of students scoring at the Master Grade Level was 36% Algebra 1, 57% Biology, 32% English I, 23% English II, and 85% US History.

In 2021, the percentage of students scoring at the Master Grade Level was 25% Algebra I, 65% Biology, 42% English I, 33% English II, and 82% US History.

AP Exams:

- The Woodlands had 61% of seniors taking at least one AP exam during high school, 53% scoring a three or higher on at least one AP exam, and 22% taking five or more AP exams.

SAT Scores:

- The Woodlands scored well above the state average and the national average on ERW, Math, and total SAT score percentages.
 - 56% above the Texas average
 - 49% above the National average

College, career, and military readiness for 2022-2023:

- Met TSI criteria in both ELA/Reading and Mathematics increased from 67.4% to 73% from 2020-2021 to 2022-2023
- Earned an Industry-based certification in 2022 was 17%, and in 2023, it went up to 28%
- Total credit for CCMR Criteria for 2023: 86%

Problem Statements Identifying Student Achievement Needs

Problem Statement 1 (Prioritized): The overall percentage of students meeting TSI criteria in ELA/Reading and Mathematics at The Woodlands High School Cohort 2023 is still 2% below 2021 cohort. **Root Cause:** Due to the Covid pandemic, colleges continue to waive testing, resulting in students opting not to take the TSI. Participation in the college entrance exams is still reduced. Gaps in student learning produced by virtual instruction impacted student performance on these assessments. Finally, students are having trouble recalling information from previous years in middle school and junior high.

Problem Statement 2 (Prioritized): Emergent Bilingual students are performing well below the performance level for all students on STAAR EOC assessments. **Root Cause:** Teachers were not giving formative assessments. Quality Language Learner supports were not consistently implemented campus-wide. Many new Emergent Bilingual students came from countries with little or no education which impacted their academic performance.

Problem Statement 3 (Prioritized): Student performance in the Advanced Placement program continue to be lower than the numbers prior to the COVID pandemic despite an increase in participation. **Root Cause:** Students in our AP program are not required to take the exam. Colleges that do not provide credit impact student willingness to take the exam, especially when students have to purchase these exams. Additionally, our dual credit programs impact the number of students who sign up for AP courses.

Problem Statement 4 (Prioritized): Special Education students are not improving on Meets performance level on STAAR EOC assessments. **Root Cause:** Our Special Education teachers within our core subjects are not using benchmarks or Interim assessments. Also, these teachers are not participating in core subject PLCs.

Problem Statement 5: While STAAR EOC testing areas improved in the Meets and Masters Grade Level for three testing areas (Algebra I, English 1, Biology), the percentage of students performing at the Meets and Masters Grade Level is still low for English II and US History. **Root Cause:** Students are struggling with the new question types and switching to online testing. Our English II PLC struggled with leadership and cohesion. Also, English II teachers seemed to not be well versed with the EOC exam.

Problem Statement 6: STAAR EOC testing and online PSAT/SAT testing are pushing our technology needs to a point that requires multiple days of testing, many hours of doing device checks, and planning for server issues. **Root Cause:** Not enough Chrome Carts to service our growing population of over 4,500 students. Technology department being behind in updating our technology to meet all of the online testing needs.

Problem Statement 7: The number of students meeting SAT criteria for CCMR in ELA and Math decreased. **Root Cause:** Since COVID, colleges have changed admission requirements by waiving SAT scores. This has caused a decrease in the number of students taking the SAT, lowering the number of students meeting the criterion. Also, the change in college admissions has made students lose interest in performing well on the exam.

Problem Statement 8 (Prioritized): Students are not following CTE pathways and becoming "Completers" of their certification. Therefore, not gaining the CCMR point. **Root Cause:** Students and parents need to be better educated on CTE pathways. Also, more pathways are beginning to start in McCullough. TWHS still needs to adjust the courses offered to meet these needs.

Culture and Climate

Culture and Climate Summary

TWHS is very intentional in creating a positive climate. TWHS invests in building strong connections with students, parents, and the community. TWHS maintains a safe, collaborative culture and has high expectations for student behavior. The vast majority of students at TWHS are respectful, confident students. This culture of respect also exists between staff, parents, and the community. In addition, TWHS will continue PBIS Foundations training during this school year to continue our tradition of a positive, proactive approach to student behavior. At the beginning of the school year, the guidelines for success (Highlander Strong) and Hallway Behaviors will be reviewed to students, staff, and families.

