

To Learn More about Your Child's Performance or How You Can Provide Additional Support at Home visit <http://www.texasassessment.org/>

The screenshot shows the Texas Assessment website interface. At the top, there are links for 'VISIT TXSCHOOLS.GOV', 'COVID-19 SUPPORT AND GUIDANCE', and 'EN ESPAÑOL'. Below that, the 'TEXAS ASSESSMENT' logo is followed by navigation links for 'FOR FAMILIES', 'FOR ADMINISTRATORS', and 'FOR EDUCATORS'. The main content area features a purple header with the text 'LEARN MORE ABOUT YOUR CHILD'S SCORE'. Below this, there is a login section with a text input for 'Unique Student Access Code', and dropdown menus for 'Student's Date of Birth' (Month, Day, Year). Two buttons are present: 'Log In to Student Portal' and 'Find My Access Code'. To the right of the login section is a video player titled 'STUDENT PORTAL OVERVIEW' with a play button and a progress bar. Below the login section, there is a section titled 'LEARN ABOUT THE ASSESSMENT YOUR CHILD MAY TAKE' with four buttons: 'GO TO STAAR ASSESSMENT', 'GO TO STAAR ALTERNATE 2 ASSESSMENT', 'GO TO TELPAS ASSESSMENT', and 'GO TO TELPAS ALTERNATE ASSESSMENT'. Three yellow arrows point from the right side of the page to the 'Log In to Student Portal' button, the 'Find My Access Code' button, and the 'GO TO STAAR ALTERNATE 2 ASSESSMENT' button.

To **access score reports** for any state assessment, complete the required fields and click **Log In to Student Portal**.

To **request the unique access code** for a student, click **Find My Access Code**. You will need the student's:

- first 10 digits of their first name
- Social Security Number or state issued number from your child's campus
- Date of Birth

To **learn more about the assessment your child has taken**, or **how to read and interpret the results**, click on the appropriate assessment button for more information.

## What Families Should Know About the 2021 STAAR

**This year's STAAR results are for learning and recovery only.**

- The scores will not be used to rate schools or districts or to evaluate teachers.
- They will not affect promotion for students in any grades.

**School and districts will use STAAR to identify learning gaps.**

- Teachers will use the scores to better understand how the pandemic impacted learning and develop plans to address learning gaps.
- District leaders will use the results to ensure the schools and students in greatest need receive the resources they need for recovery.
