Introduction

The purpose of this handbook is to provide information that will help with questions and pave the way for a successful year. Not all District policies and procedures are included. Those that are included have been summarized. Suggestions for additions and improvements to this handbook are welcome and may be sent to the Human Resources Department.

This handbook is neither a contract nor a substitute for the official District policy manual, nor is it intended to alter the at-will status of noncontract employees in any way. Rather, it is a guide to and a brief explanation of District policies and procedures related to employment. These policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change. For more information, employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate District office. Policy manuals can be accessed through the CISD homepage at www.conroeisd.net or in the CISD Legal Office in the Dr. Deane L. Sadler Administration/Technology Building during normal working hours.

Board of Trustees

Policies BA, BB series, BD series, and BE series

Texas law grants the Board of Trustees the power to govern and oversee the management of the District's schools. The Board is the policy-making body within the District and has overall responsibility for the curriculum, school taxes, annual budget, employment of the Superintendent and other professional staff, and facilities. The Board has complete and final control over school matters within limits established by state and federal laws and regulations. The Board of Trustees is elected by the citizens of the District to represent the community's commitment to a

strong educational program for the District's children. Board members are elected biannually and serve four-year terms. Board members serve without compensation, must be qualified voters, and must reside in the District.

The Board usually meets on the third Tuesday of each month at 6:00 p.m. Special meetings may be called when necessary. A written notice of regular and special meetings will be posted on the District website and at the Dr. Deane L. Sadler Administration/Technology Building at least 72 hours before the scheduled meeting time. The written notice will show the date, time, place, and subjects of each meeting. In emergencies, a meeting may be held with a one-hour notice.

All meetings are open to the public. In certain circumstances, Texas law permits the Board to go into a closed session from which the public and others are excluded. Closed sessions may occur for such things as discussing prospective gifts or donations, real-property acquisition, certain personnel matters including employee complaints, security matters, student discipline, or consulting with attorneys regarding pending litigation.

Employment

Equal Employment Opportunity

Policies DAA, DIA

In its efforts to promote nondiscrimination and as required by law, Conroe ISD does not discriminate against any employee or applicant for employment because of race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, age, disability, military status, genetic information, or on any other basis prohibited by law. Additionally, the District does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

In accordance with Title IX, the District does not discriminate on the basis of sex and is required not to discriminate on the basis of sex in its educational programs or activities. The requirement not to discriminate extends to employment. Inquiries about the application of Title IX may be referred to the District's Title IX coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The District designates and authorizes the following employee as the Title IX coordinator for employees to address concerns or inquiries regarding discrimination based on sex, including sexual harassment:

Name:	Dr. Jamie Bone
Position:	Assistant Director of Human Resources
Address:	3205 W Davis, Conroe, TX 77304
Telephone:	(936) 709-7752
Email:	TitleIX@conroeisd.net

Reports can be made at any time and by any person, including during non-business hours, by mail, email, or phone. During District business hours, reports may also be made in person.

The District designates and authorizes the following employee as the ADA/Section 504 coordinator for employees for concerns regarding discrimination on the basis of a disability:

Name:	Dr. Kendra Wiggins
Department:	Special Education
Address:	3205 W Davis, Conroe, TX 77304
Telephone:	(936) 709-7670

Questions or concerns relating to discrimination for any other reason should be directed to the Superintendent.

Job Vacancy Announcements

Policy DC

To the extent possible, announcements of job vacancies by position and location are posted a minimum of ten (10) days on the CISD homepage at www.conroeisd.net.

Employment after Retirement

Policy DC

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed under certain circumstances on a full- or part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the TRS publication *Employment After Retirement*. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS website (www.trs.texas.gov).

Contract and Noncontract Employment

Policy DC series

State law requires the District to employ all full-time professional employees in positions requiring a certificate from the State Board for Educator Certification (SBEC) and nurses under probationary, term, or continuing contracts. Full-time employees are those employees who are regularly scheduled to work 18.75 hours or more per week. Employees may view their employment contracts in their Employee Access Center.

Employees in all other positions are employed at-will or by a contract that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the District.

Probationary Contracts. Nurses and full-time professional employees new to the District and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after a two-year lapse in District employment or employees who move to a position requiring a new class of certification may also be employed by probationary contract. Probationary contracts are one-year contracts. The probationary period for those who have been employed as a teacher in public education for at least five of the eight years preceding employment with the District may not exceed one school year. For those with less experience, the probationary period will be three school years (i.e., three one-year contracts) with an optional fourth school year if the Board determines it is doubtful whether a term contract should be given.

Term Contracts. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the probationary period. The terms and conditions of employment are detailed in the contract and employment policies. Employment policies can be accessed online or copies will be provided upon request. All employees will receive an electronic copy of their contract.

Noncertified Professional and Administrative Employees. Employees in professional and administrative positions that do not require SBEC certification (such as non-instructional administrators) are employed on a non-certified contract that is not subject to the provisions for nonrenewal or termination under the Texas Education Code, or on no contract at all, depending on the position.

Paraprofessional, Auxiliary, and Substitute Employees. All paraprofessional, auxiliary, and substitute employees, regardless of certification, are employed at-will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the District. Not accepting substitute assignments in Absence Management online or by phone is considered a resignation until the substitute accepts another substitute assignment.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. It is imperative that teachers hold a valid teaching certificate at all times and that instructional aides have a current educational aide certificate. Employees will be notified via Conroe ISD email when their certificate will be expiring. Upon notification, employees must renew immediately. Employees must submit documentation that they have passed the required certification exam and/or obtained or renewed their credentials in a timely manner. Documentation should be submitted to Claire Amos in the Human Resources Department. Questions about certificate renewal should be directed to www.tea.state.tx.us or 512-936-8400. Employees licensed by the Texas Department of Licensing and Regulations (TDLR) must notify the Director of Human Resources when there is action against, or revocation of, their license.

A certified employee's contract may be voided without Chapter 21 due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to extend a temporary or emergency certificate or permit, or if the employee's certification or permit expires or is canceled, relinquished, or revoked. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks.

Searches and Alcohol and Drug Testing

Policy CQ, DHE

Non-investigatory searches in the workplace, including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Employees have no legitimate expectation of privacy in those places. In addition, the District reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include drug and alcohol testing if the suspected violation relates to drug or alcohol use. The District may search the employee, the employee's personal items and work areas, including District-owned technology resources, lockers, and private vehicles parked on District premises or work sites or used in District business.

Employees Required to Have a Commercial Driver's License. Any employee whose duties require a commercial driver's license (CDL) is subject to drug and alcohol testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people counting the driver, drivers of large vehicles, or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements if their duties include driving a commercial motor vehicle.

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted when reasonable suspicion exists, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted following accidents. Return-to-duty and follow-up testing will be conducted if an employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty.

All employees required to have a CDL or who otherwise are subject to alcohol and drug testing will receive a copy of the District's policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs. Employees with questions or concerns relating to alcohol and drug testing policies and related educational material should contact the Human Resources Department.

Health Safety Certification and Training

Policies DBA, DMA

Section 22.902 and Section 33.086 of the Texas Education Code require certain school district employees who are involved in physical activities for students to be certified in cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), First Aid, and concussion and extracurricular athletic activity safety. Conroe ISD has identified additional employees that are required to hold CPR/AED/First Aid certification, including athletic trainers, athletic coaches, PE teachers, marching band instructors, band directors (junior high and high school), color guard instructors, cheerleading sponsors, dance/drill team instructors, JROTC instructors, debate coaches, theater arts instructors, school nurses, clinic assistants, choir directors (intermediate, junior high, and high school), orchestra directors (junior high and high school), CTE instructors (who work with power tools), agricultural science instructors, cosmetology teachers, auto tech/auto collision teachers, robotics sponsors, and child development lab teachers and aides.

American Red Cross Adult CPR/AED/First Aid certification is offered free of charge to Conroe ISD employees who are required to hold these certifications. Adult CPR/AED/First Aid certification can also be obtained from outside entities that provide certification from American Red Cross, American Heart Association, American Safety & Health Institute (ASHI), National Safety Council (NSC), and MEDIC First Aid. No other outside entity certifications are accepted. The cost of outside Adult CPR/AED/First Aid certification is the responsibility of the employee. Employees subject to this requirement must submit their certification to a Department Head, Program Director, or designee during the onset of activities for the students at the beginning of each school year. Questions regarding CPR/AED/First Aid certification requirements should be directed to the CISD Health Services Department.

School nurses and employees with regular contact with students must complete a Texas Education Agency approved online training regarding seizure disorder awareness, recognition, and related first aid.

Reassignments and Transfers

Policy DK

All personnel are subject to assignment and reassignment by the Superintendent or designee when the Superintendent or designee determines that the assignment or reassignment is in the best interest of the District. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract. Campus reassignments must be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the District process for employee complaints as outlined in this handbook and District policy DGBA (LOCAL).

An employee with the required qualifications for a position within the District may apply for that position using the District's internal job posting site. An employee applying for an internal job will only be considered when the change will not adversely affect students and after a replacement has been found. All transfer requests will be coordinated by the Human Resources Department via the internal job posting site and must be approved by both the sending and receiving supervisor.

Workload and Work Schedules

Policies DEAB, DK, DL

Professional Employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the District. A school calendar is adopted each year designating the work schedule for all employees and all school holidays. Notice of work schedules including start and end dates and scheduled holidays is distributed each school year.

Classroom teachers have planning periods for instructional preparation including conferences. Planning periods are set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes.

Paraprofessional and Auxiliary Employees. Paraprofessional and auxiliary employees are employed at-will and receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees must be compensated for overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor. Employees are required to use KRONOS (in-District electronic timekeeping system) to record time worked. See Overtime Compensation for additional information.

Breaks for Expression of Breast Milk

Policies DEAB, DG

The District supports the practice of expressing breast milk and makes reasonable accommodations for the needs of the employees who express breast milk. The District will provide a place, other than a multiple user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk.

A reasonable amount of break time will be provided when the employee has a need to express milk. For nonexempt employees, these breaks are unpaid and are not counted as hours worked. Employees should meet with their supervisor to discuss their needs and arrange break times.

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds, the District is required by the Every Student Succeeds Act (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate. This notice is not required if parental notice under ESSA is sent. Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Questions regarding certification should be directed to the Human Resources Department.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisor any outside employment that may create a potential conflict of interest with their assigned duties and responsibilities or the best interest of the District. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

District employees may not tutor or provide any educationally related service for pay to students currently assigned to them. A teacher may teach private lessons or tutor for pay but may not teach or tutor students currently enrolled in the teacher's classes/programs. A teacher must disclose in writing to his or her supervisor any private tutoring of District students for pay. District employees may not utilize their employment with the District in "advertising" their tutoring or other educationally related services. District employees wishing to inform

students/parents of their educationally related service must comply with District policies and procedures relating to the dissemination of materials in the schools. District employees who have been provided specialized training paid for by the District may not charge District patrons for providing that service.

Performance Evaluation

Policy DN series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees participate in the evaluation process with their assigned supervisor at least annually. Evaluations are completed on forms approved by the District. Reports, correspondence, and memoranda also can be used to document performance information. All employees have electronic access to their evaluation, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Upon receiving a report, a nursing review committee may review a nurse's nursing services, qualifications, and quality of patient care, as well as the merits of a complaint concerning a nurse, and a determination or recommendation regarding a complaint. A nurse may request, orally or in writing, a determination by the committee regarding conduct requested of the nurse believed to violate the nurse's duty to a patient.

Employee Involvement

Policies BQA, BQB

At both the campus and District levels, Conroe ISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the District. As part of the District's planning and decision-making process, employees are elected to serve on District- or campus-level advisory committees. Plans and detailed information about the shared decision-making process are available in each campus office or from the Communications Department.

Staff Development

Policy DMA

Staff development activities are organized to meet the needs of employees and the District. Staff development for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the campus improvement plan, and approved by a campus-level advisory committee. Staff development for non-instructional personnel is designed to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development. Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation.

Compensation and Benefits

Salaries, Wages, and Stipends

Policies DEA, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The District's pay plans are reviewed by the administration each year and adjusted as needed. All District positions are classified as exempt or non-exempt according to federal law. Professional employees are generally classified as exempt and are paid semi-monthly salaries. They are not entitled to overtime compensation. Other employees are generally classified as non-exempt, are paid an hourly wage or salary, and receive overtime pay for each hour worked beyond 40 in a workweek.

The District uses the KRONOS electronic timekeeping system to automate the timekeeping process. This system is used in place of handwritten timesheets. Absence records (e.g. vacation, sick days) are also recorded in KRONOS.

It is recognized that in certain situations (e.g. clock malfunction) that it may be necessary to correct or enter missing data. These changes will be carefully documented on the MISSED PUNCH/EXCEPTION FORM so that it is possible to determine how a time detail record was computed.

To ensure consistency of treatment for employees, the data recorded in the KRONOS system is the “official” record of the workday. Any disputes over actual hours worked or attendance are resolved by referring to the official KRONOS records.

Since KRONOS timekeeping records are considered an employee’s official time record, falsification of time, tampering with timekeeping records, tampering with timekeeping equipment/hardware/software, or punching in for another employee is considered a serious offense and may require disciplinary action up to and including termination. Employees may access their work schedule, salary, and payroll checks in the Employee Access Center.

Classroom teachers, full-time librarians, full-time nurses, and full-time counselors are paid no less than the minimum state salary schedule. Contract employees who perform extra-curricular or supplemental duties are paid a stipend in addition to their salary according to the District’s extra-duty pay schedule. Classroom teachers are awarded stipends for doctorate degrees if the degree is in the subject area taught and from an accredited university.

Transcripts and Service Records

Employees have 60 calendar days from the date of hire to furnish the Human Resources Department with official college transcript(s) for professional positions, or a copy of the high school diploma for other positions where required. In addition, employees have 60 calendar days from the date of hire to furnish official service record(s) from school district(s) where the employee has worked previously (if applicable). If transcripts and/or service records are provided to the Human Resources Department within the current school year, changes will be made to an employee’s salary/wages for the current school year. If official transcripts and/or service records are provided to the Human Resources Department in a subsequent school year, changes will be made to an employee’s salary/wages in the school year in which the official transcripts and/or service records are received. Adjustments in salary/wages will not be applied retroactively to a previous school year.

Paychecks

All employees are paid on the 1st and 15th of each month. If a pay date falls on a weekend or holiday, the employee is paid on the previous workday. All District employees are required to authorize the District to initiate credit entries directly to their financial institution account(s) for making payroll deposits. The authorization will also permit the District to make debit entries and adjustments for credit entries made in error to employee-designated accounts.

Every effort is made to ensure that the employee’s pay, leave, and other information on each paycheck are correct; however, employees are responsible for reviewing their payroll statement each pay day for accuracy, including but not limited to compensation, leave, federal withholding status, and deductions. All employees can access their pay information, which includes itemized statements of wages, using the Employee Access Center. Paychecks or direct deposit vouchers are not released to any person other than the District employee named on the check without the employee’s written authorization.

Employees who leave the District are paid their final check in accordance with the District pay schedule, unless doing so will result in overpayment. The final pay statement will be mailed to the address listed on the employment separation form, which should be completed in advance to allow time for processing.

Automatic Payroll Deposit

All District employees are required to authorize the District to initiate credit entries directly to their financial institution account(s) for making payroll deposit. The authorization will also permit the District to make debit entries and adjustments for credit entries made in error to employee-designated accounts. This structure helps the

District pay its employees faster and more accurately. Direct deposit forms may be found online, or you may contact the Payroll Department for more information about the automatic payroll deposit service.

Employee pay information is available online by logging in to the Employee Access Center.

Employees are responsible for notifying the Payroll Department, in writing, at least 10 business days before a scheduled pay day of any changes in the employee's banking status. If the change constitutes the closing of a currently designated account, an alternate account must be specified. If funds cannot be deposited in an account and are returned by the bank for any reason, a replacement check will not be issued until the funds are credited back to the District's bank account. Additionally, a \$20.00 replacement fee may be applied. The employee must pick up the replacement check from the Finance Office and provide a new, valid direct deposit form.

Address/Name Change

It is the employee's responsibility to notify the Human Resources Department of address or name changes. Employees should make address changes through the Employee Access Center on the District's SSO portal. The name change form can be found on the District's Human Resources website.

Payroll Deductions

Policy CFEA

The District is required to make the following automatic payroll deductions:

- Teacher Retirement System of Texas (TRS)*;
- Federal income tax;
- Medicare tax (applicable only to employees hired after March 31, 1986);
- Child support and spousal maintenance, if applicable;
- Delinquent federal education loan payments, if applicable.

**Substitute, part-time, and temporary employees in a position that is not eligible for TRS membership must participate in the District's 457(b) FICA Alternative Plan, unless the employee has retired through TRS.*

Other payroll deductions employees may elect include deductions for the employee's share of premiums for medical, dental, life, vision, and other supplemental insurance, as well as retirement savings plan contributions. Employees may also request payroll deduction for payment of membership dues to professional organizations, donations to the CISD Education Foundation, and deposits to a Smart Financial Credit Union savings account. Salary deductions are automatically made for unauthorized or unpaid leave.

During an approved unpaid leave of absence, including Family and Medical Leave, unless the employee has made payments during the leave, the District will advance to the employee an amount equal to the premium payments required to maintain the employee's health and supplemental insurance in force. The amount so advanced will be treated as an advance of future wages payable, and the advance will be deducted from any paychecks the employee might receive following the employee's return from the leave of absence. The full amount advanced will be deducted from the first paycheck(s) following the date of the employee's return from leave. If the employee separates from employment prior to repaying the advance in full, any unpaid balance remaining from the advance at the time of the employee's separation from employment will be deducted in full from the employee's final paycheck.