An annual review of discipline records includes student conflicts, all forms of violence, bullying, drug offenses, and DAEP placements. For the 2022-2023 school year, 6,743 referrals were processed, and 2,143 were for tardies. The next two highest counts were 581 for skipping and 231 for inappropriate behavior. As evidenced by the discipline incident report, TWHS has fewer discipline problems than other high schools. There have been no significant increases, indicating that resolution programs and interventions are typically successful. These areas will be carefully re-evaluated each year. Additionally, while bullying is not considered a problem, the campus feels it is important not to be complacent about bullying and will include this as a need for the campus.

As part of focusing on social-emotional learning and overall health and wellness, counselors have engaged parents and students through a monthly counselor newsletter. This electronic newsletter engages the students and their families with various social and emotional learning objectives such as self-awareness, physical and mental health, and nutrition. All campus personnel try to recognize and promote healthy lifestyles through good nutrition, appropriate rest, stress reduction time for studying, and time for active, physical activity.

With increased social media platforms, TWHS must be proactive when issues arise and get information to parents. Also, TWHS needs to create a social media presence that allows our stories to be told and not for stories to be created about us.

Culture and Climate Strengths

- TWHS celebrates a healthy, supportive culture.
- TWHS has continued PBIS Foundations with all staff, students, and families.
- Students report that they feel safe at school.
- Students are accepting of students new to TWHS and CISD.
- Students value each other and respect the variety of cultures of our diverse student population.
- Administrators work closely with faculty and staff in the decision-making process.
- TWHS provides ongoing professional development on the continuation of PBIS Foundations.
- All stakeholders feel that they are a part of the decision-making process.

Problem Statements Identifying Culture and Climate Needs

Problem Statement 1 (Prioritized): The school community continues to struggle with student behaviors in classrooms, transition areas, and campus-wide events such as football games. **Root Cause:** With the lack of consistent hallway monitoring by staff members, students struggled with getting to class on time. In addition, the increase in the student population has caused more crowding in the hallways and events.

Problem Statement 2: Students wearing their ID continues to be a daily struggle. **Root Cause:** The enhanced security protocol differs from our past procedures, so students and faculty will need time and practice to adjust to these new rules.

Problem Statement 3: Teachers are feeling overwhelmed with the grading and classroom management. **Root Cause:** We continue to have increases in our student population without increases to our teacher allotments.

Parent and Community Engagement

Parent and Community Engagement Summary

Our Robotics team created an iOS version of our TWHS Announcements App to keep parents, students, and staff informed.

Our website is updated and has information about upcoming events and resources for parents to assist their students at home. Additionally, important messages that are time-sensitive are delivered through our campus "school messenger" system, which has the ability to blast out emails/text messages to all parents/students simultaneously. TWHS also maintains a bi-weekly Highlander Happenings Newsletter that outlines important dates/information relevant to the high school. Our counseling staff also has a monthly newsletter with academic, college, career, and social and emotional topics to assist students and their families.

TWHS values the partnership with our PTO. This relationship is supported throughout the year, and campus administration utilizes PTO to assist with different events for the students and their families. We appreciate working with other community organizations. Additionally, we have parents and community members who participate in our Site Based Decision-Making committee. Members are willing to voice their opinions and state their cause as campus issues arise.

Parent and Community Engagement Strengths

TWHS enjoys an involved family and community environment. When events occur, our campus has high attendance. The Woodlands High School's success is largely due to the support, participation, and cooperation of our families and community.

Our staff members try to respond quickly to all parent emails and phone calls. Our School Messenger system and various social media platforms such as Instagram and Facebook allow parents and community members to be informed of high school information and events. Our counseling department has parent nights and online presentations to assist families in navigating through high school and postsecondary information. Parents can attend presentations on Endorsements, Dual Credit, Advanced Placement, postsecondary choices, and an elective fair during course registration.

With the ongoing need for online resources, our staff continues to engage our families through online presentations, videos, and graphic organizers.

Our TWHS PTO and TWHS booster clubs are strong organizations offering endless support to our staff and students.

Problem Statements Identifying Parent and Community Engagement Needs

Problem Statement 1 (Prioritized): The communication between the parents and the school community often suffers through posts and comments on social media platforms. **Root**

Cause: TWHS parent groups have multiple Facebook accounts that may cause mixed messages. Our campus has multiple ways of communicating: Website, School Messenger, Highlander Happenings, Counselor Newsletter, Facebook, and Instagram. With so many platforms, parents may struggle with where to find information.

Problem Statement 2: TWHS has seen changes over the last ten years in demographics (i.e., ethnicity, SES, special education, 504, and Emergent Bilinguals), which has impacted our campus climate and culture along with parent engagement. **Root Cause:** With the changing population in The Woodlands, the makeup of the student body and the students' behaviors has shifted in several areas which has impacted the climate and culture in and outside the classroom. TWHS struggles to engage with new parents.

