

How to Access State Assessment Scores Via Parent Access

How to Find your Child's Unique Access Code

1. Click on Parents/Students

2. Click on Parent Access Center

The *third* bullet under Resources for Parents

3. Click on Login

If you have created an account, your **User ID** is the email address you used to create the account;

OR Register for an Account

Create a Parent Access Account by clicking **Register**

4. Click on child's name

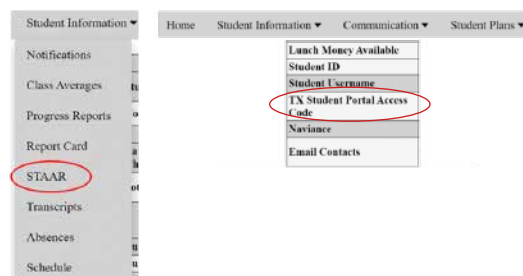

5. Click on Student Information and select STAAR (or other applicable state assessment) to see the results.

To see additional details, test scores or to print a copy of their state assessment **Student Report Card (SRC)**, please visit the **Texas Assessment Student Portal**.

Directions on how to get here are included on the back of this page.

You will need their **Unique Access Code** located in **Parent Access** under the **Home** tab under **Other Information**.

To learn more about your child's performance *or* how you can provide additional support at home, visit www.texasassessment.gov

To **access score reports** for any state assessment, complete the required fields and click **Sign On to Student Portal**.

To **request the unique access code** for a student, click **Where's My Access Code**. You will need the student's:

- First name of student
- State issued number from your child's campus
- Date of Birth