Overtime Compensation

Policies DEAB, DEC

The District compensates overtime for non-exempt employees in accordance with federal wage and hour laws. Only non-exempt employees (paraprofessional and auxiliary employees) are entitled to overtime compensation. Non-exempt employees are not authorized to work beyond their normal work schedule without advance approval

from their supervisor. A non-exempt employee who works overtime without prior approval will be subject to disciplinary action.

Overtime is legally defined as all hours worked in excess of 40 hours in a workweek and is not measured by the day or by the employee's regular work schedule. Non-exempt employees do not earn overtime pay unless they work more than 40 hours in a workweek.

For the purpose of calculating overtime, a workweek begins at 12:01 a.m. Sunday and ends at midnight Saturday.

Employees may be compensated for overtime (i.e., hours beyond 40 in a workweek) at their time-and-a-half rate or direct pay. Weekly time records will be maintained on all non-exempt employees for the purpose of wage and salary administration.

Travel Expense Reimbursement

Policy DEE

Before any travel expenses are incurred by an employee, the employee's supervisor must give approval. For approved travel, employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule established by the District. Employees must submit receipts, to the extent possible, to be reimbursed for allowable expenses other than mileage.

Health, Dental, and Life Insurance

Policy CRD

Group health insurance coverage is available to all employees. The District's contribution to employee insurance premiums is determined annually by the Board of Trustees. Descriptions of insurance coverage, prices, and eligibility requirements are provided to all employees in a separate *Employee Benefits* booklet and [online](#).

The health insurance plan year is from September 1 through August 31. New employees must complete online enrollment within their first 31 calendar days of employment. Current employees can make changes in their insurance coverage only during the annual enrollment period, or as a result of a qualifying event, as described in the following section entitled *Guidelines for Change of Election*. Employees should contact the CISD Benefits Office for more information.

Guidelines for Change of Election

Any premiums deducted on a pre-tax basis from the employee's paycheck will be "locked in" for the duration of the plan year, which begins September 1 and ends August 31. New enrollments and changes may only be requested during the annual enrollment period in July unless a family status change or other qualified event, as identified by Internal Revenue Code Section 125, occurs such as*:

- Change in employee's legal marital status (i.e., marriage, divorce, death);
- Change in the number of employee's dependents (i.e., birth, adoption, death,);
- Change in employment status of employee, spouse, or dependent affecting eligibility;
- Dependent satisfies or ceases to satisfy eligibility requirements;
- HIPAA special enrollment rights;
- Judgments, decrees, or orders;
- Medicare or Medicaid entitlement;
- Family Medical Leave Act;
- COBRA qualifying events;
- Cancellation due to reduction in hours of service;
- Cancellation due to enrollment in a Qualified Health Plan;
- Change in coverage under another employer's plan (e.g., open enrollment of spouse's employer); or
- Loss of group health coverage sponsored by a governmental or educational institution.

**Please note this is an outline only and does not indicate special facts and circumstances for various events and benefits.*

The election change must be on account of and consistent with the qualifying event. The employee must request a change of election no later than 30 calendar days after the date of the qualifying event. For changes related to Medicaid and CHIP eligibility, the notification period is 60 days. Changes requested after this time frame will not be permitted until the next annual enrollment period.

Verifiable documentation of the qualifying event must be provided by the employee to the CISD Benefits Office in order for a request to be processed. For the loss or gain of employment by a spouse or dependent, verification from the other employer must include the following information:

- The effective date of employment or the date employment terminated; and
- The effective date of insurance coverage or the date coverage terminated/will terminate. The type of coverage must be specified (e.g., medical, dental, and vision).

If verification is provided in the form of a letter, it must contain a signature from an official of the company or the benefits counselor. If verification is provided in an email message, the other employer must send it directly to benefitsoffice@conroeisd.net.

Premiums deducted on a post-tax basis may be canceled at any time.

Approved change of election requests for enrollment are effective the first day of the month on or following the date all required documents are submitted to the CISD Benefits Office (exceptions may apply based on the qualifying event).

Approved change of election requests for cancellation of coverage are effective the last day of the month in which all required documents are submitted to the CISD Benefits Office.

Employees must contact the CISD Benefits Office to make a change of election.

Supplemental Insurance Benefits

Policy CRD

At their own expense, employees may enroll in supplemental insurance programs for dental, vision, accidental death and dismemberment, cancer, critical illness, disability, legal, hospital indemnity, long-term care, and life. Premiums for these programs are paid by payroll deduction, not to exceed 100 percent of an employee's wages. Employees should contact the CISD Benefits Office for more information.

Cafeteria Plan Benefits (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations, must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pre-tax basis by payroll deduction, not to exceed 100 percent of an employee's wages (i.e., medical, dental, vision, cancer, and hospital indemnity). A third-party administrator handles employee claims made on these accounts.

New employees must accept or reject this benefit during their first 31 calendar days of employment. All employees must accept or reject this benefit on an annual basis during the specified time period.

Workers' Compensation Insurance

Policy CRE

The District, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The District has workers' compensation coverage from the Political Subdivision Workers' Compensation Alliance (the Alliance), which includes a list of health care providers who are trained in treating work-related injuries and getting employees back to work safely. Benefits help pay for medical

treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to the employee's direct supervisor. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. *See Workers' Compensation Benefits for information on use of paid leave for such absences.*

If you are injured at work, tell your supervisor immediately. If medical care is needed, you must choose a treating doctor from the provider directory available online at www.pswca.org. For emergencies, you may go to the nearest emergency room. However, you must follow-up with a treating doctor from the provider directory. You may contact the Human Resources Department with any questions about how to obtain treatment for a work-related injury. You may also contact your claim adjuster at the TASB Risk Management Fund (the Fund), the District's workers' compensation coverage provider, at 1-800-482-7276.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year, or the summer months, if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact the Texas Workforce Commission.

Teacher Retirement

Policy DEG

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Substitutes not receiving TRS service retirement benefits who work at least 90 days a year are eligible to purchase a year of creditable service in TRS.

To earn a year of TRS membership credit, an employee must work in a TRS-eligible position or receive paid leave from a TRS-eligible position for at least 90 days during the school year. If an employee will not meet the 90-day requirement and has worked in excess of five days in a workweek, it is the employee's responsibility to ensure the additional day(s) have been reported. Members should carefully review years of service reported when TRS provides them with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Information on the application procedures for TRS benefits is available from TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 1-800-223- 8778 or 512-542-6400. [TRS information is also available on the web.](#)

Other Benefit Programs

Deferred Compensation and Annuities

Policy CRG

The District makes available to all employees, including full-time, part-time, and substitutes, voluntary 403(b) and 457(b) plans. The 403(b) plans allow employees to save a portion of their income for retirement without paying tax on the contributions until they are withdrawn from the plan. The 457(b) is another option to help employees save for retirement and can lower current taxes or earn tax-free income. Maximum deferral amounts are set by the IRS for each calendar year, and deferrals may not exceed 100 percent of an employee's wages. Establishment of these accounts and changes in contribution amounts may be made at any time.

Additional information about the provisions and options for these plans is available in a separate *Employee Benefits* booklet, [online](#).

Note: Conroe ISD does not hire or contract with any financial agent other than First Financial Administrators, Inc. and TCG Administrators. No financial agent “representing” Conroe ISD will ever call you at home or send you an email. Because investment strategies are a personal decision that each employee should investigate on his/her own, Conroe ISD makes no recommendation or approval of individual 403(b) plans, sales representatives, agents, or financial advisors.

Leaves and Absences

Policies DEC, DECA, DECB

Employees who expect to be absent for an extended period of five (5) or more consecutive workdays for a personal or family illness should call the Human Resources Department for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the District.

Paid leave must be used in half-day increments. Unless an employee requests a different order, available paid state and local leave will be used in the following order:

- Leave entered as local;
- If no local days are available, off-duty or vacation days will be used;
- If no off-duty or vacation days are available, state personal leave will be used;
- If no state personal leave is available, state sick leave will be used;
- If no state sick leave is available, extended sick leave, if available, will be used;
- If no extended sick leave is available, the employee’s pay will be docked.

Employees are required to report all absences through the automated substitute system in the Human Resources Department **prior to their absence**. Employees should enter their own absences and select the type of leave day that should be used. In the event that an employee is unable to report an absence through the automated substitute system as required, the employee must make arrangements with campus/department administrators to have the absence immediately entered into the automated substitute system. Leave is posted using information recorded in this system and will not be changed at a later date if incorrect information was submitted, except under special circumstances. Therefore, it is imperative that the absence is carefully selected and employees review the order of usage as outlined above. The initial submission of the leave type determines how leave is applied based on the balance in the employee’s leave banks. If an employee takes leave in excess of the amount earned, the employee’s pay will be deducted for the time missed based on their pay rate. **An employee who has available state and/or local leave may not elect to be docked in lieu of using paid leave.** Employees should use the Employee Access Center to review leave balances.

Employees must follow District and department or campus procedures to report or request any leave of absence and complete the appropriate form or certification. Forms for leaves of absence may be downloaded and printed from the CISD website under the Human Resources Department section. Completed leave applications and certification forms should be submitted to the CISD Leave Office. When the leave of absence is foreseeable, the application must be submitted at least 30 days, and no earlier than 45 days, before leave is to begin. If you learn of the need for a leave of absence less than 30 days in advance, then the application must be submitted as soon as possible - the day you learn of the need for leave or the next workday. The local extended sick leave paid benefit cannot be applied retroactively. Any unapproved absences or absences beyond accumulated or available paid leave shall result in deduction from the employee’s pay.

Immediate Family. For purposes of leave other than Family and Medical Leave, immediate family is defined as the following:

- Spouse

- Son or daughter, including a biological, adopted, or foster child, a son- or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stands *in loco parentis*
- Parent, stepparent, parent-in-law, or other individual who stands *in loco parentis* to the employee
- Sibling, stepsibling, and sibling-in-law
- Grandparent and grandchild
- Any person residing in the employee's household at the time of illness or death

For purposes of family and medical leave, the definition of family is limited to spouse, parent, son or daughter, and next of kin. The definition of these are found in Policy DECA(LEGAL).

Medical Certification. Any employee who is absent five (5) or more consecutive workdays because of a personal or family illness must submit medical certification from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and in the case of personal illness – the employee's fitness to return to work. A qualified health care provider is a doctor of medicine or osteopathy who is authorized to practice medicine or surgery (as appropriate) by the State in which the doctor practices.

The District may require medical certification due to an employee's questionable pattern of absences or when deemed necessary by the supervisor or superintendent. The District may also request medical certification when an employee requests FMLA leave for the employee's serious health condition, a serious health condition of the employee's spouse, parent, or child, or for military caregiver leave.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits covered employers from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and health care providers do not provide any genetic information in any medical certification. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance. Employees on an approved leave of absence other than Family and Medical Leave may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the District as they were prior to the leave. Otherwise, the District does not pay any portion of health insurance premiums for employees who are on unpaid leave.

For additional information about insurance deductions while on leave, refer to the Payroll Deductions section of this handbook.

Personal Leave

State Leave. Employees may earn up to five (5) days of paid state leave per year, depending on work start date and percentage worked. Employees hired to work less than 100 percent of the workday but at least 50 percent shall be granted state leave in proportion to the percentage of time they are employed. State leave accumulates without limit, is transferable to other Texas school districts, and generally transfers to education service centers.

Local Leave. Employees may earn up to five (5) days of paid local leave per year, depending on work start date and percentage worked. Employees hired to work less than 100 percent of the workday but at least 50 percent are granted local leave in proportion to the percentage of time they are employed. Employees may either carry over unused local leave to the following school year or receive payment for it on the August 15 paycheck. Professional employees who choose to receive payment will receive the standard certified substitute teacher pay rate for each unused local day. Paraprofessional and auxiliary employees who choose to receive payment will receive the standard paraprofessional substitute pay rate for each unused local day. Employees can submit/view/change their choice for handling unused local leave by logging in to the Local Days Election app through the CISD SSO Portal.

Unused local leave will be carried over for any employee who does not submit an election. Local leave may also be used by employees who are called to active military service.

Personal leave is available for use at the beginning of the school year. A day of personal leave is equivalent to the number of hours per day in an employee's usual assignment. Personal leave is designated as either "nondiscretionary" or "discretionary."

Leave taken for personal or family illness, family emergency, a death in the family, or active military service is considered nondiscretionary leave. Reasons for nondiscretionary leave allow very little, if any, advance planning. Nondiscretionary leave may be used in the same manner as state sick leave (see below).

Leave taken at an employee's discretion that can be scheduled in advance is considered discretionary leave. An employee wishing to take discretionary leave must submit a written request to his or her principal or supervisor in advance of the anticipated absence. The effect of the employee's absence on the educational program or department operations, as well as the availability of substitutes, will be considered by the principal or supervisor.

Discretionary leave may not be taken any time when the principal or supervisor determines that the employee's absence impacts the educational program or District operations, such as the day before or after a school holiday, any day scheduled for staff/professional development, or days scheduled for state mandated assessments.

Leave Proration

State and local leave is earned based on the number of days an employee works. If an employee separates from employment with the District before his or her last duty day of the year, or begins employment after the first duty day, state and local leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of state and local leave the employee used beyond his or her pro rata entitlement for the school year. **Off-duty days are not paid leave. Therefore, any off-duty days taken before the end of the work year are not considered when calculating wages earned.**

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school districts in Texas.

State sick leave may be used for the following reasons only:

- Employee illness;
- Illness in the employee's immediate family;
- Family emergency (i.e., natural disasters or life-threatening situations);
- Death in the immediate family; or
- Active military service.

Sick Leave Pool

Policy DEC (LOCAL)

An employee who has exhausted all paid leave, and who has been approved for medical leave because of a catastrophic illness or injury, may request the establishment of a sick leave pool, not to exceed 30 donated days per school year. A catastrophic illness or injury is defined as a severe medical condition or combination of conditions affecting the mental or physical health of the employee or a member of the employee's immediate family, from which recovery and/or return to work is not likely; conditions relating to pregnancy or childbirth shall be considered catastrophic if they meet the requirements of this definition. The following procedures apply to the creation and administration of sick leave pools:

- Requests must be electronically submitted through the Donate Leave Days site by using the *Donate Days* app within the SSO or the *Donate Days – Request Days* link within the Employee Access Center (EAC).

- Requests for the establishment of a sick leave pool are considered only for employees who have been approved for medical leave and have exhausted all personal paid leave.
- Within five business days of the request, the Human Resources Department will notify the employee and their principal/director of the approval/denial of the sick leave pool request.
- The maximum number of donated days an employee may receive, up to 30 per school year, is determined by the medical certification completed by the health care provider.
- The names of employees who have open sick leave pools will appear in the “Donate Days” section of the District’s weekly newsletter, and the employee’s campus/department may share the open sick leave pool status with its staff. Only the fact that the employee meets the eligibility criteria for a sick leave pool will be published along with the steps for District employees to make donations. Employees who do not want their name listed in the District newsletter or shared with campus/department staff should specify this choice on the sick leave pool request form.
- Only active District employees may donate local and state leave to any open sick leave pool by using the *Donate Days* app within the SSO or the *Donate Days – Donate Days* link within the EAC. Days must be donated prior to a donor’s last day worked.
- Donated days cannot be used retroactively for absences already posted for attendance.
- Donated days can only be used for absences on account of the catastrophic condition(s) for which the sick leave pool request was approved.
- A sick leave pool will close when the employee no longer needs leave for the reason requested, or the employee exhausts all donated days.
- Donated days do not carry over from one school year to the next.
- Any unused donated days are returned to the exact donor, unless the donor is no longer employed by Conroe ISD.
- All decisions regarding the establishment or implementation of a sick leave pool may be appealed in accordance with DGBA(LOCAL).

Local Extended Sick Leave

The District provides an extended sick leave benefit program through local funds for full-time employees who have exhausted all available paid leave days and any applicable compensatory time and off-duty days. To qualify for this program, employees must have worked for the District at least 12 consecutive months prior to the need for leave.

Extended sick leave days may be used for the employee’s serious health condition that makes the employee unable to perform the employee’s job, including pregnancy-related health conditions; to care for the employee’s spouse, child, or parent with a serious health condition; or for the birth of a child or placement of a child for adoption or foster care. The employee must provide verification of the illness, injury, birth, or adoption from the treating physician or adoption agency.

Extended sick leave days are paid at one-half of the employee’s daily rate, up to a maximum of 30 workdays per school year, defined as July 1 through June 30. If an employee does not return from local extended sick leave during the school year in which the leave began, the employee must return to work for at least 30 consecutive workdays in the next school year to be eligible for additional days of extended sick leave in the new school year. Employees will be docked at their full daily rate for each workday of absence after extended sick leave benefits have been exhausted.

Extended sick leave days may be taken intermittently for the same condition so long as the employee provides supporting documentation from the treating physician. Employees hired to work less than 100 percent of the workday but at least 50 percent shall be granted extended sick leave in proportion to the percentage of time they are employed.

Applications for leave should be submitted to the CISD Leave Office prior to the employee's absence or as soon as possible once the need for leave is determined. Extended sick leave benefits may begin the first workday after all other paid leave has been exhausted, as long as the application is received by the last Friday of the associated pay period. The payroll due date schedule is available on the Payroll Department website.-Extended sick leave benefits cannot be applied retroactively.

The extended sick leave benefit will no longer be provided beginning with the 2023-2024 school year.

