## One Day Trip-Meal Examples

As a general rule an overnight stay is required for an employee to receive payment for meals. However, in the event the employee is requesting meals as a result of having to work or attend a one day event outside of normal business hours, payment for meals would be allowed.

- **Example 1:** The baseball coach is traveling with students to a playoff game in Bryan on a Friday night. They plan to leave the school at 3:00 pm and return at 11:30 pm that same night. Because the event is outside of normal work hours the coach **can receive** meal money for his/her dinner.
- **Example 2:** The cross country coach is traveling with students on a Thursday to a cross country meet in Rosenberg. They plan to leave the school at 8 am and return at 5 pm the same day. Because the event is taking place during normal work hours the coach **would not receive** meal money for his/her lunch.
- **Example 3:** The orchestra director is traveling with students on a Saturday to a UIL competition. They plan to leave the school at 8 am Saturday morning and return at 5 pm the same day. Because the event is taking place on a Saturday which is outside of normal work hours the orchestra director **can receive** meal money for his/her lunch.
- **Example 4:** An employee from the admin building is attending an all day meeting at Region IV on a Monday. They plan to leave the admin building at 8:00 am and return at 4:00 that same day. Because the event is taking place during normal work hours the employee **would not receive** meal money for his/her lunch.
