

To whom it may concern:

It's hard to believe we're already at the beginning of another school year. Lord willing – hopefully this year will be more of a normal year for our children.

My name is Darrell Fisher. I own one of several Local GEICO Insurance Agencies here in Texas. I would love to become the biggest fund-raising partner your school district has.

I am offering a \$10.00 referral fee for every referral your school district sends to my office for a free auto/renters/homeowners quote. No purchase is necessary. This includes every call we receive and your school district is mentioned. Entire district staff, all parents of students, all friends of staff and parents – this opportunity includes anyone who calls my office and mentions your school district. Caller must be a resident of Texas.

If desired – you can send this opportunity to all individual schools in your district - and I can pay the referral fee to individual schools. If this is desired – then the school itself would have to be mentioned vs. the district. I will do what is best for your schools/district.

**We already work directly with numerous school districts here in the state.**

**Location is not an issue. 99% of our business is done over the phone and we have claims associates across the entire state.**

The opportunity here is limitless. Send a flyer home to parents of all students. Send an email to all parents. Post on all social media your district/schools have. Ask all parents and staff to post on their social media. Again – it is limitless. Get the message out there.

If your district/individual school has 300 referrals in a month – I will be sending a check for \$3000.00. Referral fee payments will be made monthly. 1000 referrals equal \$10,000.00.

No purchase is necessary. My office must be contacted directly. 972-509-5600 / 866-547-0020  
We are here 9:00am-6:00PM Monday – Saturday.

If you have an interest – please email me at [dfisher@geico.com](mailto:dfisher@geico.com) and we'll work together on getting your district/schools started immediately.

Sincerely,  
Darrell Fisher  
Principal Agent / Owner