Non-FMLA Leave

A full-time employee who does not qualify for leave under the FMLA may take up to six weeks of unpaid leave in a 12-month period for:

- The birth of a child or placement of a child for adoption or foster care;
- To care for the employee's spouse, child, or parent who has a qualifying serious health condition;
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job.

Non-FMLA leave runs concurrently with accrued paid leave, temporary disability leave, compensatory time, assault leave, and absences due to a work-related illness or injury. Non-FMLA leave can be taken intermittently for the same condition, so long as the employee provides the District with supporting documentation from the treating physician.

Employees on an approved leave of absence other than Family and Medical Leave may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the District as they were prior to the leave. Otherwise, the District does not pay any portion of health insurance premiums for employees who are on unpaid leave.

For additional information about insurance deductions while on leave, refer to the Payroll Deductions section of this handbook.

Family and Medical Leave (FML)—General Provisions

The following text is from the federal notice, *Employee Rights and Responsibilities Under the Family and Medical Leave Act*. Specific information that the District has adopted to implement the FMLA follows this general notice.

Leave Entitlement. Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, son or daughter, or parent, who has a qualifying serious health condition;
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job; and
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered service member's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the service member with a serious injury or illness.

Benefits and Protections. While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave. Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements. An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the last 12 months before taking leave;* and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

* **Special hours of service eligibility requirements apply to airline flight crew employees.**

Requesting Leave. Generally, employees must give 30-days' advance notice of the need for FMLA leave. If it is not possible to give 30-days' notice, an employee must notify the employer as soon as possible and, generally, follow the employer's usual procedures.

Employees do not have to share a medical diagnosis, but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing the employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Use of Leave. An employee does not need to use this leave entitlement in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave. Employees may choose, or employers may require, use of accrued paid leave while taking FMLA Leave. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

Employer Responsibilities. Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

Enforcement. Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement which provides greater family or medical leave rights.

Local Procedures for Implementing Family and Medical Leave Provisions

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period from July 1 through June 30.

Employees may be required to provide the following:

- Medical certification from a qualified health care provider supporting the need for leave due to a serious health condition affecting the employee or an immediate family member;
- Second or third medical opinions and periodic recertification of the need for leave;
- Periodic reports during the leave regarding the employee's status and intent to return to work;
- Medical certification from a qualified health care provider at the conclusion of leave of an employee's ability to return to work; or
- Certification of the need for family military leave.

Use of Paid Leave. Family and Medical Leave (FML) runs concurrently with accrued state and local leave, temporary disability leave, compensatory time, assault leave, and absences due to a work-related illness or injury. The District will designate the leave as FML, if applicable, and notify the employee that accumulated leave will run concurrently.

Combined Leave for Spouses. Spouses who are employed by the District are limited to a combined total of 12 weeks of FML to care for a parent with a serious health condition; or for the birth, adoption, or foster placement of a child. Military caregiver leave for spouses is limited to a combined total of 26 weeks.

Intermittent Leave. When medically necessary, or in the case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. The District does not permit the use of intermittent or reduced-schedule leave for the care of a newborn child or for adoption or placement of a child with the employee.

Fitness for Duty. An employee that takes FML due to the employee's own serious health condition shall provide, before resuming work, a fitness-for-duty certification from the health care provider. When leave is taken for the employee's own serious health condition, the certification must address the employee's ability to perform essential job functions. The District shall provide a list of essential job functions (e.g., job description) to the employee with the FML designation notice to share with the health care provider. Fitness for duty is not required when an employee returns to work following leave to care for a family member with a serious health condition, to care for a child following birth, adoption, or foster care placement, or for qualifying exigency leave.

Reinstatement. An employee returning to work at the end of FML will be returned to the same position held when the leave began or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

In certain cases, instructional employees desiring to return to work at or near the conclusion of a semester may be required to continue on FML until the end of the semester. The additional time off is not counted against the employee's FML entitlement, and the District will maintain the employee's group health insurance and reinstate the employee at the end of the leave according to the procedures outlined in policy (see DECA [LEGAL]).

Failure to Return. If, at the expiration of FML, the employee is able to return to work but chooses not to do so, the District may require the employee to reimburse the District's share of insurance premiums paid during any portion of FML when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the District, the District may not require the employee to reimburse the District's share of premiums paid.

District Contact. Employees that require FML or have questions should contact the Human Resources Department for details on eligibility, requirements, and limitations.

Temporary Disability Leave

Certified Employees. Any full-time employee whose position requires certification from the State Board for Educator Certification (SBEC) is eligible for temporary disability leave. The purpose of temporary disability leave is to provide job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability.

Employees must request approval for temporary disability leave. An employee's notification of need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If temporary disability leave is approved, it is unpaid and the length of leave is no longer than 180 calendar days. Employees who take an unpaid leave of absence may continue their insurance at their own expense.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the Board of Trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work, the CISD Leave Office should be notified at least 30 days in advance. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties. Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If an appropriate position is not available, the employee may be assigned to another campus, subject to the approval of the campus principal. If a position is not available before the end of the school year, the employee will be reinstated to a position at the original campus at the beginning of the following school year.

Expiration of Leave

Prior to the expiration of all available approved leave, the District will provide the employee, at the last known home address, written notice of the date the employee's leave will expire and the date by which the employee must provide written notice to the District that he or she is ready, willing, and able to return to work.

The employee must provide medical clearance that he or she is physically able to perform the essential functions of his or her position, with reasonable accommodations if necessary.

A contract employee who does not document his or her availability and fitness to return to work by the expiration of all approved leave or return to work the next workday after all approved leave has expired shall resign or shall be subject to termination of employment by the District. All other employees who do not document their availability and fitness to return to work by the expiration of all approved leave or return to work by the next workday after all approved leave has expired shall be terminated from his or her position with the District effective with the expiration of the approved leave.

An employee must return to work for at least 30 consecutive workdays in order to be considered as having returned to work.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for workers' compensation weekly income benefits if the absence exceeds seven (7) calendar days. Weekly income benefits are paid at 70 percent of the employee's average weekly wage or up to the maximum state average weekly wage.

An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use accumulated sick leave or any other paid leave benefits. An employee choosing to use paid leave will not receive workers' compensation weekly income benefits until all selected paid leave is exhausted or to the extent that paid

leave does not equal the pre-illness or pre-injury wage. If the use of paid leave is not elected, then the employee will only receive workers' compensation wage benefits for any absence resulting from a work-related illness or injury, which may not equal his or her pre-illness or pre-injury wage.

Assault Leave

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of a physical assault suffered during the performance of his or her job. An incident involving an assault is a work-related injury and should be immediately reported to a supervisor as explained in the Workers' Compensation Insurance section of this handbook. An injury is treated as an assault if the person causing the injury could be prosecuted for assault or could not be prosecuted only because that person's age or mental capacity renders the person not responsible for purposes of criminal liability.

An employee who is physically assaulted at work may take all the leave time medically necessary (up to two years) to recover from the physical injuries he or she sustained. At the request of an employee, the District will immediately assign the employee to assault leave. Days of leave granted under the assault leave provision will not be deducted from accrued personal leave and must be coordinated with workers' compensation benefits.

Upon investigation the District may change the assault leave status and charge leave used against the employee's accrued paid leave. The employee's pay will be deducted if accrued paid leave is not available.

Bereavement Leave

An employee must use accrued state and local leave benefits for death in the family. Leave in excess of five (5) workdays for each occurrence must be approved by the campus principal or supervisor as necessary.

Jury Duty

Policies DEC, DG

The District provides paid leave to employees who are summoned to jury duty, including service on a grand jury. The District will not discharge, threaten to discharge, intimidate, or coerce any regular employee because of juror or grand juror service or for the employee's attendance or scheduled attendance in connection with the service in any court in the United States. Employees who report to the court for jury duty may keep any compensation the court provides. An employee should report a summons for jury duty to his or her supervisor as soon as it is received and may be required to provide the District a copy of the summons to document the need for leave.

An employee may be required to report back to work as soon as they are released from jury duty. The supervisor may consider the travel time required and the nature of the individual's position when determining the need to report to work. A copy of the release from jury duty or documentation of time spent at the court may be required.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding, regardless of whether or not the matter is related to school business, and will not be required to use paid leave.

Truancy Court Appearances

An employee who is a parent, guardian of a child, or a court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing may use personal leave or compensatory time for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

The District will reasonably accommodate an employee's request for absence for a religious holiday or observance. Accommodations such as changes to work schedules or approving a day of absence will be made unless the

accommodation poses an undue hardship to the District. The employee may use any accumulated personal leave for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

Military Leave

Paid Leave for Military Service. Any employee who is a member of the Texas National Guard, Texas State Guard, reserve component of the United States Armed Forces, or a member of a state or federally authorized Urban Search and Rescue Team is entitled to 15 days of paid leave per fiscal year (July 1 through June 30) when engaged in authorized training or duty ordered by proper authority. An additional seven days of leave per fiscal year are available if called to state active duty in response to a disaster. In addition, an employee is entitled to use available state and local personal or sick leave during a time of active military service.

Reemployment after Military Leave. Employees who leave the District to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably discharged. Employees who wish to return to the District will be reemployed if they are qualified to perform the essential functions of the job. Employees returning to work following military leave should contact the Human Resources Department. In most cases, the length of federal military service cannot exceed five (5) years.

Continuation of Health Insurance. Employees who perform service in the uniformed services may elect to continue their health plan coverage at their own cost for a period not to exceed 24 months. Employees should contact the Human Resources Department for details on eligibility, requirements, and limitations.

Mental Health Leave

An employee who experiences a traumatic event in the scope of employment shall be granted a maximum of three days of mental health leave per traumatic event. Examples of traumatic events that may qualify for mental health leave include an employee who, as a direct result of performing the employee's job duties, is involved in the response to, or investigation of, a school related event resulting in the fatality of a student, staff member or patron; a severe casualty or fatality such as a homicide, suicide, or aggravated assault resulting in life threatening injuries, or a District police officer in performance of the officer's duties discharges the officer's weapon resulting in a fatality or serious bodily injury of a person.

An employee directly involved in a traumatic event may request the use of mental health leave by submitting a completed leave application to the CISD Leave Office within seven (7) calendar days of the traumatic event. Medical certification by a healthcare provider as defined by the Family and Medical Leave Act must be submitted with the request. Forms for leaves of absence may be downloaded and printed from the CISD website under the Human Resources Department section.

Leave for Peace Officers

Policy DEC

A District peace officer who is ordered by the Montgomery County Public Health Authority or the Superintendent to quarantine due to known exposure to a qualifying communicable disease while on duty is entitled to paid leave for the period specified in the order. Qualifying communicable diseases are those contracted while in the scope of employment with the District and defined as "notifiable conditions" by the Texas Department of State Health Services in Title 25 of the Texas Administrative Code §97.3. An officer requesting leave is required to provide written certification from the Montgomery County Public Health Authority or Superintendent to validate the need for leave. Certification must be provided to the CISD Leave Office.

If the officer is away from home on District business that has been approved in advance by the Chief of Police, then the officer may be eligible for reimbursement for reasonable expenses for food, travel, and lodging while the officer is required by the Montgomery County Public Health Authority or Superintendent to quarantine away from the officer's home. Requests for reimbursement must be made in accordance with the District's Finance Manual.

School Business Leave

Policy DEC

School business leave with full pay may be granted to employees by the Superintendent or designee for short periods of time for the purpose of attending professional meetings or other school-related responsibilities. School business leave is granted only for school-related purposes. Such leaves are limited by the budgetary allotment and in most cases must be planned during the spring prior to budget preparation. There are two categories of school leave:

- Leave where individuals pay all or part of their own expenses;
- Leave where individuals attend meetings at District expense as an official representative of the school system.

Payment for Accumulated Leave Upon Separation

Policy DEC

An employee who separates from employment with the District will receive payment for accumulated local leave under the following conditions:

1. The employee's separation from employment is voluntary, i.e., the employee is retiring or resigning and is not being discharged or nonrenewed.
2. The employee provides advance written notice of intent to separate from employment. Contract employees must provide written notice at least 30 days before the last day of employment. Noncontract employees must provide written notice at least two weeks before the last day of employment.

Professional staff eligible for payment will receive the current standard certified substitute teacher rate for each day of accumulated local leave, to a maximum of \$5,000. Paraprofessional and auxiliary staff eligible for payment will receive the substitute paraprofessional rate for each day of accumulated local leave, to a maximum of \$5,000. If the employee is reemployed with the District, days for which the employee received payment will not be available to that employee. If an employee dies while employed by the District, the employee's estate shall receive the payment in accordance with this provision.

Payment for Accumulated Leave Upon Retirement

Policy DEC

Administrative and professional personnel employed prior to July 1, 1988, who retire under the eligibility provisions of the Teacher Retirement System of Texas (TRS) will receive payment according to the employee's last daily rate of pay, to a maximum of 60 accumulated days of state sick leave accumulated prior to May 31, 1995, and state personal leave, as evidenced by service records. Payment will be made as compensation and paid at the time of the final contract salary check immediately prior to retirement. The District may require proof of actual retirement. If an administrative or professional employee, who was employed prior to July 1, 1988, dies while employed by the District, his or her estate will be paid any accumulated state sick and personal leave, to a maximum of 60 days as evidenced by service records. This provision applies only to leave earned while employed in the District, and the District will record any state days paid upon retirement on the employee's service record.

Paraprofessional and auxiliary personnel employed prior to July 1, 1988, who retire under the eligibility provisions of the Teacher Retirement System of Texas (TRS) will receive payment according to the employee's last daily rate of pay, to a maximum of 30 accumulated days of local sick leave, state sick leave earned prior to May 31, 1995, and state personal leave, as evidenced by service records. Payment will be made as compensation and paid at the time of the final paycheck immediately prior to retirement. The District may require proof of actual retirement. If a paraprofessional or auxiliary employee, who was employed prior to July 1, 1988, dies while employed by the District, his or her estate will be paid for any accumulated local sick leave, state sick leave, and state personal leave, to a maximum of 30 days as evidenced by service records. This provision shall apply only to leave earned

while employed in the District, and the District will record any state days paid upon retirement on the employee's service record.

Off-duty/Vacation Days

Employees who work a 217- or 226-day work schedule are entitled to off-duty days each year. Off-duty days are not paid leave; they are non-workdays. The total number of off-duty days may vary from year to year depending on the school calendar. Off-duty days may be taken at any time during the calendar year, but prior approval is required by the employee's supervisor. Non-exempt employees must use off-duty days by June 30 each year. Exempt employees must use off-duty days by August 31 each year.

Employees who start work after the work schedule has begun for the school year may or may not be eligible for off-duty days. For example, if a 226-day employee is hired after the start of the work schedule, and only 192 possible workdays remain in the current year's work schedule, no off-duty days will be available to the employee for the remainder of the year's work schedule.

Auxiliary employees who work a 260/261-day work schedule are entitled to up to 10 paid vacation days each year. Use of vacation days must be approved in advance by the employee's supervisor. Vacation days do not carry over from one school year to the next. Any unused vacation days will no longer be available for use after the August 15 paycheck.

Employee Relations and Communications

Employee Recognition and Appreciation

Continuous efforts are made throughout the year to recognize employees who make an extra effort to contribute to the success of the District. Employees are recognized at Board meetings, in newsletters, and through special events and activities. Service pins are given to employees in five-year increments after five years of employment with the District. To receive credit, the employee must be classified as full-time and work at least 90 days during the school calendar year.

District Communications

Throughout the school year, the Communications Department publishes newsletters, brochures, fliers, calendars, news releases, and other communication materials. These publications offer employees and the community information pertaining to school activities and achievements.

Complaints and Grievances

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the Board has adopted an orderly grievance process. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time.

The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the Board of Trustees. For ease of reference, the District's policy concerning the process of bringing concerns and complaints is reprinted as follows:

Informal Process. The Board encourages employees to discuss their concerns and complaints through informal conferences with their supervisor, principal, or other appropriate administrator. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Direct Communication with Board Members. Employees shall not be prohibited from communicating with a member of the Board regarding District operations except when communication between an employee and a Board member would be inappropriate because of a pending hearing or appeal related to the employee.

Formal Process. If an informal conference regarding a complaint fails to reach the outcome requested by the employee, he or she may initiate the formal process described below by timely filing a written complaint using the District’s form. Even after initiating the formal complaint process, employees are encouraged to seek informal resolution of their concerns. An employee whose concerns are resolved may withdraw a formal complaint at any time. The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or “mini-trial” at any level.

Notice to Employees. The District shall inform employees of this policy.

Freedom from Retaliation. Neither the Board nor any District employee shall unlawfully retaliate against an employee for bringing a concern or complaint.

Whistleblower Complaints. Whistleblower complaints shall be filed within the time specified by law and may be made to the Superintendent or designee beginning at Level Two. Timelines for the employee and the District set out in this policy may be shortened to allow the Board to make a final decision within 60 calendar days of the initiation of the complaint. [See DG]

Complaints against Supervisors. Complaints alleging a violation of law by a supervisor may be made to the Superintendent or designee. Complaints alleging a violation of law by the Superintendent may be made directly to the Board or designee.

