The Woodlands Church
Please touch base with your campus principal for additional information regarding the agenda for this day.

CAMPUS WORK DAY

Tuesday | August 8, 2023

2023-2024

NEW HIRE INFORMATION

CONROE
INDEPENDENT
SCHOOL DISTRICT

Welcome and thank you for choosing to join the Conroe Independent School District's outstanding team of hardworking and knowledgeable professionals who are committed to excellence.

Each new year brings excitement and anticipation as we work together to increase student achievement. The greatest impact on student success comes from you, our teachers in the classroom. A major focus of the CISD district plan is to help build the capacity of all educators. Our entire staff stands ready to assist in developing teacher capacity in order to fully understand student-learning expectations, to use research-based best practices in the classroom, and develop meaningful assessments, so that we can monitor and adjust what we do to help our students be successful every day.

I am proud to welcome you to Conroe ISD, and look forward to meeting you soon.

Regards,

Dr. Curtis Null
Superintendent of Schools

Positive Behavior Interventions & Supports (PBIS)

Positive Behavior Intervention and Supports (PBIS) is the foundation for all that we do in Conroe ISD. PBIS is a positive, proactive, and instructional approach to strengthen school climate, improve classroom management, promote positive relationships in schools, and provide students with social and behavioral skills needed to be successful learners. In Conroe ISD, we have adopted the CHAMPS approach to PBIS from Safe and Civil Schools. This is a process of thinking about classroom and behavior management that guides teachers in making research and data-based decisions on classroom management to add tools into each teacher's toolbox. It is based on the beliefs that teachers should structure their classrooms for success, explicitly teach rules, expectations and procedures, observe student behavior, interact positively, and correct fluently. Adopting the CHAMPS approach allows us to share best practices and common language across the district with staff and students alike.

During Intro to CISD, all teachers will have the opportunity to participate in learning that will be applicable to their own classroom.

Wednesday, July 26, 2023: Novice Teachers will develop an understanding of the why behind PBIS and work with the Student Support Services team to build an understanding of the essential components of classroom management. Teachers will walk away prepared for Day 1 of school with a classroom management plan and clear understanding of the structures, procedures, and routines necessary to set students up for a successful school year.

Thursday, July 27, 2023: Experienced Elementary Teachers (grades PK-6) who are new to Conroe ISD will receive a three-hour overview of PBIS in CISD. Teachers will develop a shared understanding of our district's PBIS model, best practices for classroom management, and a common language we all share surrounding PBIS. They will collaborate with the Student Support Services team, reflect on their current practices and spend time solidifying their classroom management plan for the upcoming school year.

Friday, July 28, 2023: Experienced Secondary Teachers (grades 7-12) who are new to Conroe ISD will receive a three-hour overview of PBIS in CISD. Teachers will develop a shared understanding of our district's PBIS model, best practices for classroom management, and a common language we all share surrounding PBIS. They will collaborate with the Student Support Services team, reflect on their current practices and spend time solidifying their classroom management plan for the upcoming school year.

CISD Showcase

The CISD Showcase is an opportunity to visit a “live” CISD classroom! Come see our recommendations for classroom setup as well as our best practices live in action. The Showcase is located in the cafeteria and will be open all three days.

SHOWCASE HOURS:

Wednesday 8:00 AM - 3:30 PM

Thursday 8:00 AM - 4:15 PM

Friday 8:00 AM - 2:00 PM

Classrooms are divided by Secondary, Elementary, Special Education, and Early Childhood. We encourage you to walk through ALL of the rooms, regardless of what you teach. You will see examples of classroom management structures, get some great ideas for you classroom, observe lessons and demonstrations, and even get to hear words of wisdom from our own CISD students.

Take pictures to preserve the experience and reference at a later date!

Live demonstrations will be a part of required content sessions.

Helpful Hints for the Showcase

- Download a QR Code Reader on your phone or tablet before you visit the Showcase.
- Write your name on the back of your tickets and drop them in the “Win Me” envelopes of your choice for the chance to win the display/material.
- You may drop them in any envelope you choose!

Prizes will be drawn @ 3:30 PM on Friday!!! You must be present to win.

Please check out the TV monitors across the building to increase your knowledge about ALL that CISD has to offer to grow the whole child.

