YMCA Partnership

- The YMCA provides after school care at 24 of our elementary campuses.
- Families at these campuses are offered quality child care in which tuition is based on a sliding scale that is dependent on family income.
- The YMCA was awarded a grant through the Texas Workforce Commission to enhance their programs including their after school programs that are hosted at local, public schools.
- All 24 campuses received benefits from this grant including additional staffing, various staff benefits to attract quality employees as well as covering the cost of child care for families experiencing financial difficulties.
- Once these expenses at each location were encumbered, the YMCA identified 16 campuses with funds remaining in the grant.

YMCA Donation Funds

- In order to make the best use of funds, the YMCA has generously offered to purchase items allowable within the grant not only to the students that utilize the YMCA after school programs, but the entire campus.
- The YMCA will work with each individual campus principal to identify equipment needs of the campus. This includes playground enhancements, cafeteria tables, sporting equipment, equipment storage, iPads™ and Chromebooks™.
- The YMCA will purchase these items and then in turn, donate them to the campus. Both the YMCA program and the campus will have full use of these items but the District will then retain ownership of those items.
- Because we are beneficiaries and not participates in this grant, there are no additional requirements including matching funds.