Complaints. In this policy, the terms “complaint” and “grievance” shall have the same meaning. This policy shall apply to all employee complaints, except as provided below. This policy shall not apply to:

- Complaints alleging discrimination, including violations of Title IX (gender), Title VII (sex, race, color, religion, national origin), ADEA (age), or Section 504 (disability); [See DIA]
- Complaints alleging certain forms of harassment, including harassment by a supervisor and violations of Title VII; [See DIA]
- Complaints concerning retaliation relating to discrimination and harassment; [See DIA]
- Complaints concerning instructional materials; [See EFA]
- Complaints concerning a commissioned peace officer who is an employee of the District; [See CKE]
- Complaints arising from the proposed nonrenewal of a term contract issued under Chapter 21 of the Education Code; [See DFBB]
- Complaints arising from the proposed termination or suspension without pay of an employee on a probationary, term, or continuing contract issued under Chapter 21 of the Education Code during the contract term; [See DFAA, DFBA, or DFCA, respectively]
- Complaints regarding the use or disclosure of protected health information under the Health Insurance Portability and Accountability Act, in accordance with CRD (LOCAL).

Filing. Complaint forms and appeal notices may be filed by hand-delivery, fax, or U.S. Mail. Hand-delivered filings shall be timely filed if received by the appropriate administrator or designee by the close of business on the deadline. Fax filings shall be timely filed if they are received on or before the deadline, as indicated by the date/time shown on the fax copy. Mail filings shall be timely filed if they are postmarked by U.S. Mail on or before the deadline and received by the appropriate administrator or designated representative no more than three days after the deadline.

Response. At Levels One and Two, “response” shall mean a written communication to the employee from the appropriate administrator. Responses may be hand-delivered or sent by U.S. Mail to the employee’s mailing address of record. Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.

Days. “Days” shall mean District business days, unless otherwise noted. In calculating timelines under this policy, the day a document is filed is “day zero.” The following business day is “day one.”

Representative. “Representative” shall mean any person who, or an organization that does not claim the right to strike and is designated by the employee to represent him or her in the complaint process. The employee may designate a representative through written notice to the District at any level of this process. If the employee designates a representative with fewer than three days’ notice to the District before a scheduled conference or hearing, the District may reschedule the conference or hearing to a later date, if desired, in order to include the District’s counsel. The District may be represented by counsel at any level of the process.

Consolidating Complaints. Complaints arising out of an event or a series of related events shall be addressed in one complaint. Employees shall not bring separate or serial complaints arising from any event or series of events that have been or could have been addressed in a previous complaint. When two or more complaints are sufficiently similar in nature and remedy sought to permit their resolution through one proceeding, the District may consolidate the complaints.

Untimely Filings. All time limits shall be strictly followed unless modified by mutual written consent. If a complaint form or appeal notice is not timely filed, the complaint may be dismissed, on written notice to the employee, at any point during the complaint process. The employee may appeal the dismissal by seeking review in writing within 10 days from the date of the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Costs Incurred. Each party shall pay its own costs incurred in the course of the complaint.

Complaint Form. Complaints under this policy shall be submitted in writing on a form provided by the District. Copies of any documents that support the complaint should be attached to the complaint form. If the employee does not have copies of these documents, they may be presented at the Level One conference. After the Level One conference, no new documents may be submitted by the employee unless the employee did not know documents existed before the Level One conference. A complaint form that is incomplete in any material aspect may be dismissed but may be re-filed with all the required information if the re-filing is within the designated time for filing a complaint.

Level One

Complaint forms must be filed:

- Within 15 days of the date the employee first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
- With the District Legal Department.

If the complaint is not filed with the District’s Legal Department, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the Legal Department.

The appropriate administrator shall be appointed to serve as the Level One hearing officer. The hearing officer shall investigate as necessary and hold a conference with the employee within 10 days after receipt of the written complaint. The hearing officer may set reasonable time limits for the conference.

The hearing officer shall provide the employee a written response within 10 days following the conference. In reaching a decision, the hearing officer may consider information provided at the Level One conference and any other relevant documents or information the hearing officer believes will help resolve the complaint.

Level Two

If the employee did not receive the relief requested at Level One or if the time for a response has expired, the employee may request to appeal the Level One decision. Requests to appeal under this policy shall be submitted in writing on a form provided by the District. The appeal form must be filed with the District’s Legal Department within 10 days of the date of written Level One response or, if no response was received, within 10 days of the Level One response deadline. After receiving notice of the appeal, the Level One hearing officer shall prepare and

forward a record of the Level One complaint to the Legal Department. The employee may request a copy of the Level One record.

The Level One record shall include:

- The original complaint form and any attachments;
- All other documents submitted by the employee at Level One;
- The written response issued at Level One and any attachments; and
- All other documents relied upon by the Level One hearing officer in reaching the Level One decision.

The Level Two hearing officer shall hold a conference within 10 days after the appeal notice is filed. The conference shall be limited to the issues presented by the employee at Level One and identified in the Level Two appeal notice. At the conference, the employee may provide information concerning any documents or information relied upon by the administration for the Level One decision. The Level Two hearing officer may set reasonable time limits for the conference.

The Level Two hearing officer shall provide the employee a written response within 10 days following the conference. In reaching a decision, the hearing officer may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the hearing officer believes will help resolve the complaint. Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

Level Three

If the employee did not receive the relief requested at Level Two or if the time for a response has expired, the employee may appeal the decision to the Board. The appeal notice must be filed with the District's Legal Department, in writing, on the District's appeal notice form, within 10 days of the date of the written Level Two response or, if no response was received, within 10 days of the Level Two response deadline.

The Legal Department shall inform the employee of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board. The Legal Department shall provide the Board the record of the Level Two complaint. The employee may request a copy of the Level Two record.

The Level Two record shall include:

- The Level One record;
- The Notice of Appeal from Level One to Level Two;
- The written response issued at Level Two and any attachments; and
- All other documents relied upon by the hearing officer in reaching the Level Two decision.

If at the Level Three hearing the administration intends to rely on evidence not included in the Level Two record, the administration shall provide the employee notice of the nature of the evidence at least three days before the hearing.

The District shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BE]

The presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the employee and administration to make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the Level Three presentation. The Level Three presentation, including the presentation by the employee or the

employee's representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

The Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.

District Investigations

Policy DH

When the District investigates a complaint of misconduct, including but not limited to complaints of student abuse or any type of sexual harassment, it expects and requires the cooperation of all employees including the complainant, witnesses, and the accused. During an investigation, the District may interview employees privately and take oral and/or written statements from them. Any employee who fails to cooperate with such an investigation or to provide complete and truthful information may be subject to disciplinary action up to and including termination from employment.

Fraud and Ethics Violations

In order to improve CISD and to demonstrate a commitment to high ethical standards, the District has selected EthicsPoint, a third-party confidential hotline provider, to provide employees with a simple, risk-free way to anonymously and confidentially report activities that may involve criminal, unethical, or otherwise inappropriate behavior in violation of public law and/or Conroe ISD policies. Employees can file a report online at www.ethicspoint.com, through a link under "Employees" on the CISD website, or by dialing toll-free 1-866-294-9305. If you choose to remain anonymous, the hotline provider will not request identifying information, and their phone and computer systems will not collect identifying information. The District guarantees that reports submitted via the hotline will be handled promptly and discreetly. No retaliatory action will be taken against anyone for reporting or inquiring in good faith, or for seeking guidance on how to deal with potential or suspected wrongdoing.

Discrimination, Harassment, and Retaliation

Policies DH, DIA

Employees shall not engage in prohibited harassment, including sexual harassment, of other employees, unpaid interns, student teachers, or students. While acting in the course of their employment, employees shall not engage in prohibited harassment of other persons including Board members, vendors, contractors, volunteers, or parents. A substantiated charge of harassment will result in disciplinary action.

Individuals who believe they have been discriminated or retaliated against or harassed are encouraged to report promptly such incidents to the campus principal, supervisor, or appropriate District official. If the campus principal, supervisor, or District official is the subject of a complaint, the complaint should be made directly to the Superintendent. A complaint against the Superintendent may be made directly to the Board.

Any District employee who believes that he or she has experienced prohibited conduct based on sex, including sexual harassment, or believes that another employee has experienced such prohibited conduct, should immediately report the alleged acts. The employee may report the alleged acts to his or her supervisor, the campus principal, the Title IX coordinator, or the Superintendent. The District's Title IX coordinator's name and contact information is listed in the *Equal Employment Opportunity* section of this handbook.

The District's policy that includes definitions and procedures for reporting and investigating discrimination, harassment, and retaliation is reprinted below:

Statement of Nondiscrimination. The District prohibits discrimination, including harassment, against any employee on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. Retaliation against anyone involved in the complaint process is a violation of District policy.

Discrimination. Discrimination against an employee is defined as conduct directed at an employee on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law, that adversely affects the employee's employment.

Harassment. Prohibited harassment of an employee is defined as physical, verbal, or nonverbal conduct based on an employee's race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law, when the conduct is so severe, persistent, or pervasive that the conduct:

- Has the purpose or effect of unreasonably interfering with the employee's work performance;
- Creates an intimidating, threatening, hostile, or offensive work environment; or
- Otherwise adversely affects the employee's performance, environment, or employment opportunities.

Examples: *Examples of prohibited harassment may include offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, gender identity, or need for workplace accommodation; threatening or intimidating conduct; offensive jokes, name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other stereotypes; or other types of aggressive conduct such as theft or damage to property.*

Sexual Harassment. Sexual harassment is a form of sex discrimination defined as unwelcome sexual advances, requests for sexual favors, sexually motivated physical, verbal, or nonverbal conduct, or other conduct or communication of a sexual nature when:

- Submission to the conduct is either explicitly or implicitly a condition of an employee's employment, or when submission to or rejection of the conduct is the basis for an employment action affecting the employee; or
- The conduct is so severe, persistent, or pervasive that it has the purpose or effect of unreasonably interfering with the employee's work performance or creates an intimidating, threatening, hostile, or offensive work environment.

Examples: *Examples of sexual harassment may include sexual advances, touching intimate body parts, coercing or forcing a sexual act on another, jokes or conversations of a sexual nature, and other sexually motivated conduct, communication, or contact.*

Retaliation. The District prohibits retaliation against an employee who makes a claim alleging to have experienced discrimination or harassment, or another employee who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation.

An employee who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding harassment or discrimination is subject to appropriate discipline.

Examples: *Examples of retaliation may include termination, refusal to hire, demotion, and denial of promotion. Retaliation may also include threats, unjustified negative evaluations, unjustified negative references, or increased surveillance.*

Prohibited Conduct. In this policy, the term "prohibited conduct" includes discrimination, harassment, and retaliation as defined by this policy, even if the behavior does not rise to the level of unlawful conduct.

Reporting Procedures. An employee who believes that he or she has experienced prohibited conduct or believes that another employee has experienced prohibited conduct should immediately report the alleged acts. The employee may report the alleged acts to his or her supervisor or campus principal.

Alternatively, the employee may report the alleged acts to one of the District officials below.

Definition of District Officials. For the purposes of this policy, District officials are the Title IX Coordinator, the ADA/Section 504 Coordinator, and the Superintendent.

Alternative Reporting Procedures. An employee shall not be required to report prohibited conduct to the person alleged to have committed it. Reports concerning prohibited conduct, including reports against the Title IX coordinator or ADA/ Section 504 Coordinator, may be directed to the Superintendent. A report against the Superintendent may be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

Timely Reporting. Reports of prohibited conduct shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to report promptly may impair the District's ability to investigate and address the prohibited conduct.

Notice of Report. Any District supervisor who receives a report of prohibited conduct shall immediately notify the appropriate District official listed above and take any other steps required by this policy.

Investigation of the Report. The District may request, but shall not insist upon, a written report. If a report is made orally, the District official shall reduce the report to written form. Upon receipt or notice of a report, the District official shall determine whether the allegations, if proven, would constitute prohibited conduct as defined by this policy. If so, the District official shall immediately authorize or undertake an investigation, regardless of whether a criminal or regulatory investigation regarding the same or similar allegations is pending. If appropriate, the District shall promptly take interim action calculated to prevent prohibited conduct during the course of an investigation.

The investigation may be conducted by the District official or a designee, such as the campus principal, or by a third party designated by the District, such as an attorney. When appropriate, the campus principal or supervisor shall be involved in or informed of the investigation. The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

Concluding the Investigation. Absent extenuating circumstances, the investigation should be completed within 10 District business days from the date of the report; however, the investigator shall take additional time if necessary

to complete a thorough investigation. The investigator shall prepare a written report of the investigation. The report shall be filed with the District official overseeing the investigation.

District Action. If the results of an investigation indicate that prohibited conduct occurred, the District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct. The District may take action based on the results of an investigation, even if the conduct did not rise to the level of prohibited or unlawful conduct.

Confidentiality. To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Appeal. A complainant who is dissatisfied with the outcome of the investigation may appeal through DGBA (LOCAL), beginning at the appropriate level. The complainant may have a right to file a complaint with appropriate state or federal agencies.

Records Retention. Copies of reports alleging prohibited conduct, investigation reports, and related records shall be maintained by the District for a period of at least three years. [See CPC]

Access to Policy. This policy shall be distributed annually to District employees. Copies of the policy shall be readily available at each campus and the District administrative offices.

Harassment of Students

Policies DH, DHB, FFG, FFH, FFI

Sexual and other harassment of students by employees are forms of discrimination and are prohibited by law. Romantic or inappropriate social relationships between students and District employees are prohibited. Employees who suspect a student may have experienced prohibited harassment are obligated to report their concerns to the campus principal or other appropriate District official. Any District employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct based on sex, including sexual harassment, of a student shall immediately notify the District's Title IX coordinator, the ADA/504 coordinator, or Superintendent and take any other steps required by District policy.

All allegations of prohibited harassment of a student by an employee or adult will be reported to the student's parents and promptly investigated. An employee who knows of or has reasonable cause to believe that child abuse or neglect occurred must also report his or her knowledge or suspicion to the appropriate authorities, as required by law. The District's policy that includes definitions and procedures for reporting and investigating harassment of students is reprinted below:

Statement of Nondiscrimination. The District prohibits discrimination, including harassment, against any student on the basis of race, color, religion, sex, gender, national origin, disability, or any other basis prohibited by law. The District prohibits dating violence, as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of District policy.

Discrimination. Discrimination against a student is defined as conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, or on any other basis prohibited by law, that adversely affects the student.

Prohibited Harassment. Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, religion, sex, gender, national origin, disability, or any other basis prohibited by law that is so severe, persistent, or pervasive that the conduct:

- Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;

- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Prohibited harassment includes dating violence as defined by this policy.

Examples: *Examples of prohibited harassment may include offensive or derogatory language directed at another person’s religious beliefs or practices, accent, skin color, need for accommodation, threatening or intimidating conduct, offensive jokes, name calling, slurs or rumors, physical aggression or assault, display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes, or other kinds of aggressive conduct such as theft or damage to property.*

Sexual Harassment by an Employee. Sexual harassment of a student by a District employee includes both welcome and unwelcome sexual advances, requests for sexual favors, sexually motivated physical, verbal, or nonverbal conduct, or other conduct or communication of a sexual nature when:

- A District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or
- The conduct is so severe, persistent, or pervasive that it:
- Affects the student’s ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student’s educational opportunities; or
- Creates an intimidating, threatening, hostile, or abusive educational environment.

Romantic or inappropriate social relationships between students and District employees are prohibited. Any sexual relationship between a student and a District employee is always prohibited, even if consensual.

Sexual Harassment by Others. Sexual harassment of a student, including harassment committed by another student, unwelcome sexual advances, requests for sexual favors, or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

- Affects a student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Examples: *Examples of sexual harassment of a student may include sexual advances, touching intimate body parts or coercing physical contact that is sexual in nature, jokes or conversations of a sexual nature, and other sexually motivated conduct, communications, or contact.*

Necessary or permissible physical contact such as assisting a child by taking the child’s hand, comforting a child with a hug, or other physical contact not reasonably construed as sexual in nature is not sexual harassment.

Dating Violence. Dating violence occurs when one partner in a dating relationship, either past or current, intentionally uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other partner. Examples of dating violence against a student may include physical or sexual assaults, name-calling, put-downs, threats to hurt the student or the student’s family members or members of the student’s household, destroying property belonging to the student, threats to commit suicide or homicide if the student ends the relationship, attempts to isolate the student from friends and family, stalking, or encouraging others to engage in these behaviors. For purposes of this policy, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

- Affects a student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Retaliation. The District prohibits retaliation against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation. A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding discrimination or harassment, including dating violence, is subject to appropriate discipline.

Examples: Examples of retaliation include threats, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances, such as negative comments that are justified by a student’s performance in the classroom.

Prohibited Conduct. In this policy, the term “prohibited conduct” includes discrimination, harassment, dating violence, and retaliation as defined by this policy, even if the behavior does not rise to the level of unlawful conduct.

Reporting Procedures. Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to a teacher, counselor, principal, or other District employee. Alternatively, a student may report prohibited conduct directly to one of the District officials below:

Definition of District Officials. For the purposes of this policy, District officials are the Title IX Coordinator, the Section 504 Coordinator, and the Superintendent.

Notice to Parents. The District official or designee shall promptly notify the parents of any student alleged to have experienced prohibited conduct by a District employee or another adult.

Sexual Abuse and Maltreatment of Children

Policies DF, DH, FFG, FFH

The District has established a plan for addressing sexual abuse and other maltreatment of children. As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or otherwise maltreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who has reasonable cause to believe that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect following the procedures described below in *Reporting Suspected Child Abuse*.

Reporting Suspected Child Abuse

Policies DG, FFG, GRA

All employees with reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect, as defined by Texas Family Code §261.001, are required by state law to make a report to a law enforcement agency, Child Protective Services (CPS), or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering the facility) within 48 hours of the event that led to the suspicion. Alleged abuse or neglect involving a person responsible for the care, custody, or welfare of the child (including a teacher) must be reported to CPS.