Problem Statement 3: TWHS struggles with parent responses to emails, letters, and phone calls. **Root Cause:** Parents are not well informed on educational policies and procedures that change from year to year. TEA makes changes every year and it is difficult for parents to stay informed.

Priority Problem Statements

Problem Statement 1: The overall percentage of students meeting TSI criteria in ELA/Reading and Mathematics at The Woodlands High School Cohort 2023 is still 2% below 2021 cohort.

Root Cause 1: Due to the Covid pandemic, colleges continue to waive testing, resulting in students opting not to take the TSI. Participation in the college entrance exams is still reduced. Gaps in student learning produced by virtual instruction impacted student performance on these assessments. Finally, students are having trouble recalling information from previous years in middle school and junior high.

Problem Statement 1 Areas: Student Achievement

Problem Statement 2: Emergent Bilingual students are performing well below the performance level for all students on STAAR EOC assessments.

Root Cause 2: Teachers were not giving formative assessments. Quality Language Learner supports were not consistently implemented campus-wide. Many new Emergent Bilingual students came from countries with little or no education which impacted their academic performance.

Problem Statement 2 Areas: Student Achievement

Problem Statement 3: Student performance in the Advanced Placement program continue to be lower than the numbers prior to the COVID pandemic despite an increase in participation.

Root Cause 3: Students in our AP program are not required to take the exam. Colleges that do not provide credit impact student willingness to take the exam, especially when students have to purchase these exams. Additionally, our dual credit programs impact the number of students who sign up for AP courses.

Problem Statement 3 Areas: Student Achievement

Problem Statement 4: Special Education students are not improving on Meets performance level on STAAR EOC assessments.

Root Cause 4: Our Special Education teachers within our core subjects are not using benchmarks or Interim assessments. Also, these teachers are not participating in core subject PLCs.

Problem Statement 4 Areas: Student Achievement

Problem Statement 5: The school community continues to struggle with student behaviors in classrooms, transition areas, and campus-wide events such as football games.

Root Cause 5: With the lack of consistent hallway monitoring by staff members, students struggled with getting to class on time. In addition, the increase in the student population has caused more crowding in the hallways and events.

Problem Statement 5 Areas: Culture and Climate

Problem Statement 6: The communication between the parents and the school community often suffers through posts and comments on social media platforms.

Root Cause 6: TWHS parent groups have multiple Facebook accounts that may cause mixed messages. Our campus has multiple ways of communicating: Website, School Messenger, Highlander Happenings, Counselor Newsletter, Facebook, and Instagram. With so many platforms, parents may struggle with where to find information.

Problem Statement 6 Areas: Parent and Community Engagement

Problem Statement 7: Students are not following CTE pathways and becoming "Completers" of their certification. Therefore, not gaining the CCMR point.

Root Cause 7: Students and parents need to be better educated on CTE pathways. Also, more pathways are beginning to start in McCullough. TWHS still needs to adjust the courses offered to meet these needs.

Problem Statement 7 Areas: Student Achievement

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Student failure and/or retention rates
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

- Section 504 data
- Dual-credit and/or college prep course completion data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Student Achievement and Post-Secondary Success

CISD will prepare all students for graduation and post-secondary success by providing access to a high-quality curriculum that is TEKS-aligned, relevant, and delivered consistently using resources that engage students and challenge them in their learning at appropriate levels.

Performance Objective 1: Increase the percentage of graduates that are college, career, or military ready (CCMR) from 86% to 89%.

High Priority

Performance Objective 4 Problem Statements:

Student Achievement
Problem Statement 3: Student performance in the Advanced Placement program continue to be lower than the numbers prior to the COVID pandemic despite an increase in participation. Root Cause: Students in our AP program are not required to take the exam. Colleges that do not provide credit impact student willingness to take the exam, especially when students have to purchase these exams. Additionally, our dual credit programs impact the number of students who sign up for AP courses.

Goal 1: Student Achievement and Post-Secondary Success

CISD will prepare all students for graduation and post-secondary success by providing access to a high-quality curriculum that is TEKS-aligned, relevant, and delivered consistently using resources that engage students and challenge them in their learning at appropriate levels.

Performance Objective 5: TWHS will increase our Special Education Meets Grade Level rate for STAAR EOC English 1 from 38% to 43%, for STAAR EOC English 2 from 39% to 44%, and for STAAR EOC Algebra 1 from 24% to 29%.