Choice Session Descriptions

Session Title	Session Description
7 Steps to a Language Rich Interactive Classroom	This training will highlight different strategies that will help teachers develop a classroom where language is focused upon helping emergent bilingual students develop not only oral language but also navigating and utilizing academic language efficiently. All grades are invited to attend.
All About GT & Social Media Dos and Don'ts	This session will provide an overview of gifted services as well as district procedures and employee expectations for balancing professional and personal social media accounts.
Behavior and Its Communication	This sessions provides an overview of behavior, why students demonstrate behaviors, common functions of behaviors and what to expect when attempting to change behaviors. The ABC's (antecedent, behavior, consequence) of behavior are discussed with practice scenarios.
Bloom's, Stems, and Questions, Oh My!	Refresh your knowledge of Bloom's Taxonomy and how to differentiate learning through questioning. Participants will leave this session with a flipbook of questioning stems to use in their classrooms.
Canvas for New Teachers	Canvas is the learning management system (LMS) used in Conroe ISD. Jump start your Canvas course by building a Home Page, learning how to send announcements, create assignments, and adding calendar events. Discover best practices for organizing your Canvas course.
Chromebook Tips and Tricks	CISD has more than 75,000 Chromebooks. All staff and students have a CISD Google Drive account. This session will provide an overview of Chromebooks, including tools such as keyboard shortcuts, screenshots, apps and extensions. We will also discuss collaborating, peer reviews, sharing, and much more using Chromebooks.
Classlink SSO and CISD Digital Resources	This session will provide an interactive overview of how to use Classlink and CISD Digital Resources to support student learning.
Eduphoria Overview	Eduphoria is a suite of online tools to help schools manage assessments, staff development, and evaluations, in addition to helping schools monitor student progress. In this session we will introduce you to the tools within Eduphoria.
Effective Reinforcement	This course reviews what reinforcement is and why we use it. It then goes into twelve tips for effective reinforcement and preference assessments.
Elem Language Arts: Establishing a Workshop Culture	In this session, participants will learn about the physical setup of a workshop classroom and building routines for readers and writers.
Elem Language Arts: Hit the Ground Running with Writing	Learn how to hit the ground running with routines and instructional practices that build your writers' skill sets and stamina.
Elem Language Arts: Phonics and Word Study	In this session, participants will learn about the progression of word study from phonological awareness to phonics and morphology.
Elem Language Arts: Standard-Based Reporting (SBRC) Grades K-1	If you are unfamiliar with standards-based reporting, this session will cover everything from rubrics to evidence gathering techniques.
Elem Language Arts: TEKS and Resources in ELA	Learn how our state standards are best addressed using the recommended literacy resources in CISD.
Elem Language Arts: What Changes as Texts Get Complex?	Learn about the major shifts in text levels from kindergarten through sixth grade and how knowing these shifts can make for more targeted instruction.

Choice Session Descriptions

Session Title	Session Description
Elem Language Arts: Working With Struggling Readers	From small group instruction to conferences and the tools needed for success, this session will provide instructional guidance for working with below benchmark readers.
Elem Social Studies: CISD Explores Grades 3-6	Teachers will engage in instructional strategies they can use in the Social Studies classroom. Teachers will walk away with strategies they can implement the next the day.
Elem Social Studies: CISD Explores Grades K-2	Teachers will engage in instructional strategies they can use in the Social Studies classroom. Teachers will walk away with strategies they can implement the next the day.
Elementary Math: Math Review (Kinder - 2nd Grade)	Math Review / Mental Math is a required piece of the CISD Solves structure. Teachers will learn how to effectively implement Math Review / Mental Math tailored to their classroom data. Math Review gives students the necessary time for daily practice with computational skills they are struggling to master.
Elementary Math: Ongoing Review (1st - 6th Grade)	Problem solving is a daily struggle in math. Come learn how to tackle problem solving with a daily routine that empowers students to take ownership of their learning.
Elementary Math: Standards Based Reporting (Kinder & 1st)	Conroe ISD uses standards-based reporting in Kindergarten and 1st grade. Students do not receive traditional grades for their work. Instead, the teacher uses the descriptions on the proficiency scale to collect evidence based on the students' academic behaviors and products. Come learn how to collect evidence for math using the proficiency scale for your grade level.
Fine Arts & PE: Supporting the 4-Year-Old Learner	Join us to explore ways to set up classroom structures and a welcoming environment in order to have a smooth and successful school year in Art, Music, and PE with your 4-year-old PreK learners.
Getting to Know Discovery Education	Learn how to utilize and integrate all of the features within Discovery Education in your classroom. Participants will learn how to find and save content, create classes, assignments, and assessments during this session.
Implementing and Documenting Accommodations (504 & Sped)	This session will review data collection tools used to monitor and document student accommodations.
Implementing Behavior Intervention Plans	This session reviews the Basics of a BIP and why we use them as well as examples of what different positive behavior supports and proactive strategies may look like in the classroom. It includes a BIP Strategy Guide.
Inclusive Practices - Ways to Include Special Education Students	Reviewing inclusive practices and how to include students more in the general education setting.
Introduction to Dysgraphia	This session will provide information about dysgraphia, how it affects classroom performance, and what to look for in your students.
Introduction to Dyslexia	This session will provide information about dyslexia, how it affects classroom performance, and what to look for in your students.
Leadership and Team Building Activities for All	In this active session, participants will be presented with and be given an opportunity to participate in team building games and character building activities to promote a positive classroom culture. All grade levels are invited to attend.
Outlook, Email, and Calendars	Microsoft Outlook is the Conroe ISD email system. You may know how to use Outlook, but come learn more about how CISD uses this email system and specific standards in our district. Calendars is part of the Outlook system that is used to schedule campus and district meetings as well as reserve meeting rooms.
Prekindergarten: Getting Started for Success!	Collaborate with our District Instructional Early Childhood coaches on how to get your classroom structures and environment in place for a successful start to the school year.