Employees are also required to make a report if they have reasonable cause to believe that an adult was a victim of abuse or neglect as a child and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child, elderly person, or person with a disability.

[Reports to Child Protective Services can be made online](#) or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the District is prohibited from taking an adverse employment action against a certified or licensed professional who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to report suspected child abuse may result in prosecution as a Class A misdemeanor. The offense of failure to report by a professional may be a state jail felony if it is shown the individual intended to conceal the abuse or neglect. In addition, a certified employee's failure to report suspected child abuse may result in disciplinary procedures by SBEC for a violation of the *Texas Educators' Code of Ethics*.

While an employee who suspects that a student, including a student with disabilities or who is no longer a minor, has been or may be abused or neglected should also report their concerns to the campus principal, it is not required. Notifying a principal or other administrator does not relieve an employee of their obligation to make a report to Child Protective Services. Employees must cooperate with investigators of child abuse and neglect.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

Reporting Crime

Policy DG

The Texas Whistleblower Act protects District employees who make good faith reports of violations of law by the District to an appropriate law enforcement authority. The District is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against an employee who makes a report under the Act. State law also provides employees with the right to report a crime witnessed at the school to any peace officer with authority to investigate the crime.

Scope and Sequence

Policy DG

If a teacher determines that students need more or less time in a specific area to demonstrate proficiency in the Texas Essential Knowledge and Skills (TEKS) for that subject and grade level, the District will not penalize the teacher for not following the District's scope and sequence.

The District may take appropriate action if a teacher does not follow the District's scope and sequence based on documented evidence of a deficiency in classroom instruction. This documentation can be obtained through observation or substantiated and documented third-party information.

Alcohol- and Drug-Abuse Prevention

Policy DH

CISD is committed to maintaining an alcohol- and drug-free environment and will not tolerate the use of alcohol and illegal drugs in the workplace and at school-related or school-sanctioned activities on or off school property. Employees who use or are under the influence of alcohol or illegal drugs as defined by the Texas Controlled Substances Act during working hours may be dismissed. The District's policy regarding employee drug use follows:

Tobacco Use. Employees shall not use tobacco products, including electronic cigarettes, vapors, and smokeless tobacco on District premises, in District vehicles, nor in the presence of students at school or school-related activities. [See DH and GKA]

Alcohol and Drugs. Employees shall not unlawfully manufacture, distribute, dispense, possess, use, or be under the influence of any of the following substances during working hours while at school or at school-related activities during or outside of usual working hours:

- Any controlled substance or dangerous drug as defined by law, including but not limited to marijuana, any narcotic drug, hallucinogen, stimulant, depressant, amphetamine, or barbiturate;
- Alcohol or any alcoholic beverage;
- Any abusable glue, aerosol paint, or any other chemical substance for inhalation; or
- Any other intoxicant or mood-changing, mind altering, or behavior-altering drugs.

An employee need not be legally intoxicated to be considered "under the influence" of a controlled substance.

Exception. An employee who uses a drug authorized by a licensed physician through a prescription specifically for that employee's use shall not be considered to have violated this policy. See DI (Exhibit) below.

Drug-Free Workplace Requirements

The District prohibits the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances, illegal drugs, inhalants, and alcohol in the workplace. 41 U.S.C. 702(a)(1)(A); 28 TAC 169.2 The District shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the District's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance abuse programs, and the penalties that may be imposed upon employees for drug abuse violations. 41 U.S.C. 702(a)(1)(B); 28 TAC 169.2 Employees who violate this prohibition shall be subject to

disciplinary sanctions. Such sanctions may include referral to drug and alcohol counseling or rehabilitation programs or employee assistance programs, termination from employment with the District, and referral to appropriate law enforcement officials for prosecution. [See policies DH and DHE] 41 U.S.C. 702(a)(1)(A); 28 TAC 169.2

Compliance with these requirements and prohibitions is mandatory and is a condition of employment. As a further condition of employment, an employee shall notify the Superintendent of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction. Within 10 days of receiving such notice from the employee or any other source—the District shall notify the granting agency of the conviction. 41 U.S.C. 702(a)(1)(D), (E) Within 30 calendar days of receiving notice from an employee of a conviction for any drug statute violation occurring in the workplace, the District shall either (1) take appropriate personnel action against the employee, up to and including termination of employment, or (2) require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health agency, law enforcement agency, or other appropriate agency. 41 U.S.C. 703

Mandatory Training

All employees must complete certain trainings that are required by state or federal law or District policy. Completing such training is a requirement of employment.

Fraud and Financial Impropriety

Policy CAA

All employees should act with integrity and diligence in duties involving the District’s financial resources. The District prohibits fraud and financial impropriety. Fraud and financial impropriety include the following:

- Forgery or unauthorized alteration of any document or account belonging to the District;
- Forgery or unauthorized alteration of a check, bank draft, or any other financial document;
- Misappropriation of funds, securities, supplies, or other District assets, including employee time;
- Impropriety in the handling of money or reporting of District financial transactions;
- Profiteering as a result of insider knowledge of District information or activities;
- Unauthorized disclosure of confidential or proprietary information to outside parties;
- Unauthorized disclosure of investment activities engaged in or contemplated by the District, except as otherwise permitted by law or District policy;
- Accepting or seeking anything of material value from contractors, vendors, or other persons providing services or materials to the District, except as otherwise permitted by law or District policies;
- Destroying, removing, or inappropriately using records, furniture, fixtures, or equipment;
- Failing to provide financial records required by federal, state, or local entities;
- Failure to disclose conflicts of interest as required by law or District policy;
- Any other dishonest act regarding the finances of the District; and
- Failure to comply with requirements imposed by law, the awarding agency, or a pass-through entity for state and federal awards.

Conflict of Interest

Policy CB, DBD

Employees are required to disclose in writing to the District any situation that creates a potential conflict of interest with the proper discharge of assigned duties and responsibilities or creates a potential conflict of interest with the best interests of the District. This includes the following:

- A personal financial interest;
- A business interest;

- Any other obligation or relationship; and
- Non-school employment.

An employee with a substantial interest in a business entity or interest in real property must disclose the interest to the District prior to the award of a contract or authorization of payment. This is done by filing an affidavit with the Superintendent, Board President, or designee. Employees should contact their supervisor for additional clarification. For more information about conflicts of interest, please see Appendix A of this handbook.

Gifts and Favors

Policy DBD

Employees may not accept gifts or favors that could influence, or be construed to influence, the employee's discharge of assigned duties. Gifts with a value of \$50.00 or more are presumed to be inappropriate. The acceptance of a gift, favor, or service by an administrator or teacher that might reasonably tend to influence the selection of textbooks, electronic textbooks, instructional materials, or technological equipment may result in prosecution of a Class B misdemeanor offense. This does not include staff development, teacher training, or instructional materials, such as maps or worksheets, that convey information to students or contribute to the learning process. For more information about gifts and favors, please see Appendix A of this handbook.

Associations and Political Activities

Policy DGA

The District does not directly or indirectly discourage employees from participating in political matters or require any employee to join any group, club, organization, or association. Employees may join or refuse to join any professional association or organization. An individual's employment will not be affected by membership or a decision not to be a member of any employee organization that exists for the purpose of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work. Use of District resources, including work time, for political activities is prohibited.

The District encourages personal participation in the political process, including voting. Employees who need to be absent from work to vote during the early voting period or on Election Day must communicate with their immediate supervisor prior to the absence.

Charitable Contributions

Policy DG

The Board or any employee may not directly or indirectly require or coerce an employee to make a contribution to a charitable organization or in response to a fund raiser. Employees cannot be required to attend a meeting called for the purpose of soliciting charitable contributions. In addition, the Board or any employee may not directly or indirectly require or coerce an employee to refrain from making a contribution to a charitable organization or in response to a fundraiser or attending a meeting called for the purpose of soliciting charitable contributions.

The District has developed and promotes a comprehensive program to ensure the safety of its employees, students, and visitors. The safety program includes guidelines and procedures for responding to emergencies and activities to help reduce the frequency of accidents and injuries. See the Emergencies section for additional information. To prevent or minimize injuries to employees, coworkers, and students, and to protect and conserve District equipment, employees must comply with the following requirements:

- During the school day, doors should be locked at all times, including all building perimeter, interior classroom, and free-standing structures such as field houses and portable building doors;
- Observe all safety rules;

- Keep work areas clean and orderly at all times;
- Immediately report all accidents to their supervisor; and
- Operate only equipment or machines for which they have training and authorization.

While driving on District business, employees are required to abide by all state and local traffic laws. Employees driving on District business are prohibited from texting and using other electronic devices that require both visual and manual attention while the vehicle is in motion. Employees must exercise care and sound judgement in determining whether to use hands-free technology while the vehicle is in motion.

General Safety Procedures

Please see Appendix B for the District’s General Safety Procedures.

Communicable Disease Mitigation Measures

CISD employees must comply with safety measures established by local, state, or federal authorities.

Safe Operation of District Vehicles

All District vehicles will be operated in the safest manner possible. The following guidelines will apply:

- When driving, employees must be physically and mentally capable of operating any vehicle safely. No employee should operate a District vehicle after having consumed alcoholic beverages or having taken medication that may cause drowsiness;
- Drivers must obey all traffic laws and observe legal speed limits at all times;
- Any traffic citations are the responsibility of the driver and must be reported to the driver’s immediate supervisor as soon as possible;
- Employees are responsible for maintaining in good mechanical operating condition any vehicles assigned to them. Necessary repairs may be requested on a department work order;
- Employees must comply with all federal, state, and local laws and regulations regarding the use of mobile technology devices, including cellular telephones;
- Use of cellular telephones while driving is discouraged; and
- Employees will not send or read text messages or emails, dial cell phones, or view any type of electronic device, including GPS type systems and computers, while driving.

Asbestos Management Plan

Policy CKA

The District is committed to providing a safe environment for employees. An accredited management planner has developed an asbestos management plan for each school. A copy of the District’s management plan is kept in each principal’s office and is available for inspection during normal business hours.

Integrated Pest Management

Policies CLB, DI

The District believes structural and landscape pests, along with pesticides, can pose a risk to people, property, and the environment. It is the directive of the District to incorporate integrated pest management (IPM) procedures for the control of structural and landscape pests and pesticide applications.

Definition of Pests. Pests are populations of living organisms (animals, plants, or microorganisms) that interfere with the use of District buildings and grounds for school purposes. Strategies for managing pest populations will be determined by the pest species and/or whether that pest species or the population of that species poses a threat to people, property, or the environment.

Pest Management. Pests will be managed to:

- Reduce any potential health hazard and to protect against a threat to public safety;

- To enhance the quality of life for students, staff, and others;
- To prevent loss or damage to District property; and
- To prevent the spread of pests to the community.

Integrated Pest Management (IPM) Procedures. IPM procedures will determine when to control pests and whether to use mechanical, physical, cultural, chemical, or biological means, or any combination of these. IPM practitioners depend on current, comprehensive information of the pest and its environment and the best pest control method available to present the least possible hazard to people, property, and the environment.

The choice of using a pesticide will be made after a review of all other available options and a determination that these options are not acceptable. Staffing and costs will not be adequate reasons for use of chemical control. Non-chemical methods will be implemented whenever possible to control the pests. IPM principles will be employed to manage pest populations. The full range of alternatives, including no action, will be considered.

When it is determined that a pesticide must be used to meet the management goals, the least hazardous material will be used.

All applications of pesticides will be applied in accordance with the Federal Insecticides, Fungicide, and Rodenticide Act (7 USC 136 et seq.) and District policies and procedures, Environmental Protection Agency regulations in Chapter 40 Code of Federal Regulations, Occupational Safety and Health Administration regulations, and state and local regulations.

All records of pesticide use and treatment will be maintained in accordance with the Texas Department of Agriculture Structural Pest Control Service. All other records required by regulatory agencies will be maintained as required by the appropriate agency. All pest surveillance data information will be maintained to verify the need for treatment.

The District will notify the school, staff, and students of pesticide treatment. The District will provide parents, who wish to be informed in advance of pesticide application, with notification and supply them with information as needed. All notification will be done in accordance with Texas Department of Agriculture Structural Pest Control Service regulations.

Currently in Texas, pesticides are classified in order of least toxic to most toxic: green, yellow, or red. It is the District's position that pesticide purchases will be limited to the amount authorized for use during one year or less (the District will regularly purchase only chemicals that are on the green or yellow list). All chemicals on the red list will be purchased when needed and in the amount needed. All pesticides will be stored and disposed of in accordance with EPA registered label directions and state regulations. Pesticides must be stored on an appropriate, secure site not accessible to students or unauthorized personnel.

All pesticide applications must be applied by licensed applicators, educated and trained in the principles and practices of IPM. All applications comply with product labels and District policies and procedures.

All District employees are responsible for complying with the District's IPM policy and must assist in its implementation by following these rules:

- All snack foods must be stored in storage containers. Metal or glass jar containers are best;
- No foods, such as cakes, cookies, or pies should be left out in break rooms or classrooms overnight; and
- Do not apply any insecticides on school grounds including, but not limited to: roach and ant sprays, wasp sprays, or roach bait stations, etc.

Pest Control Treatment. Notices of planned pest control treatment are posted in a District building 48 hours before the treatment begins. Notices are generally posted on main entrances and in administrative offices, workrooms, and cafeterias. In addition, individual employees may request in writing to be notified of pesticide applications. An employee who requests individualized notices will be notified by telephone, written, or electronic

means. Employees are prohibited from applying any pesticide without appropriate training and prior approval of the IPM coordinator. Any application of pesticide or herbicide must be done in a manner prescribed by law and the District's IPM program. Pest control information sheets are available from the IPM coordinator in the CISD Maintenance Department.

Bloodborne Pathogens/Exposure Control Plan

In accordance with Health and Safety Code, Chapter 81, Subchapter H, and analogous to OSHA Bloodborne Pathogens Standards, the following exposure control plan exists:

Exposure Determination. The Texas Department of Health and Safety Bloodborne Pathogens Exposure Control Plan (TDHS Plan or Plan) requires employers to perform an exposure determination for employees who have occupational exposure to blood or other potentially infectious materials. The exposure determination is made without regard to the use of personal protective equipment. This exposure determination is required to list all job classifications in which employees have occupational exposure, regardless of frequency. The following job classifications apply:

- Campus nurses and clinic aides
- LVNs
- Life Skills teachers and Life Skills teacher aides
- Custodians
- PPCD teachers and PPCD teacher aides
- Plumbers
- SDC teachers and SDC teacher aides
- Culinary Arts teachers
- Speech, physical, and occupational therapists
- CPI team
- Child Care teachers and Child Care teacher aides
- Conroe ISD Police Department
- School bus drivers
- Special Ed bus monitors
- All athletic trainers, lifeguards, and high school and junior high coaches.

The job descriptions for the above employees encompass the potential occupational exposure risks to bloodborne pathogens.

Implementation Schedule and Methodology. The TDHS Plan outlines a schedule and method of implementation for the various elements of the Plan.

Compliance Methods. Universal precautions are observed to prevent contact with blood or other potentially infectious materials. All blood or other potentially infectious materials are considered infectious regardless of the perceived status of the source individual. Engineering and work practice controls are used to eliminate or minimize exposure to employees. Where occupational exposure remains after institution of these controls, personal protective equipment is used.

Supervisors and workers examine and maintain engineering and work practice controls within the work center on a regular schedule.

Hand washing facilities are also available to employees who incur exposure to blood or other potentially infectious materials. The department's plan requires that these facilities be readily accessible after incurring exposure. If hand washing facilities are not feasible, the employer is required to provide either an antiseptic cleanser in conjunction with clean cloth/paper towels, antiseptic towelettes, or waterless disinfectant. If these alternatives are used, then the hands are to be washed with soap and water as soon as feasible. After removal of personal

protective gloves, employees wash hands and any other potentially contaminated skin area immediately or as soon as feasible with soap and water. If employees incur exposure to their skin or mucous membranes, then those areas are washed with soap and water or flushed with water as appropriate as soon as feasible following contact.

Needles. Contaminated needles and other contaminated sharps are not bent, recapped, removed, sheared, or purposely broken. The Plan allows an exception to this if no alternative is feasible, and the action is required by a specific medical procedure. If such action is required, then the recapping or removal of the needle must be done by the use of a device or a one-handed technique.

Contaminated Sharps Discarding and Containment. Contaminated sharps are discarded immediately or as soon as feasible in containers that are closable, puncture resistant, leak-proof on sides and bottom, and biohazard labeled or color-coded.

During use, containers for contaminated sharps are easily accessible to personnel, located as close as is feasible to the immediate area where sharps are being used or can be reasonably anticipated to be found (e.g., laundries), maintained upright throughout use, are not allowed to overfill, and replaced routinely.

Work Area Restrictions. In work areas where there is a reasonable likelihood of exposure to blood or other potentially infectious materials, employees are not to eat, drink, apply cosmetics or lip balm, smoke, or handle contact lenses. Food and beverages are not to be kept in refrigerators, freezers, shelves, cabinets, or on counter/bench tops where blood or other potentially infectious materials are present. All procedures are conducted in a manner to minimize splashing, spraying, splattering, and generation of droplets of blood or other potentially infectious materials.

Contaminated Equipment. Equipment which may become contaminated with blood or other potentially infectious materials is examined prior to servicing or shipping and decontaminated as necessary, unless the decontamination of the equipment is not feasible. Employers place a biohazard label on all portions of contaminated equipment that remain to inform employees, service representatives, and/or the manufacturer, as appropriate.

