# G-W Proclamation 2022 Materials Adopted by the State Board of Education

# Overview of Instructional Materials

- 100% TEKS alignment
- Texas Health Skills for Middle School, Grades 6 - 8
- Texas Health Skills for High School, Health 1
- Texas Fitness and Wellness Skills, replaces the high school *Foundations of Personal Fitness* course
- Curriculum Center for teachers provided with each (lesson plans, answer keys, presentations, activities, handouts)

# Online Textbook Information

**Link:** [www.g-wonlinetextbooks.com](http://www.g-wonlinetextbooks.com)

**Username:** conroeisd22 **Password:** cisdgwreview

All review information, including the Community Feedback Survey, can be found on the Assessment & Evaluation // Instructional Materials page on the Conroe ISD website.

# Community Feedback

The public comment period will end on

**January 31, 2022**

# High School Physical Education Courses

**Foundations of Personal Fitness** will become **Lifetime Fitness and Wellness Pursuits**.

- Will become a full-year, one credit course
- Will no longer be a prerequisite course for other high school PE courses

**Individual Sports** and **Team Sports** will be combined into **Skill-Based Lifetime Activity**

- Will become a full-year, one credit course
- There is no recommended prerequisite for this course

# High School Physical Education Courses

**Adventure/Outdoor Education** will become **Lifetime Recreation and Outdoor Pursuits**

- Will become a full-year, one credit course
- There is no recommended prerequisite for this course

**Aerobic Activities** will no longer be offered as a TEKS supported course

# TEKS Information

For more information on the revised Health and Physical Education TEKS, you may visit the TEA's Health Education TEKS Review web page and the Physical Education TEKS Review web page. Although the new TEKS are listed as "draft", they have been approved for final adoption. They are undergoing technical edits.

# What's Next?

**January 31, 2022** - Public evaluation forms due and teacher instructional materials evaluation forms will be received

**February 1, 2022** - Summary of public review will be submitted to the Teaching and Learning Department for review by the District Committee

**February 10, 2022** - District Instructional Materials Selection Committee meeting

**February 28, 2022** - Final review and selection presented to the SHAC