Choice Session Descriptions

Session Title	Session Description
Proactive Behavior Strategies	This course reviews eight proactive strategies you can put in place to help reduce behavioral difficulties (before they occur). These antecedent strategies help set the student(s) up for success.
Proctoring Online Tests in Eduphoria	This session will be an overview of Eduphoria Assessments and online proctoring so that teachers are prepared to administer their tests in Eduphoria.
Seesaw for New Teachers	Seesaw is the Learning Management System used by Pre-Kindergarten through 2nd grade students. Join us as we go over how students create and upload work to Seesaw, how to give feedback to students, and how to connect with families.
Special Education Google Site (How to Find Resources)	Navigating and finding resources on the Special Education Google Site.
Special Education Transition Services	This course reviews best practices for conducting transition planning for youth with disabilities.
Special Education: Accommodations & Modifications in the Classroom	Reviewing how to recommend appropriate accommodations and modifications based on present levels.
Special Education: Data Collection	This course goes over what data collection is; why it is important; who collects data; when do we collect and analyze data; defining behaviors; and methods of data collection. Includes data collection tools and a Data Collection Tools Quick Guide that lists data collection tools, a description of the method, and when you may use each one.
Special Education: District Service Programs - Common Elements and Working as a Team on Behavior	This course reviews the common elements of a successful self-contained classroom or any classroom with multiple staff members (i.e. teachers, paraprofessionals, etc.) working with students exhibiting behavioral difficulties and needs.
Special Education: How to Write a BIP in Frontline/eSped	This course discuss the basics of what a Behavior Intervention Plan (BIP) is, where to find information for the BIP, updating the BIP, and creating a good BIP in ESped/Frontline with examples and screenshots.
Special Education: It's Never Too Early to Begin Transition Planning	This course will provide strategies to begin discussing transition for elementary age students with disabilities.
Special Education: Navigating Frontline/eSped	Gain an understanding of how to maneuver the District Special Education platform for developing IEPs.
Special Education: PLAAFP Development	Writing PLAAFPs using the ELEPHANT model.
Special Education: Resource/ICS Teacher Guidance	Reviewing resources and tools to utilize for instruction.
Special Education: Understanding Levels of Support in General Education	Reviewing the levels of continuum support document to make recommendations on a student's least restrictive environment.
Special Education: Writing Goals and Implementing Data Collection	Writing appropriate goals aligned with present levels and reviewing how to collect data.

Choice Session Descriptions

Session Title	Session Description
Student Centered Learning in Social Studies Grades 7-12	This session will take a closer look at how student-centered learning can be achieved in social studies with collaborative learning, content literacy, and active learning.
Supporting Executive Functioning Skills in Secondary Classrooms	Many secondary students struggle with the "studenting" skills they need to be successful in grades 7-12. What are these executive functioning skills, and how can we strengthen them? The answer may help us improve the critical thinking skills that support literacy.
TELPAS, ELPs, PLDs and more	This training will go over how to tailor instruction for emergent bilingual students when looking at some of the key pieces when planning instruction such as TELPAS, ELPs and PLDs. Teachers will explore all of these components and learn how they tie into each other to make sure they are able to deliver the most powerful instruction and differentiation possible for various levels of language acquisition. All grades are invited to attend.
Thinking Maps Overview	Learn how to use eight visual tools to build a common language for learning and create lifelong learning success for your students. Based on thorough and well-accepted academic study and brain research, the eight Thinking Maps correspond with eight fundamental thinking processes and can be used at all grade levels and in all content areas.

CISD Training for New Nurses

Wednesday, July 26, 2023: All Nurses New to Conroe ISD

7:00 - 8:00 a.m.	Registration and Continental Breakfast
8:00 - 8:30 a.m.	Welcome to CISD - <i>Dr. Curtis Null, Superintendent</i>
8:45 - 11:45 a.m.	School Nursing in CISD: Part I (Room 1216)
11:45 a.m. - 1:15 p.m.	Lunch - <i>Gymnasium</i>