Personal Protective Equipment. All personal protective equipment used is provided without cost to employees. Personal protective equipment is chosen based on the anticipated exposure to blood or other potentially infectious materials. All garments which are penetrated by blood are removed immediately or as soon as feasible and placed in the appropriate container. Gloves are worn where it is reasonably anticipated that employees will have hand contact with blood, other potentially infectious materials, non-intact skin, and mucous membranes.

Latex sensitive employees are provided with suitable alternative personal protective equipment. Disposable gloves are not to be washed or decontaminated for reuse and are to be replaced as soon as practical when they become contaminated or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised.

Housekeeping. Employees shall ensure that the worksite is maintained in a clean and sanitary condition. The employer shall determine and implement an appropriate written schedule for cleaning and method of decontamination based upon the location within the facility, the type of surface to be cleaned, type of soil present, and tasks or procedures being performed in the area. All contaminated work surfaces are decontaminated after completion of procedures immediately or as soon as feasible after any spill of blood or other potentially infectious materials and at the end of the work shift. Protective coverings (e.g., plastic wrap, aluminum foil, etc.) used to cover equipment and environmental surfaces are removed and replaced as soon as feasible when they become contaminated or at the end of the work shift. All bins, pails, cans, and similar receptacles are inspected and decontaminated on a regularly scheduled basis. Any broken glassware which may be contaminated is not picked up directly with the hands.

Regulated Waste Disposal. All contaminated sharps are discarded as soon as feasible in sharps containers located as close to the point of use as feasible in each work area. Regulated waste other than sharps is placed in

appropriate containers that are closable, leak resistant, labeled with a biohazard label or color coded, and closed prior to removal. If outside contamination of the regulated waste container occurs, it is placed in a second container that is also closable, leak proof, labeled with a biohazard label or color-coded, and closed prior to removal. All regulated waste is properly disposed of in accordance with federal, state, county, and local requirements.

Laundry Procedures. Although soiled linen may be contaminated with pathogenic microorganisms, the risk of disease transmission is negligible if it is handled, transported, and laundered in a manner that avoids transfer of microorganisms to patients, personnel, and environments. Rather than rigid rules and regulations, hygienic and common-sense storage and processing of clean and soiled linen is recommended. The methods for handling, transporting, and laundering of soiled linen are determined by the agencies' written policy and any applicable regulations.

Hepatitis B. The TDHS Plan requires the District to perform an exposure determination for employees who have occupational exposure to blood or other potentially infectious materials. The exposure determination is made without regard to the use of personal protective equipment. The District must identify all job classifications in which employees have occupational exposure, regardless of frequency, and offer the Hepatitis B vaccine, at no cost to the employee, under the supervision of a licensed healthcare professional. The District has determined that the following job classifications apply:

- Campus nurses and clinic aides
- LVNs
- Life Skills teachers and Life Skills teacher aides
- Custodians
- PPCD teachers and PPCD teacher aides
- Plumbers
- SDC teachers and SDC teacher aides
- Culinary Arts teachers
- Speech, physical, and occupational therapists
- CPI team
- Child Care teachers and Child Care teacher aides
- Conroe ISD Police Department
- School bus drivers
- Special Ed bus monitors
- All athletic trainers, lifeguards, and high school and junior high coaches.

Please see your supervisor for more information.

Post Exposure Evaluation and Follow Up. When the employee incurs an exposure incident, the employee reports to the Director of Health Services. All employees who incur an exposure incident are offered a confidential medical evaluation and follow up as follows:

- Documentation of the route(s) of exposure and the circumstances related to the incident;
- Identification and documentation of the source individual, unless the employer can establish that identification is infeasible or prohibited by state or local law. After obtaining consent, unless law allows testing without consent, the blood of the source individual should be tested for HIV/HBV infectivity, unless the employer can establish that testing of the source is infeasible or prohibited by state or local law;
- The results of testing of the source individual are made available to the exposed employee with the employee informed about the applicable laws and regulations concerning disclosure of the identity and infectivity of the source individual;

- The employee is offered the option of having his/her blood collected for testing of the employee's HIV/HBV serological status. The blood sample is preserved for at least 90 days to allow the employee to decide if the blood should be tested for HIV serological status. If the employee decides prior to that time that testing will be conducted, then testing is done as soon as feasible;
- The employee is offered post exposure prophylaxis in accordance with the current recommendations of the U.S. Public Health Service; and
- The employee is given appropriate counseling concerning infection status, results and interpretations of tests, and precautions to take during the period after the exposure incident. The employee is informed about what potential illnesses can develop and to seek early medical evaluation and subsequent treatment. The department head is designated to assure that the policy outlined here is effectively carried out and maintains records related to this policy.

Interaction with Healthcare Professionals. A written opinion is obtained from the healthcare professional who evaluates employees of this facility or organization after an exposure incident. In order for the healthcare professional to adequately evaluate the employee, the healthcare professional is provided with:

- A copy of the CISD exposure control plan;
- A description of the exposed employee's duties as they relate to the exposure incident;
- Documentation of the route(s) of exposure and circumstances under which the exposure occurred;
- Results of the source individual's blood tests (if available); and
- Medical records relevant to the appropriate treatment of the employee.
- Written opinions are obtained from the healthcare professional in the following instances:
 - When the employee is sent to obtain the Hepatitis B vaccine; or
 - Whenever the employee is sent to a healthcare professional following an exposure incident.

Healthcare professionals are instructed to limit their written opinions to:

- Whether the Hepatitis B vaccine is indicated;
- Whether the employee has received the vaccine;
- Whether the employee has been informed of the results of the evaluation;
- Whether the employee has been told about any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment (all other findings or diagnoses shall remain confidential and shall not be included in the written report); and,
- Whether the healthcare professional's written opinion is provided to the employee within 15 days of completion of the evaluation.

Use of Biohazard Labels. Training for all employees is conducted prior to initial assignment to tasks where occupational exposure may occur. All employees also receive annual refresher training. This training is to be conducted within one year of the employee's previous training. Training for employees is conducted by a person knowledgeable in the subject matter and includes an explanation of the following:

- Chapter 96. Bloodborne Pathogen Control;
- OSHA Bloodborne Pathogen Final Rule;
- Epidemiology and symptomatology of bloodborne diseases;
- Modes of transmission of bloodborne pathogens;
- CISD's exposure control plan (i.e., points of the plan, lines of responsibility, how the plan will be implemented, where to access plan, etc.);
- Procedures which might cause exposure to blood or other potentially infectious materials at this facility;
- Control methods which are used at the facility to control exposure to blood or other potentially infectious materials;
- Personal protective equipment available at this facility (types, use, location, etc.);

- Hepatitis B vaccine program at the facility;
- Procedures to follow in an emergency involving blood or other potentially infectious materials;
- Procedures to follow if an exposure incident occurs, to include
- U.S. Public Health Service Post Exposure Prophylaxis Guidelines;
- Post exposure evaluation and follow up; and
- An opportunity to ask questions with the individual conducting the training.

Pre-Employment Drug Testing

Policies DHE (L), DF

Employees whose position requires the transportation of students are required to pass a pre-employment alcohol and controlled substances test, as well as be subject to random drug testing during the school year. This testing provision applies to bus drivers, police officers, and all other employees who are required to operate a District vehicle and hold a commercial driver's license. Employees who test positive in a random alcohol or controlled substances test are subject to appropriate discipline from suspension without pay during the period of removal from safety sensitive functions, up to and including termination of employment.

Tobacco Products and E-Cigarette Use

Policies DH, FNCD, CKA

State law prohibits smoking or using tobacco products or e-cigarettes on all District-owned property and at school-related or school-sanctioned activities, on or off school property. Additionally, employees shall not smoke or use tobacco products, including electronic cigarettes, vapors, and smokeless tobacco, at school-related or school-sanctioned activities on or off school property, in District vehicles, nor in the presence of students at school or school-related activities. This includes all buildings, playground areas, parking facilities, and facilities used for athletics and other activities. Drivers of District-owned vehicles are prohibited from smoking, using tobacco products, or e-cigarettes while inside the vehicle. Notices stating that smoking is prohibited by law and punishable by a fine are displayed in prominent places in all school buildings.

Employee Arrests and Convictions

Policy DH

An employee must notify the employee's principal or department head in writing within three calendar days of any arrest, indictment, conviction, no contest or guilty plea, or other adjudication.

Employees who have engaged in conduct that is defined as a felony offense in Title 5, Penal Code or that is considered a crime of moral turpitude, regardless of the level of the offense, that results in an arrest, indictment, conviction, no contest plea, or other adjudication are subject to disciplinary action, including termination from employment. If an educator is arrested or criminally charged, the Superintendent is also required to report the educator's criminal history to the Division of Investigations at the Texas Education Agency (TEA).

Criminal History Background Checks

Policy DBAA

Employees may be subject to a review of their criminal history record information at any time during employment. National criminal history checks based on an individual's fingerprints, photo, and other identification will be conducted on certain employees and entered into the Texas Department of Public Safety (DPS) Clearinghouse. This database provides the District and SBEC with access to an employee's current national criminal history and updates to the employee's subsequent criminal history. The District obtains criminal history record information on persons it intends to employ. Employees are required to disclose a prior record when requested to do so at the time of employment. Failure to do so could result in termination of employment. A review committee assesses the records of employees found to have criminal records that may bar them from continued employment in the District.

Identification Badges

Employees are issued an identification badge at no cost to the employee. Each employee must wear the ID badge at all times while on District property when conducting District business. The badge must be clearly visible, except in cases where the type of work does not permit the display. Replacement badges are printed at a nominal cost to the employee.

Possession of Firearms and Weapons

Policies DH, FNCG, GKA

Employees, visitors, and students, including those with a license to carry a handgun, are prohibited from bringing firearms, location-restricted knives, clubs, or other prohibited weapons onto school premises (i.e. building or portion of a building) or any grounds or building where a school-sponsored activity takes place. A person, including an employee, who holds a license to carry a handgun may transport or store a handgun or other firearm or ammunition in a locked vehicle in a parking lot, garage, or other District provided parking area, provided the handgun or firearm or ammunition is properly stored and not in plain view. To ensure the safety of all persons, employees who observe or suspect a violation of the District's weapons policy should report it to their supervisors or call the CISD Police Department immediately.

Visitors in the Workplace

Policy GKC

All visitors are expected to enter any District facility through the main entrance and sign in or report to the building's main office. Authorized visitors will receive directions or be escorted to their destination. Employees who observe an unauthorized individual on the District premises should immediately direct him or her to the building office or contact the administrator in charge.

Copyrighted Materials

Policy CY

Employees are expected to comply with the provisions of federal copyright law relating to the unauthorized use, reproduction, distribution, performance, or display of copyrighted materials (i.e., printed material, videos, computer data and programs, etc.). Electronic media, including motion pictures and other audiovisual works, are to be used in the classroom for instructional purposes only. Duplication or backup of computer programs and data must be made within the provisions of the purchase agreement.

Records retention guidelines apply to email correspondence and must be followed. Email is viewed as a public document and can become part of a legal process. Care should be given to the tone of email. Also, grammar and spelling should be checked before an email is sent. Be mindful of the unique forwarding properties associated with email.

Electronic Storage

The District has provided technology users with access to network storage locations for files (U: drive). The storage area provides a place where school-related items can be stored from year to year.

To maintain the integrity of the District's technology resources, shared network space, District storage space, and to enforce the *Acceptable Use Guidelines*, storage space is monitored by District staff. Inappropriate files such as games, music, inappropriate images, movies, videos, and files that consume storage space will be deleted. External electronic storage devices are subject to monitoring if used or purchased with District resources or attached to District devices.

Network Behavior

Network/internet users are responsible for their actions in accessing available resources. The following standards apply to all users of the network/internet:

- The user in whose name a system account is issued is responsible at all times for its proper use. Users may not use another person's account;
- The system may not be used for illegal purposes, in support of illegal activities, or for any other activity prohibited by District policy;
- Users may not redistribute copyrighted programs or data without the written permission of the copyright holder or designee. If using copyrighted material in Canvas, users must ensure they have digital rights. Such permission must be specified in the document or must be obtained directly from the copyright holder or designee in accordance with applicable copyright laws, District policy, and administrative regulations. All Canvas courses must limit access to only authorized users. Public Canvas courses are not allowed. The Technology Department will change all Public courses back to Institution based on a weekly basis; and

- Vandalism and mischief are prohibited. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the network/internet, or any networks that are connected to the network/internet. This includes, but is not limited to, the creation or propagation of computer viruses, spyware, and malware. Any interference with the work of other users, with or without malicious intent, is construed as mischief and is strictly prohibited;
- Deleting, examining, copying, or modifying files and/or data belonging to other users, without their permission, is prohibited;
- Forgery of email messages is prohibited. Reading, deleting, copying, or modifying the email of other users without their permission is prohibited, unless permitted by District policy or authorized by the Superintendent or his designee;

If a user identifies or has knowledge of a security problem on the network/internet, such as filtering software not working, the user should immediately notify the campus/department administrator or the System Administrator. The security problem should not be shared with others. Attempting to bypass security and filtering software is prohibited.

Attempts to log on to the network/internet impersonating a system administrator or CISD employee may result in revocation of the user's access to the Network/Internet.

Transmitting/Storing/Accessing Confidential Information

Teachers, staff, and students may not redistribute or forward confidential information (i.e. educational records, directory information, personnel records, etc.) without proper authorization. Confidential information should never be accessed, transmitted, redistributed, or forwarded to outside individuals who are not expressly authorized to receive the information. Revealing such personal information as home addresses or phone numbers of users or others is prohibited. In order to reduce the loss of confidential information due to theft or misplacement, student/staff confidential information should not be stored on portable devices such as memory sticks, laptops, or on hard drives or home machines. This information should be stored on the U: drive. Extreme caution should be used if data is stored on cloud storage (Google docs, drop box, Office 365, etc.). This storage is not provided by the District and is subject to the Terms of Use of the particular site.

If, in the event of a remote work environment, an employee must create or update documents with confidential student or personnel information on their personal computing device, the employee must delete the data from their storage and clear the recycle bin on the device as soon as the document can be uploaded to a District device.

Modification of Computer

Modifying or changing computer settings and/or internal or external configurations without appropriate permission is prohibited.

Campus, District, or Organizational Websites

Web pages hosted on the CISD website or embedded on other websites and hyperlinks from these pages must be accessible in accordance with Policy CQA. They cannot contain information that is in violation of (or promotes the violation of) any District policy or regulation, nor any local, state, or federal regulation or law.

Web pages that contain time-sensitive information, such as calendars, school events, staff information, etc., must be updated on a scheduled basis. Web pages must be checked periodically to make sure that links are current and operable.

External Links

Extreme caution should be used when adding a link to an external web page. In all cases where an external link (link to a site external to CISD domain) is used, special precautions should be made to ensure the accessibility, appropriateness, and the trustworthiness of the site. It is the responsibility of the person who authorized the links to check them frequently and to verify the site.

Cell Phones and Smart Phones

All cell phones and other smart phone devices issued to employees by the District are intended to be used for District business only. District cell phones may not be used to call directory assistance unless it is an emergency situation. District cell phones may not be taken out of the United States unless permission is granted by the Superintendent or his designee. All data generated, received, or stored on District owned equipment, including text messages, is the property of the District and generally is considered public information that is subject to public inspection and must be retained in accordance with the District's record retention schedule.

Employees may not use personal electronic communication devices (tablets, cellular phones, etc.) that interfere with his/her performance of job responsibilities. Teachers may use cellular phones in the instructional process. Teachers may also use cellular phones for business calls, including parent contacts, only during planning periods and other off-duty times during the instructional day. Text messages relating to an employee's job duties/District business are records of the District, subject to the Texas Public Information Act, and the Family Educational Rights and Privacy Act. Personal calls may not be made or received during class periods.

Please note that pursuant to state law, if an employee maintains public information created or received while acting in his or her official capacity as a District employee on a privately owned device, the employee must preserve the public information in its original form and maintain the information in accordance with the District's records retention schedule.

Consent must also be obtained from anyone arriving late to the meeting. Employees shall not electronically record telephone conversations with other employees unless all employees participating in the telephone conversation have consented to be electronically recorded. These provisions are not intended to limit or restrict electronic recording of publicly posted Board meetings, grievance hearings, and any other Board sanctioned meeting recorded in accordance with Board Policy. Electronic Communications Between Employees, Students, and Parents

(See also Board Policy DH)

The District realizes that part of 21st century learning is adapting to the changing methods of communication. The importance of teachers, students, and parents engaging, collaborating, learning, and sharing in these digital environments is part of 21st century learning.

A certified or licensed employee, an employee whose position requires a certification or license, or any other employee designated in writing by the Superintendent or a campus principal, may use electronic communications with students who are currently enrolled in the District. The employee must comply with the provisions outlined below. Electronic communications between all other employees and students who are enrolled in the District are prohibited. Employees are not required to provide students with their personal phone number or email address.

No employee may post a picture of a student with a privacy flag to any professional, campus or District electronic communication account.

Only audio/video recordings of students that comply with WCAG 2.0 Level AA requirements can be posted to professional electronic communication accounts. Additionally, if the audio/video recording was not made for instructional purposes or a purpose related to a co-curricular or extracurricular activity, the employee must obtain written parent permission from each student participating in the recording before making the recording and/or posting it. Live streaming is prohibited without written permission from each student's parent and administrative approval.

An employee who communicates electronically with students shall observe the following:

- Personal electronic communication accounts may not be associated with professional electronic communication accounts. Employees are prohibited from knowingly communicating with students through personal electronic communication accounts; Employees must create separate professional electronic media accounts for the purpose of communicating with students. The employee must enable administration and parents to access the employee's professional electronic communication account.
- Employees shall limit electronic communications with students to matters within the scope of their professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).
- All electronic communication by staff with parents and students must be professional and of the appropriate nature, purpose, timing, and amount.
- Employees do not have a right to privacy with respect to communications with students and parents.
- Employees shall not post any information to any electronic communication account that is open to the public that could compromise student safety.
- All parents and students participating in a course or activity for which an employee's professional electronic media account is established must have an opportunity to join and have equal access to communications made through the account.
- Employees continue to be subject to applicable state and federal laws, local policies, administrative regulations, and the Texas Educators' Code of Ethics including:
 - Compliance with the Public Information Act and the Family Educational Rights and Privacy Act (FERPA), including retention and confidentiality of student records (see Policies CPC and FL);

- Copyright laws (see Policy CY);
- Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student (see Policy DH).
- Upon written request from a parent or student, the employee shall discontinue electronic communication with a student.
- Upon request from administration, an employee will provide the phone number(s), electronic media, or other information regarding the method(s) of electronic communication the employee uses to communicate with one or more currently enrolled students.
- All staff are encouraged to use school email accounts for electronic communications with students and parents. If any other form of electronic communication is used with students and parents, the employee is responsible for maintaining records of the communication in accordance with the District's records retention schedule.
- An employee shall notify his or her supervisor or principal in writing within one business day if a student engages in an improper electronic communication with the employee. The employee must describe the specific form and content of the electronic communication and provide copies of the electronic communication to his or her supervisor or principal.

Transmitting, Storing and Accessing Confidential Information

Campus created lists of staff or students should never contain social security numbers or complete dates of birth. Addresses and telephone numbers should only be used with written permission from the employee. Any employee who encounters such a list should immediately delete the list from storage (U: Drive, S: Drive, desktop computer, laptop, etc.) and clear the recycle bin to prevent any unauthorized release of this highly confidential information.

Personal Use of Electronic Communications

Employees in a public school system are responsible for modeling and teaching high standards of decency and civic values. District employees must model the character they are expected to teach, both on and off the worksite. This applies to material which is posted on personal electronic communication accounts, such as TikTok, Twitter, Instagram, Snapchat, or Facebook. As role models for the District's students, employees are responsible for their public conduct, even when they are not acting as District employees. Employees will be held to the same professional standards in their public use of electronic communications as they are for any other public conduct. If an employee wishes to use an electronic communication site or similar communications for personal purposes, the employee is responsible for the content of the employee's account, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content. Employees who use electronic communication accounts for their private use should not share those sites with students.

If an employee posts messages or pictures which diminish the employee's professionalism or discredits the employee's capacity to maintain the respect of students and parents, the employee's ability to effectively perform his or her job will be impaired. This type of material includes, but is not limited to, text or pictures involving hate speech, nudity, obscenity, vulgarity, conduct illegal for a minor, or sexually explicit content. If an employee's use of electronic communication interferes with the employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment.

Employees who use electronic communication for personal purposes shall observe the following:

- Employees may not set up or update personal electronic communication accounts using the District's computers, network, or equipment.
- Employees shall limit use of personal electronic communication devices for sending or receiving calls, text messages, pictures, and videos to breaks, mealtimes, and before and after scheduled work hours, unless there is an emergency or the use is authorized by a supervisor to conduct District business.

- Employees shall not use the District’s logo or other copyrighted material of the District without the District’s express, written consent.
- Employees are prohibited from knowingly communicating with students through a personal electronic communication account. Rather, employees must create separate professional electronic communication accounts using their District email address if they intend to utilize electronic communication with students.
- Employees may not post student names, photographs, or videos in which students appear on personal electronic communication accounts.
- Employees may not share or post, in any format, information, videos, or pictures obtained while on duty or on District business on any personal electronic communication account unless an employee first obtains written approval from the employee’s immediate supervisor. Employees should be cognizant that they have access to information and images that, if transmitted to the public, could violate privacy laws and policies.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the *Educators’ Code of Ethics*, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus.

These restrictions include:

- Confidentiality of student records; [See Policy FL]
- Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law; [See DH (EXHIBIT)]
- Confidentiality of District records, including educator evaluations and private e-mail addresses; [See Policy GBA]
- Copyright law [See Policy CY] and
- Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See DH (EXHIBIT)]

- Remote access to District-owned devices and services.

Emergencies

Policies CKC, CKD

All employees should be familiar with the safety procedures for responding to emergencies, including a medical emergency. Employees should locate evacuation diagrams posted in their work areas and be familiar with shelter in place, lockout, and lockdown procedures. Emergency drills are conducted to familiarize employees and students with safety and evacuation procedures. Each campus is equipped with automated external defibrillators and bleeding control stations. Fire extinguishers are located throughout all District buildings. Employees should know the location of these devices and procedures for their use.

Purchasing Procedures

Policy CH

All requests for purchases must be submitted to the Finance Department using the District’s MIS requisition system with the appropriate approval. No purchases, charges, or commitments to buy goods or services for the District can be made without a PO number. The District will not reimburse employees or assume responsibility for purchases made without authorization. Employees are not permitted to purchase supplies or equipment for personal use through the District’s business office. Contact the Finance Department for additional information on purchasing procedures.

Name and Address Changes

It is important that employment records be kept up to date. Employees must notify the Human Resources Department if there are any changes or corrections to their name, home address, contact telephone number, marital status, emergency contact, or beneficiary. The form to process a change in personal information can be obtained from the Human Resources Department or online at the District’s website. Alternatively, employees may electronically update their home address, contact telephone number, and emergency contact through Employee Access Center. Names cannot be changed without a corrected Social Security card.

Personnel Records

Policy DBA, GBA

Most District records, including personnel records, are public information and must be released upon request. In most cases, an employee’s personal e-mail address is confidential and may not be released without the employee’s permission. Employees may choose to have the following personal information withheld:

- Address,
- Phone number, including personal cell phone number,
- Emergency contact information, and
- Information that reveals whether they have family members.

The choice not to allow public access to this information or change an existing choice may be made at any time by submitting a written request to the Human Resources Department. New or terminated employees have 14 days after hire or termination to submit a request. Otherwise, personal information may be released to the public until

a request to withhold the information is submitted or another legal exception for release of information applies. An employee is responsible for notifying the District if he or she is subject to any exception for disclosure of personal or confidential information.

Facility Use

Policies DGA, GKD

Employees who wish to use District facilities after school hours must follow established procedures. The campus principal is responsible for scheduling the use of facilities after school hours. Contact the campus principal to request use of school facilities and to obtain information on the fees charged.

Termination of Employment

Resignations

Policy DFE, DHB

Contract Employees. Contract employees may resign their position without penalty at the end of any school year if written notice is received at least 45 days before the first day of instruction of the following school year. A written notice of resignation should be submitted electronically through the Employee Access Center. Supervisors who have not been designated by the board to accept resignations shall instruct the employee to submit the resignation to the superintendent, or other person designated by board action. Contract employees may resign at any other time only with the approval of the Superintendent or the Board of Trustees. Resignation without consent may result in disciplinary action by the State Board for Educator Certification (SBEC).

The principal is required to notify the Superintendent of an educator's resignation within seven business days following an alleged incident of misconduct for any of the acts listed in *Reports to Texas Education Agency*. The Superintendent will notify SBEC when an employee resigns and there is evidence to indicate that the employee has engaged in such misconduct.

Noncontract Employees. Noncontract employees may resign their position at any time. A written notice of resignation should be submitted electronically through the Employee Access Center at least two weeks prior to the effective date. Employees are encouraged to include the reason for leaving on the e-separation form but are not required to do so.

The principal is required to notify the Superintendent of a noncertified employee's resignation or termination within seven business days following an alleged incident of misconduct of abuse of a student or involvement in a romantic relationship with or solicited or engaged in sexual conduct with a student or minor. The Superintendent will notify TEA within seven business days of receiving a report from a principal or from when the Superintendent knew about an employee's resignation or termination following an alleged incident of misconduct described above.

Information on the continuation of benefits, release of information, and procedures for requesting references will be provided in the acknowledgement letter the employee receives when his/her electronic separation form is accepted.

Employee electronic accounts will be disabled immediately after the last day worked and will be deleted completely 15 days after the last day worked.

Dismissal or Nonrenewal of Contract Employees

Policy DF Series, DHB

Employees on probationary contracts can be terminated both during the school year and at the end of the school year according to the procedures outlined in District policies. Employees on term contracts can be non-renewed at the end of the contract term, and terminated during the contract term. The Board is required to give the employee notice of its decision to terminate the employee's contract. Contract employees dismissed during the

school year, suspended without pay, or subject to a reduction in force will receive notice as required by law. The timelines and procedures to be followed when a suspension, termination, or nonrenewal occurs will be provided when written notice is given to an employee.

The principal is required to notify the Superintendent of an educator's termination within seven business days following an alleged incident of misconduct for any of the acts listed in *Reports to Texas Education Agency*. The Superintendent will notify SBEC when an employee resigns and there is evidence to indicate that the employee has engaged in such misconduct.

Advance notification requirements do not apply when a contract employee is dismissed for failing to obtain or maintain appropriate certification or when the employee's certification is revoked for misconduct. Information on the timelines and procedures can be found in the DF series in the policy manual located at <https://pol.tasb.org/Home/Index/909>.

Dismissal of Noncontract Employees

Policies DCD, DP

Noncontract employees are employed at will and may be dismissed without notice, a description of the reasons for dismissal, or a hearing. It is unlawful for the District to dismiss any employee for reasons of race, color, religion, gender, national origin, age, disability, military status, genetic information, any other basis protected by law, or in retaliation for the exercise of certain protected legal rights. Noncontract employees who are dismissed have the right to grieve the termination. Dismissed employees must follow the District process outlined in this handbook when pursuing the grievance.

The principal is required to notify the Superintendent of a noncertified employee's resignation or termination within seven business days following an alleged incident of misconduct of abuse of a student or involvement in a romantic relationship with or solicited or engaged in sexual conduct with a student or minor. The Superintendent will notify TEA within seven business days of receiving a report from a principal or from when the Superintendent knew about an employee's resignation or termination following an alleged incident of misconduct described above.

Discharge of Convicted Employees

Policy DF

The District shall discharge any employee who has been convicted of or placed on deferred adjudication community supervision for an offense requiring the registration as a sex offender or convicted of a felony under Title 5 Penal Code if the victim was a minor.

If the offense is more than 30 years before the date the person's employment began or the person satisfied all terms of the court order entered on conviction, the requirement to discharge does not apply.

Exit Interviews and Procedures

To the extent possible, exit interviews should be scheduled for all employees leaving the District. All District keys, computers, laptops, cell phones, access cards, books, property, including intellectual property, and equipment must be returned upon separation from employment.

Depending on the circumstances of an employee's separation from employment, the employee may be designated as ineligible for rehire.

Reports to Texas Education Agency

Policies DF, DHB, DHC

Certified Employees. The resignation or termination of a certified employee must be reported to the Division of Investigations at TEA if there is evidence that the employee was involved in any of the following:

- Any form of sexual or physical abuse of a minor, or any other unlawful conduct with a student or a minor;
- Soliciting or engaging in sexual contact or a romantic relationship with a student or minor;
- The possession, transfer, sale, or distribution of a controlled substance;
- The illegal transfer, appropriation, or expenditure of District or school property or funds;
- An attempt by fraudulent or unauthorized means to obtain or alter any certificate or permit for the purpose of promotion or additional compensation; and
- Committing a criminal offense or any part of a criminal offense on District property or at a school-sponsored event.

The reporting requirements above are in addition to the Superintendent’s ongoing duty to notify TEA when a certified employee or an applicant for certification has a reported criminal history. “Reported criminal history” means any formal criminal justice system charges and dispositions, including arrests, detentions, indictments, criminal information, convictions, deferred adjudications, and probations in any state or federal jurisdiction that is obtained by a means other than the Fingerprint-based Applicant Clearinghouse of Texas (FACT).

Noncertified Employees. The voluntary or involuntary separation of a noncertified employee from the District must be reported to the Division of Investigations at TEA by the Superintendent if there is evidence the employee abused or otherwise committed an unlawful act with a student or minor, was involved in a romantic relationship with a student or minor, or solicited or engaged in sexual contact with a student or minor.

Reports Concerning Court-Ordered Withholding

The District is required to report the termination of employees that are under court order or writ of withholding for child support or spousal maintenance. Notice of the following must be sent to the support recipient and the court or, in the case of child support, the Texas Attorney General Child Support Division:

- Termination of employment not later than the seventh day after the date of termination;
- Employee’s last known address; and
- Name and address of the employee’s new employer, if known.

Student Issues

Equal Educational Opportunities

Policies FB, FFH

In an effort to promote nondiscrimination and as required by law, Conroe ISD does not discriminate on the basis of race, color, religion, national origin, age, sex, gender or disability in providing education services, activities, and programs, including Career and Technical Education (CTE) programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

Questions or concerns about discrimination against students based on sex, including sexual harassment, should be directed to the District Title IX Coordinator. Questions or concerns about discrimination on the basis of a disability should be directed to the District ADA/Section 504 Coordinator. All other questions or concerns relating to discrimination based on any other reasons should be directed to the Superintendent.

Student Records

Policy FL

Student records are confidential and are protected from unauthorized inspection or use. Employees should take precautions to maintain the confidentiality of all student records. The following people are the only people who have general access to a student’s records:

- Parents: Married, separated, or divorced unless parental rights have been legally terminated and the school has been given a copy of the court order terminating parental rights;

- The student: The rights of parents transfer to a student who turns 18 or is enrolled in an institution of post-secondary education. A district is not prohibited from granting the student access to the student's records before this time; and
- School officials with legitimate educational interests. To have a legitimate educational interest, an employee must need and use the information in the student's educational record to fulfill the employee's job duties.

The Student Handbook provides parents and students with detailed information on student records. Parents or students who want to review student records should be directed to the campus principal for assistance.

Parent and Student Complaints

Policy FNG

In an effort to hear and resolve parent and student complaints in a timely manner and at the lowest administrative level possible, the Board has adopted orderly processes for handling complaints on different issues. Any campus office or the District's Legal Department can provide parents and students with information on filing a complaint.

Parents are encouraged to discuss problems or complaints with the teacher or the appropriate administrator at any time. Parents and students with complaints that cannot be resolved to their satisfaction should be directed to the campus principal. The formal complaint process provides parents and students with an opportunity to be heard up to the highest level of management if they are dissatisfied with a principal's response.

Administering Medication to Students

Policy FFAC

Only designated employees may administer prescription medication, nonprescription medication, and herbal or dietary supplements to students. Exceptions apply to the self-administration of asthma medication, medication for anaphylaxis (e.g., EpiPen®), and medication for diabetes management, if the medication is self-administered in accordance with District policy and procedures. Any other medication a student must take during the school day must be brought to school by the parent or guardian in its original, properly labeled container, along with a written request from the parent or guardian. Contact the principal or school nurse for information on procedures that must be followed when administering medication to students.

Dietary Supplements

Policies DH, FFAC

District employees are prohibited by state law from knowingly selling, marketing, or distributing a dietary supplement that contains performance-enhancing compounds to a student with whom the employee has contact as part of his or her school district duties. In addition, employees may not knowingly endorse or suggest the ingestion, intranasal application, or inhalation of a performance-enhancing dietary supplement to any student.

Psychotropic Drugs

Policy FFAC

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

District employees are prohibited by state law from doing the following:

- Recommending that a student use a psychotropic drug;
- Suggesting a particular diagnosis; and
- Excluding from class or school-related activity a student whose parent refuses to consent to a psychiatric evaluation or to authorize the administration of a psychotropic drug to a student.

Student Conduct and Discipline

Policies in the FN series and FO series

Students are expected to follow the classroom rules, campus rules, and rules listed in the Student Handbook and Student Code of Conduct. Teachers and administrators are responsible for taking disciplinary action based on a range of discipline management strategies that have been adopted by the District. Please refer to the Student Code of Conduct, located on the District website, for specific guidelines regarding appropriate disciplinary measures. Employees that have concerns about a particular student's conduct should contact the classroom teacher or campus principal.

Student Attendance

Policy FEB

Teachers and staff should be familiar with the District's policies and procedures for attendance accounting. These procedures require minor students to have parental consent before they are allowed to leave campus. When absent from school, the student, upon returning to school, must bring a note signed by the parent that describes the reason for the absence. These requirements are addressed in campus training and in the Student Handbook. Contact the campus principal for additional information.

Bullying

Policy FFI

Bullying is defined by TEC §37.0832. All employees are required to report student complaints of bullying, including cyberbullying, to the campus principal. The District's policy includes definitions and procedures for reporting and investigating bullying of students and can be found on the District's homepage.

Hazing

Policy FNCC

Students must have prior approval from the principal or designee for any type of "initiation rites" of a school club or organization. While most initiation rites are permissible, engaging in or permitting "hazing" is a criminal offense. Any teacher, administrator, or employee who observes a student engaged in any form of hazing, who has reason to know or suspect that a student intends to engage in hazing, or has engaged in hazing must report that fact or suspicion to the designated campus administrator.

Appendix A

Conflicts of Interest

Real or perceived conflicts of interest undermine the public's trust of government and can damage the reputation of a governmental entity, like a school district. The Conroe Independent School District takes seriously its fiduciary, legal, and ethical responsibilities, to its students, parents, employees, and tax payers. In Conroe ISD all employees are expected to respect and obey the law, demonstrate personal integrity, and exemplify honesty. Avoiding real or perceived conflicts of interest or disclosing them when they exist assures that employees comply with the law and meet the District's expectations for integrity and honesty. The purpose of this document is to help you understand the District's expectations as well as state and federal laws relating to conflicts of interest.

What constitutes a conflict of interest will depend on the circumstances and definitions found in both state and federal law. But generally, a conflict of interest is when a person is in a position to derive personal benefit from actions or decisions made in their official capacity. Conflicts of interest have the potential to undermine the impartiality of a person because of the possibility of a clash between the person's self-interest and the public's interest.

Under state and federal law and District policy, CISD employees are prohibited from engaging in certain acts that are considered conflicts of interest. Employees are also required to notify the District of certain business and family relationships that could be real or perceived conflicts of interest.

While some circumstances could require an employee to disclose to his or her immediate supervisor, in writing, a real or potential conflict of interest, other situations may require that a sworn statement be filed with the District's business office for posting on the District's website. These rules could apply to employees as well as to members of their families.

Certain employees must disclose in writing when they receive income, gifts, and/or have family relationships with District vendors or potential vendors. If federal funds are used to pay a District vendor, certain employees and their families are prohibited from accepting any income, gifts or other benefits from that vendor or potential vendor and are also prohibited from participating in the selection of the vendor.

Written disclosures must be made as soon as an employee becomes aware of a potential conflict of interest. Generally, employees have seven business days from the time the employee first becomes aware of the conflict of interest to submit the required written disclosure. Failing to disclose a conflict of interest could result in criminal charges being brought against an employee, as well as disciplinary consequences or termination from employment.

All District employees, regardless of their position, are required to make written disclosure under the following circumstances:

- All employees must **disclose in writing** to their supervisor any personal financial interest, any business interest, or any other obligation or relationship that in any way creates a potential conflict of interest with the proper discharge of the employee's assigned duties and responsibilities or with the best interests of the District. An example of a required disclosure would be if a teacher's husband works at a t-shirt company from which the teacher's campus frequently buys t-shirts. The teacher should disclose her husband's employment in writing to her principal and should not participate in the selection of which t-shirt company the campus uses.
- All employees must **disclose in writing** to their supervisors any outside employment that in any way creates a potential conflict of interest with the proper discharge of the employee's assigned duties and responsibilities or with the best interests of the District. A coach who is a part owner of a personal training

business that students at the coach's school frequent should notify his supervisor in writing that he is part owner of the business and should never recommend his business to any student or student's family.

Gifts or benefits given to District employees because of their position in the District are generally prohibited. Consider the following questions when determining if you can accept a gift or benefit: Who is the gift/benefit from? What is the gift/ benefit? Why is the gift/benefit being offered to me? Generally, if the gift is from a vendor, a potential vendor, or a subordinate, has more than a nominal value, and is only offered because of the employee's position in the District, it should not be accepted.

The following rules apply to gifts and benefits offered to District employees:

- Employees are prohibited from accepting gifts, favors, services or any other benefit from any District vendors, contractors or subcontractors. Gifts do not include items of nominal value such as pens, pads of paper, and the like. However, accepting items like gift cards, clothing, jewelry, electronic devices, tickets to sporting or other events, trips, or rounds of golf from a vendor are prohibited. This prohibition is particularly important when the employee is participating in the selection of a vendor or a product paid for with federal funds. Vendors can give gifts to recognized tax exempt charitable organizations affiliated with the District such as PTOs, PTAs, Booster organizations, or the District's Education Foundation.¹ An example of an improper gift/benefit would be if a local car dealer, who is a vendor of the District, gave, loaned, leased or sold at below market value, a vehicle to the head football coach. If the vendor/car dealer is typically paid with federal funds, this could also violate federal law. Even if the car dealer was not a District vendor, the head football coach could not accept this gift because it violates District policy. The gift/benefit could also have UIL implications.
- Employees are prohibited from accepting or soliciting any gift, favor, service or other benefit with a value of \$50 or more from an employee they supervise, a student or parents of a student, if the gift, favor, service or benefit could reasonably be construed to influence the employee's discharge of assigned duties and responsibilities, impair his or her professional judgment, or give the appearance of special advantage. An example of this would be a parent offering a teacher the use of the family's beach house at no cost or below market value. The teacher could not accept this gift. However, a teacher can accept a gift from the class or team that is worth more than \$50 dollars so long as the value does not exceed \$50 per student, such as when a class collects monetary donations from the students to buy the teacher or coach a gift. Coaches and sponsors of UIL sports and activities must also comply with UIL rules, which may be more strict than District rules.
- All employees of the District are considered "public servants" and are subject to Title VIII of the Texas Penal Code. Employees can never take items or benefits as consideration for an official act nor can an employee accept honorariums for services the employee would not have been asked to provide but for his/her position with the District. An example of this would be if a vendor promised a District employee a job for the employee's spouse or child if the employee helped the vendor get selected to perform work for the District. Another example would be if an employee in his or her capacity as an employee of the District is asked to give a speech or presentation. The employee cannot be paid to give the speech or presentation, but the District can accept reimbursement for the costs related to the employee's travel. Even if the employee takes a personal day to give the speech or presentation, if the employee was asked to give the speech or presentation because of his/her position with the District, the employee cannot accept an honorarium.
- Employees are prohibited from recommending, endorsing, or requiring students to purchase any product, material, or service in which the employee has a financial interest. An example of this would be a coach

recommending that his players purchase a certain brand of shoe and the shoe vendor giving the coach a monetary or other benefit for making the recommendation.

- Employees are prohibited from using their position with the District to attempt to sell products or services. An example of this would be an employee putting fliers in campus mailboxes for their lawn mowing service or using their access to employee or student contact information for the purpose of selling their product or service or the product or service of a friend, family member, or business associate.
- Employees are prohibited from tutoring their current students for pay.
- District employees who are members of booster or other school related groups cannot solicit donations from District vendors on behalf of a school organization. An example of this would be an employee who is also the parent of a student in CISD is asked to solicit donations from businesses on behalf of the booster club. Because the employee could not solicit from any vendor of the District or potential vendor of the District, the employee must decline to do this for the booster club.
- Employees can accept a meal provided by a vendor if the value of each employee's meal is less than \$50, work on behalf of the District is occurring, and the vendor is present. A District vendor providing training to employees on how to use their product, purchasing lunch for the employees attending the training, would not be a conflict of interest.
- Employees who exercise discretion or participate in the selections of and/or awards, purchases, payments, or the administration of any transactions by or with the District cannot solicit, accept, or agree to accept any benefit/gift from a person the employee knows is interested in becoming a District vendor or is a District vendor or the agent of a District vendor. This prohibition applies to the employee's family members as well. An example of this would be an employee serving on a committee to make a recommendation regarding which architectural firm should design a new school. The employee's daughter is offered a job with the architectural firm. The employee's daughter should not accept the job, the employee must disclose in writing to his/her supervisor that his daughter has been offered a job by the firm, and the employee should excuse him or herself from serving on the selection committee.
- If it is not possible to return an unsolicited benefit /gift from a vendor or potential vendor, an employee must disclose the gift in writing to the employee's supervisor and can donate the benefit /gift to a recognized tax exempt charitable organization affiliated with the District such as the PTO or a booster club. An example of this would be if a campus principal received a gift basket worth more than \$50 from a local hospital. Rather than returning the gift basket, the principal can donate the basket to the PTO silent auction.
- Employees involved with the selection of instructional materials commit a criminal offense if they receive a gift, favor, or service that is given to them or their school to influence their selection recommendation and that could not lawfully be purchased with instructional materials funds. This does not include staff development, in-service or teacher training, or ancillary materials that contribute to the learning process such as maps, worksheets, and the like. An example of this would be if any member of the District's instructional materials selection committee received a gift from one of the instructional materials vendors such as jacket, gift card, or electronic equipment. This is prohibited. A vendor can only give the committee members teaching materials.

- Employees who help select, recommend, or contract with a vendor must complete and file with the District’s Business Office, *Texas Ethics Commission Form CIS*, if any of the following situations exist:
 - If the employee or member of his/her family has an employment or business relationship with a vendor and the employee or his/her “family member”² receives taxable income from the vendor, other than investment income, that exceeds \$2,500 during the preceding 12-month period; or
 - If a vendor has given to an employee or an employee’s “family member” one or more gifts with an aggregate value of more than \$100 in the preceding 12-month period; or
 - If an employee has a “family relationship”³ with a vendor or the vendor’s employees or agents regardless of any monetary amount. *(Note that the vendor must also complete and submit Texas Ethics Commission Form CIQ.)*

An example demonstrating this requirement would be an Assistant Superintendent’s brother getting a job with ABC Construction Company. ABC Construction Company submits a bid to build a new school. The Assistant Superintendent must submit form CIS to the District’s Business Office and not participate in the selection of the construction company to build the new school. ABC Construction Company must submit form CIQ to the District’s Business Office. Both forms must be posted on the District’s website.

Sometimes it can be hard to know if a conflict of interest exists. If you are unsure, talk to your supervisor. He or she should be able to help you determine if a disclosure is required or if any prohibition exists. You may also review CISD Board Policies CAA *Fiscal Management Goals and Objectives -Financial Ethics*, CB *State and Federal Revenue Sources*, CBB *State and Federal Revenue Sources - Federal*, and DBA *Employment Requirements and Restrictions –Credentials and Records* for more information.

Maintaining trust is vital to succeeding in providing a quality education to the children of the Conroe Independent School District. The District appreciates the role you play and is confident that all of its employees will do the right thing and avoid conflicts of interest or report them when the law requires.

¹ The booster club could pay for a school employee to play on a team in a booster event such as a golf tournament, even if the team is purchased by a District vendor, so long as the booster club, not the vendor, makes the decision to give the spot on the team to a school employee. Likewise, a vendor could buy a table for a CISD Education Foundation event and give extra tickets back to the Foundation to disperse as they deem appropriate. An employee accepting a ticket to a Foundation event from the Foundation or a spot on a team from a parent organization would not be considered in violation of the District’s conflict of interest policies.

² “Family member” is defined as a person related by blood or marriage in the first degree, which generally includes parents, children, spouse, spouse’s parents, or spouse’s children.

³ “Family relationship” has a broad definition to include parents, children, spouse, spouse’s children, spouse’s parents, siblings, grandparents, grandchildren, aunts, uncles, nieces, nephews, great grandparents, great grandchildren, and first cousins.

Appendix B

Any of these items should be approved by the campus principal and be kept in common areas (teachers' lounge, break rooms, common work rooms, departmental offices, etc.). These items should be left free of debris and have at least a 6-inch area of clearance. Emphasis should be placed on using commercial rated and/or UL listed appliances. These appliances must be plugged directly into the wall outlet.
- Halogen lamps are not permitted.
- Seasonal and temporary lighting is not permitted.
- Candles, candle warmers, and coffee warmers are not permitted.
- Aerosol air fresheners, plug-ins, air fresheners that produce heat are not permitted.

Flammables, Paints, and Chemicals Management Procedures

- No outside cleaners, paints, varnishes, polishes, or pest control chemicals should be brought into the school environment except by trained individuals.
 - MSDS information must be provided to campus administration for supplies/items purchased with campus or departments funds.
- Be familiar with the online Safety Data Sheets for chemicals: [MSDS Online](#)
- Flammables and corrosives must be properly stored in approved flammables (yellow with red letters) and corrosives cabinets (blue with white or red letters). Cabinets are to be kept closed when not in use.
 - Nothing may be stored on top of these cabinets.
 - Chemical storage information can be found in Section 7 of the specific chemical's Safety Data Sheet.
- Science lab chemicals should be handled, stored, and disposed of according to Flinn Safety Guidelines.
- Paint and other chemical wastes must be stored and disposed of according to TECQ and EPA guidelines.
 - Chemical disposal information can be found in Section 13 of the specific chemical's Safety Data Sheet.

Sharp Instruments/Tools Procedures

- All paper cutters should have finger guards, blade lock, and have functional spring-loading device.
- Classrooms that use sharp tools must have a control procedure for accounting for inventory of these instruments (i.e. box cutters in art, sharp knives in family consumer science, tools in shop areas).
 - CTE has provided guidelines for inventory of sharps that includes check-in and check-out procedures.
 - The document is available on the Canvas Safety Page.
- Students that use power tools, welders, etc. must be properly trained, provided appropriate PPE (e.g., eye protection, hearing protection, hand/body protection) and demonstrate a mastery of PPE use and other safety rules.

Electrical Safety

- Surge Protectors and extension cords must be grounded and should be utilized properly and not be overloaded. Extension cords may not be used as a replacement for wiring.
- Power strips are not to be used.
- Extension cords are for temporary use only and should not be used for permanent wiring.
- Cords cannot be run through doors, windows, ceiling tiles, or other openings.
 - Use floor cord covers when needed.
- Homemade extension cords and aftermarket plugs may not be used.

- Any electrical devices used outdoors must be protected by GFCI circuit.
- Electrical appliances used within 72" of a water source or wet location must be GFCI protected (e.g. fish tanks, coffee makers, ovens).
- All electrical panel boxes must have a three-foot clearance from any materials.
- Non-grounded household extension cords are not allowed.
- All electrical equipment shall be turned off when not in use.

AV Safety

- AV equipment must be operated properly.
- LCD Projectors must be clear and free of debris that may hinder ventilation.
- Electrical cords must be protected from damage and from becoming tripping hazards.

Classroom Liquid Hand Sanitizer Safety

The effectiveness and benefits of hand sanitizers have been well documented in preventing the spread of germs. However, the main ingredient of these products is alcohol, which is extremely flammable. Because of the potential hazard of the ingredients, please take precautions in utilizing these products. School staff should be aware of the fire hazard with the hand sanitizers containing alcohol. The following recommendations for use of hand sanitizers in school should be used:

- The quantity of the solution in classrooms should not exceed 500 ml (cc) (about 16 ounces). Most products can be obtained in 8 or 12 oz. containers and would be within the recommended amount.
- If wall dispensers are used, the placement should be kept away from any source of ignition. This would include electrical outlets and light switches. The placement of portable containers should also be reviewed for safety. In addition, these dispensers should never be placed near food products.
- Hand sanitizers dispensed in the classroom should be supervised at all times. The amount used/dispensed to students should be small to minimize fire hazard. All hand sanitizers should be stored in a secure and safe area.

Animal Safety

- The easiest way to avoid issues such as disease, bites, scratches, or harm to students, staff members, or the animals is to not have animals on campus.
- Animals that are part of a class project such as FFA should be handled and protected in accordance with the club/classroom standards.
- Animals in a science classroom for curriculum purposes should be kept under the guidelines outlined by National Science Teacher Association and the Texas Science Safety Standards.
- The principal should be notified prior to an animal being brought on campus. The principal should ensure the animal is safe to be brought on to the campus and that it is kept in appropriate conditions and has had the appropriate vaccinations, etc.
- Students should not be permitted to handle animals unless it is part of the course curriculum and parents have given permission.

Doors

- During the school day, doors should be locked at all times, including all building perimeter, interior classroom, and free-standing structures such as field houses and portable building doors;
- Building entrance approaches should be monitored by front office staff via camera view computer monitors.
- All exits from the building and classrooms (including exit windows) must be kept clear for egress.

After Hours Building Entry Protocol

- Call CISD Police Dispatch (936-709-8911) when you arrive at the building and before you disarm the alarm.
- Enter the building and disarm the alarm on the closest keypad to your entry point.
- When you leave the building, re-arm the alarm and exit immediately.
- Call CISD Police Dispatch to notify them that you have exited and secured the building.

Fire Safety

- All door exits from rooms must be free of obstructions and free of combustible, non-fireproofed material.
- Nothing should be stored within 24" of the ceiling.
- Fire hazards cannot be created, stored, or maintained in the school; (e.g. wood huts, paper forests, live cut Christmas trees, hay bales.)
- Hallways and classrooms must maintain an 80% paper free environment to maintain the fire-resistant integrity of the area.
- Do not hang any items from the ceiling or ceiling tiles.
- Do not hang flammable materials that hang down over an exit such as a classroom door.
- Storage rooms should be kept neat, orderly, and free of large combustible load. Maintain at least 30" aisle space throughout storage area.
- Know the location of the nearest fire extinguisher and how to use it.
- Do not silence the fire alarm system until it is certain that no fire threat exists. In the event of an actual fire, only a fire official is permitted to silence an alarm.
- Do not enter the building if an active fire alarm or water flow bell is audible.

General Safety and Security

- All glass in classroom doors must be free of any visual obstruction.
- Maintain exit paths from classrooms the same width as the exit door opening.
- Ensure a current evacuation plan posted near the exit door clearly showing primary and secondary routes of evacuation.
- To reach high areas, DO NOT stand on anything (e.g., chairs, desks, countertops) other than appropriate step stools or ladders. Obtain a stool or ladder from the custodians.
- Do not lift or carry heavy objects by yourself. Get assistance from someone to avoid injuries.
- Desk drawers, cabinet doors and file drawers should not be left open while unattended. Pull only one drawer at a time. Heavier items should be stored in the lower file drawers to prevent the file cabinet from tipping over.
- Chairs, wastebaskets, electrical cords, rugs and other articles should not be left where they will become a tripping hazard.
- All cabinets and shelves should be stable and secured to walls to prevent tipping.
- Keep personal belongings (e.g., purses, wallets, keys) secure on your person or within a locked cabinet or drawer.
- If you are responsible for safety of children on playgrounds, maintain visual contact with all children, ensure that play structures are not overloaded, and are only used as intended.
- Read and become familiar with the CISD Multihazard Emergency Operations Procedure Manual.
- Take your class roster with you if you evacuate your room.
- Report any suspicious person or unsafe condition(s) to the Principal or your Supervisor.
